Independent Auditor's Report

To the Plan Administrator and Plan Participants of the
Albert A. Webb Associates Profit Sharing and Salary Deferral Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Albert A. Webb Associates Profit Sharing and Salary Deferral Plan which are comprised of the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Description of the Plan

The following description of the Albert A. Webb Associates Profit Sharing and Salary Deferral Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Albert A. Webb Associates ("Company" or "Employer"). Eligible employees must be twenty one years of age or older and have completed one year with 1,000 hours of service to participate. The Plan entry date for eligible employees is immediate upon meeting the eligibility requirements. The Plan includes a deferred compensation arrangement as described in Section 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was restated effective October 13, 2015.

Contributions

Participants become eligible after completion of one year of service and 1,000 hours. The Company's eligible participants may contribute up to 75% of their compensation, subject to the limitations as defined by the IRC, each year on a pre-tax basis by salary reduction.

The Plan also allows eligible participants to contribute rollover contributions from other qualified plans.

The Company may make a discretionary matching contribution and/or an additional discretionary contribution without regard to the Company's current or accumulated profits as determined each year by the Company. To be eligible for the Company discretionary matching contributions, employees must be employed on the last day of the Plan year and must have completed 1,000 hours of service. To be eligible for the Company discretionary contribution, employees must meet the general eligibility requirements of the Plan. The Company did not make any discretionary matching contributions, however, the Company made an additional discretionary contribution for the year ended December 31, 2016.

As part of the Company additional discretionary contribution, the Company contributes a safe harbor qualified non-elective contribution equal to 3% of eligible compensation for non-highly compensated employees. Additional discretionary contributions may be made each Plan year in an amount and allocation group determined by the Company, the additional discretionary contributions are subject to certain limitations.

.

Note 1. Description of the Plan (continued)

Effective January 1, 2016 the Plan adopted an automatic enrollment feature whereby eligible participants are automatically enrolled in the Plan at a 6% deferral rate. Participants can opt out or change their deferral rates at their discretion.

Participants direct the investment of their contributions into various investment options offered by the Plan

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's discretionary contributions and Plan earnings less an allocation of investment and operating expenses charged to the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions and the Company discretionary contributions plus actual earnings thereon.

Unallocated Assets

Unallocated assets are created when the Company makes an excess contribution to the Plan or when uncashed distributions are credited back to the Plan. The unallocated assets attributable to excess contributions may be used to reduce Company contributions or to pay certain administrative expenses. As of December 31, 2016 and 2015, the Plan had approximately $3,500 of the unallocated assets. The unallocated assets attributable to uncashed distribution checks are reserved until the related distribution is reissued.

Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to participant requested services are charged directly to participants' accounts and are included in administrative fees. In addition, certain investment funds charge fees for exceeding short-term trading restrictions. These fees are also charged directly to the participants' accounts and are included in administrative fees. Certain record keeping fees are paid to the service provider through revenue sharing arrangements with the investment funds. These fees are included in the investment related expenses. Investment related expenses are included in net appreciation or (depreciation) of fair value of investments.

Payment of Benefits

Upon termination of service, death, disability, retirement or attaining the age of 59-1/2, a participant may elect to receive either a lump-sum amount equal to the value of the vested interest in his or her account, or substantially equal installments over a certain period, the total of which is equal to the value of his or her account.

Note 1. Description of the Plan (continued)

Upon financial hardship, a participant may receive all or a portion of the vested interest in his or her employee contribution account, subject to certain restrictions.

The Plan allows automatic rollover to an individual retirement account ("IRA"), if the terminated participant's account balance exceeds $1,000 but does not exceed $5,000. Unless the terminated participant elects to rollover the account balance or to receive the distribution directly, the Plan administrator can distribute the entire balance to an IRA designated by the Plan administrator.

Automatic distributions will be given to terminated participants with account balances of $1,000 or less.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements for the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets. Except for unallocated assets (see Note 1), the net assets of the Plan are allocated entirely to individual participants' accounts.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All investments are carried at fair value or an approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is accrued as earned. Dividends are recorded on the ex-dividend date.

Contribution Funding

The Company makes contributions to the Plan for employee contributions in conjunction with each pay date. The Company makes contributions to the Plan for Company contributions, if any, on an annual basis.

Non-distributed benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Note 2. Summary of Significant Accounting Policies (continued)

Recent Accounting Policies

In May 2015, the FASB issued Accounting Standards Update ASU No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU No. 2015-07 removes the requirement to include all investments in the fair value hierarchy for which the fair value is measured at net asset value (NAV) per share using the practical expedient, under Fair Value Measurements and Disclosures (Topic 820). ASU No. 2015-07 is effective for nonpublic business entities for annual reporting periods beginning after December 15, 2016. Management has adopted ASU 2015-07 for the Plan year ended December 31, 2016. There was no material impact on the Plan's financial statements.

Subsequent Events

Subsequent events have been evaluated through October 11, 2017, the date the financial statements were available for issuance.

Note 3. Information Certified by the Trustee

Fidelity Management Trust Company was appointed as the trustee of the Plan effective July 31, 2014. The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

a) Investments

	December 31,	
	2016	**2015**
Mutual funds	$ 24,518,746	$ 21,343,035
Money market fund	$ 865,930	$ 1,424,978
Participant directed brokerage accounts	$ 644,768	$ ---

Note 3. Information Certified by the Trustee (continued)

b) Investment income

	Year Ended December 31, 2016
Net appreciation in fair value of investments	$ 837,442
Interest and dividends	$ 847,390

c) Supplemental Schedule:
Schedule H, Line 4i – Schedule of Assets (Held At End of Year)

Note 4. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015.

Mutual funds and money market fund: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

Participant directed brokerage accounts: Investments included in the self-directed brokerage accounts include the following: 1) Interest bearing cash and cash equivalents include money market funds and other highly liquid short-term investments and are valued at the closing quoted market price reported on the active market on which the public investment securities are traded, and 2) Mutual funds, corporate equities, corporate debt, government and agency obligations, preferred stock, unit investment trusts and other assets which are valued at the closing quoted market price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following are the Plan's financial instruments carried at fair value categorized by the fair value hierarchy as of December 31, 2016 and 2015:

December 31, 2016	Fair Value Measurements Using Input Type			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 24,518,746	$ ---	$ ---	$24,518,746
Money market fund	865,930	---	---	865,930
Participant directed brokerage accounts	644,768	---	---	644,768
	$ 26,029,444	$ ---	$ ---	$26,029,444

December 31, 2015	Fair Value Measurements Using Input Type			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 21,343,035	$ ---	$ ---	$21,343,035
Money market fund	1,424,978	---	---	1,424,978
	$ 22,768,013	$ ---	$ ---	$22,768,013

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 6. Tax Status

The Plan has adopted a volume submitter profit sharing plan which received an advisory letter dated March 31, 2014 from the Internal Revenue Service ("IRS"). The IRS advisory letter provides that an employer adopting the volume submitter plan document may rely on the advisory letter with respect to the qualification of the Plan under Internal Revenue Code Section 401(a). The plan sponsor and Fidelity believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax returns generally remain open for Federal tax audits for three years from the filing date.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 8. Party-In-Interest Transactions

Certain Plan investments are mutual funds and a money market fund managed by Fidelity Investments. Fidelity Investments is affiliated with Fidelity Management Trust Company, the trustee of the Plan.

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to Fidelity Management Trust Company, other investment custodians and investment advisors.

Additionally, as noted in Note 1 certain administrative expenses related to participant initiated transactions and certain recordkeeping fees are paid directly to Fidelity Management Trust Company.

Note 8. Party-In-Interest Transactions (continued)

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

Note 9. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31,	
	2016	**2015**
Net assets available for benefits per the financial statements	$ 27,110,866	$ 23,749,176

Independent Auditor's Report

To the Plan Administrator and Plan Participants of the
Albert A. Webb Associates Profit Sharing and Salary Deferral Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Albert A. Webb Associates Profit Sharing and Salary Deferral Plan which are comprised of the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Description of the Plan

The following description of the Albert A. Webb Associates Profit Sharing and Salary Deferral Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Albert A. Webb Associates ("Company" or "Employer"). Eligible employees must be twenty one years of age or older and have completed one year with 1,000 hours of service to participate. The Plan entry date for eligible employees is immediate upon meeting the eligibility requirements. The Plan includes a deferred compensation arrangement as described in Section 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was restated effective October 13, 2015.

Contributions

Participants become eligible after completion of one year of service and 1,000 hours. The Company's eligible participants may contribute up to 75% of their compensation, subject to the limitations as defined by the IRC, each year on a pre-tax basis by salary reduction.

The Plan also allows eligible participants to contribute rollover contributions from other qualified plans.

The Company may make a discretionary matching contribution and/or an additional discretionary contribution without regard to the Company's current or accumulated profits as determined each year by the Company. To be eligible for the Company discretionary matching contributions, employees must be employed on the last day of the Plan year and must have completed 1,000 hours of service. To be eligible for the Company discretionary contribution, employees must meet the general eligibility requirements of the Plan. The Company did not make any discretionary matching contributions, however, the Company made an additional discretionary contribution for the year ended December 31, 2016.

As part of the Company additional discretionary contribution, the Company contributes a safe harbor qualified non-elective contribution equal to 3% of eligible compensation for non-highly compensated employees. Additional discretionary contributions may be made each Plan year in an amount and allocation group determined by the Company, the additional discretionary contributions are subject to certain limitations.

.

Note 1. Description of the Plan (continued)

Effective January 1, 2016 the Plan adopted an automatic enrollment feature whereby eligible participants are automatically enrolled in the Plan at a 6% deferral rate. Participants can opt out or change their deferral rates at their discretion.

Participants direct the investment of their contributions into various investment options offered by the Plan

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's discretionary contributions and Plan earnings less an allocation of investment and operating expenses charged to the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions and the Company discretionary contributions plus actual earnings thereon.

Unallocated Assets

Unallocated assets are created when the Company makes an excess contribution to the Plan or when uncashed distributions are credited back to the Plan. The unallocated assets attributable to excess contributions may be used to reduce Company contributions or to pay certain administrative expenses. As of December 31, 2016 and 2015, the Plan had approximately $3,500 of the unallocated assets. The unallocated assets attributable to uncashed distribution checks are reserved until the related distribution is reissued.

Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to participant requested services are charged directly to participants' accounts and are included in administrative fees. In addition, certain investment funds charge fees for exceeding short-term trading restrictions. These fees are also charged directly to the participants' accounts and are included in administrative fees. Certain record keeping fees are paid to the service provider through revenue sharing arrangements with the investment funds. These fees are included in the investment related expenses. Investment related expenses are included in net appreciation or (depreciation) of fair value of investments.

Payment of Benefits

Upon termination of service, death, disability, retirement or attaining the age of 59-1/2, a participant may elect to receive either a lump-sum amount equal to the value of the vested interest in his or her account, or substantially equal installments over a certain period, the total of which is equal to the value of his or her account.

Note 1. Description of the Plan (continued)

Upon financial hardship, a participant may receive all or a portion of the vested interest in his or her employee contribution account, subject to certain restrictions.

The Plan allows automatic rollover to an individual retirement account ("IRA"), if the terminated participant's account balance exceeds $1,000 but does not exceed $5,000. Unless the terminated participant elects to rollover the account balance or to receive the distribution directly, the Plan administrator can distribute the entire balance to an IRA designated by the Plan administrator.

Automatic distributions will be given to terminated participants with account balances of $1,000 or less.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements for the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets. Except for unallocated assets (see Note 1), the net assets of the Plan are allocated entirely to individual participants' accounts.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All investments are carried at fair value or an approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is accrued as earned. Dividends are recorded on the ex-dividend date.

Contribution Funding

The Company makes contributions to the Plan for employee contributions in conjunction with each pay date. The Company makes contributions to the Plan for Company contributions, if any, on an annual basis.

Non-distributed benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Note 2. Summary of Significant Accounting Policies (continued)

Recent Accounting Policies

In May 2015, the FASB issued Accounting Standards Update ASU No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU No. 2015-07 removes the requirement to include all investments in the fair value hierarchy for which the fair value is measured at net asset value (NAV) per share using the practical expedient, under Fair Value Measurements and Disclosures (Topic 820). ASU No. 2015-07 is effective for nonpublic business entities for annual reporting periods beginning after December 15, 2016. Management has adopted ASU 2015-07 for the Plan year ended December 31, 2016. There was no material impact on the Plan's financial statements.

Subsequent Events

Subsequent events have been evaluated through October 11, 2017, the date the financial statements were available for issuance.

Note 3. Information Certified by the Trustee

Fidelity Management Trust Company was appointed as the trustee of the Plan effective July 31, 2014. The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

a) Investments

Note 4. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015.

Mutual funds and money market fund: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

Participant directed brokerage accounts: Investments included in the self-directed brokerage accounts include the following: 1) Interest bearing cash and cash equivalents include money market funds and other highly liquid short-term investments and are valued at the closing quoted market price reported on the active market on which the public investment securities are traded, and 2) Mutual funds, corporate equities, corporate debt, government and agency obligations, preferred stock, unit investment trusts and other assets which are valued at the closing quoted market price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following are the Plan's financial instruments carried at fair value categorized by the fair value hierarchy as of December 31, 2016 and 2015:

December 31, 2016	Fair Value Measurements Using Input Type			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 24,518,746	$ ---	$ ---	$24,518,746
Money market fund	865,930	---	---	865,930
Participant directed brokerage accounts	644,768	---	---	644,768
	$ 26,029,444	$ ---	$ ---	$26,029,444

December 31, 2015	Fair Value Measurements Using Input Type			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 21,343,035	$ ---	$ ---	$21,343,035
Money market fund	1,424,978	---	---	1,424,978
	$ 22,768,013	$ ---	$ ---	$22,768,013

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 6. Tax Status

The Plan has adopted a volume submitter profit sharing plan which received an advisory letter dated March 31, 2014 from the Internal Revenue Service ("IRS"). The IRS advisory letter provides that an employer adopting the volume submitter plan document may rely on the advisory letter with respect to the qualification of the Plan under Internal Revenue Code Section 401(a). The plan sponsor and Fidelity believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax returns generally remain open for Federal tax audits for three years from the filing date.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 8. Party-In-Interest Transactions

Certain Plan investments are mutual funds and a money market fund managed by Fidelity Investments. Fidelity Investments is affiliated with Fidelity Management Trust Company, the trustee of the Plan.

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to Fidelity Management Trust Company, other investment custodians and investment advisors.

Additionally, as noted in Note 1 certain administrative expenses related to participant initiated transactions and certain recordkeeping fees are paid directly to Fidelity Management Trust Company.

Note 8. Party-In-Interest Transactions (continued)

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

Note 9. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:
