NOTES TO FINANCIAL STATEMENTS December 31, 2016 and 2015

Note 1 - Plan description

The following description of the MEGTEC Systems, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering substantially all full-time, non-union employees of MEGTEC Systems, Inc. and, MEGTEC Holdings, Inc. (collectively referred to as "Company" or "Employer") who have three months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Contributions

Participants may contribute an amount of their pretax compensation or Roth elective deferrals up to the Internal Revenue Service limit. The Plan includes a provision for automatic pretax elective deferral contributions. The automatic deferral is 6% of compensation. Employees have the right to change their deferral percentage or elect not to make contributions. The Company matched 50% of the first 6% of participant contributions for the year ended December 31, 2016. The Company also made a nonelective contribution to eligible participants.

C. Transfers from qualified plans (rollovers)

At the discretion of the plan administrator, participants may be permitted to deposit distributions received from other qualified plans into the Plan. Such a deposit is referred to as a "rollover". Participants are always 100% vested in their "rollover" account.

D. Participant accounts

Participant accounts are allocated to the various investment options offered by the Plan as directed by the participants.

Each participant's account is credited with the participant's contribution and the Company's matching and nonelective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on account balances or specific transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

E. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching and nonelective contribution portion of their accounts is based on years of continuous service. Participants become 20% vested after completing one year of service and are additionally vested 20% each year of additional service up to five years of service, at which time participants are fully vested. However, upon the participant's death, disability, or attainment of normal retirement age, all amounts are immediately vested.

F. Payment of benefits

Plan benefits are available at retirement, disability, death, and termination of employment with vested interests. Benefits are paid using one of several available distribution methods. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Note 1 - Plan description, continued

G. Forfeited accounts

At December 31, 2016 and 2015, forfeited nonvested accounts totaled \$0 and \$5,705, respectively. Forfeited accounts from Company matching contributions will be allocated as an additional discretionary matching contribution. Forfeited accounts from Company nonelective contributions will be used to reduce future Company nonelective contributions. There were no forfeited accounts used to reduce nonelective contributions for the year ended December 31, 2016. Forfeited nonvested accounts totaling \$5,705 were allocated as additional matching contributions for the year ended December 31, 2016.

H. Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms generally range from one to five years. The loans are secured by the vested balance in the participant's account and bear interest at prime plus 1% at the date originated. Principal and interest is paid ratably through payroll deductions.

Note 2 - Significant accounting policies

A. Accounting method

The Plan's financial statements are prepared on the accrual basis of accounting.

B. Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

C. Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

D. Payment of benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS, CONTINUED
December 31, 2016 and 2015

Note 2 - Significant accounting policies, continued

E. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2015. Delinquent notes receivable from participants are reclassified as benefits paid to participants based on the terms of the Plan document.

F. Subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 10, 2017, the date on which the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3 - Fair value measurements, continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015.

Mutual funds: Valued at the quoted daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 26,932,491</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 26,932,491
Investments measured at net asset value**				<u>2,606,502</u>
Investments at fair value				<u>\$ 29,538,993</u>

**In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>Investment</u>	<u>Net Asset Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Vanguard Retirement Savings Trust Fund	\$ 2,606,502	N/A	Daily	12 Months

Note 4 - Party-in-interest transactions

Substantially all administrative expenses relating to the Plan are paid by the Company.

Note 5 - Tax status

The Company adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement which received a favorable opinion letter dated March 31, 2014, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Note 6 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 7 - Information certified by trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's trustee, Alerus Financial, N.A., has certified that the following data included in the accompanying financial statements is complete and accurate:

- a. The investments, notes receivable from participants, cash held and due to broker as reported in the Statements of Net Assets Available for Benefits.
- b. The investment income and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related amounts included in the financial statements.

Note 8 - Plan merger

The board of directors of the Company elected to merge the Plan into the B & W Thrift Plan effective December 31, 2016. The Company became a participating employer of the B & W Thrift Plan, which is sponsored by an affiliated company, on January 1, 2017.
