EAST VALLEY DIAGNOSTIC IMAGING, LLC 401(K)
PROFIT SHARING PLAN & TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the East Valley Diagnostic Imaging, LLC 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan and Trust Agreement (Plan Document) for a more complete description of the Plan's provisions.

General

Effective January 1, 2015, the E division of Southwest Diagnostic Imaging (ESDI) assumed responsibility for all employee compensation, including benefits. Thus, subsequent to this date, the Plan covers all full-time employees of ESDI (the Company), and service eligibility for participants shall include service with the following former employers: East Valley Diagnostic Imaging, LLC., Associated Radiologists, Ltd., Southwest Diagnostic Imaging, Ltd., Valley Radiologists, Ltd., Scottsdale Medical Imaging, Ltd., and Scottsdale Imaging Services, LLC.

Employees become eligible to make salary deferrals and are eligible to receive employer contributions on the first day of each Plan year and on the first day of the seventh month of each Plan year after completing one year of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). East Valley Diagnostic Imaging, LLC functions as the Plan Administrator.

Contributions

Participants may contribute the lesser of 60% of their annual compensation or the maximum contribution limit provided by the Internal Revenue Code, currently $18,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Each year, the Companies may make discretionary matching contributions based on a percentage of the participant contributions. The percentage of such matching contributions, if any, is to be determined annually. Participant contributions in excess of 6% of eligible compensation are not considered for matching contributions. Each year the Companies may also make a discretionary profit sharing contribution, also known as Nonelective Employer Contribution, in an amount, if any, to be determined at year-end. For the year ended December 31, 2016, a discretionary Nonelective Employer Contribution of $726,540 was made to the Plan.

Required "top-heavy" contributions are made by the employer when the total of discretionary matching and nonelective contributions are insufficient to meet Internal Revenue Code top-heavy requirements. The Plan was determined to be top-heavy as of December 31, 2016 because the account balances of participants who are key employees exceeded 60% of the aggregate account balances of all participants under the plan. The Internal Revenue Code provides that the determination date for ascertaining whether a qualified plan is subject to the top-heavy requirements for a particular plan year is the last day of the preceding plan year. Since the Plan was not determined to be top-heavy as of December 31, 2015, the requirements do not apply for the year ended December 31, 2016. Such requirements will apply for the 2017 plan year. Under ERISA regulations, in any year in which a defined contribution plan is top-heavy, the employer contribution, including matching contributions and discretionary nonelective contributions, for each participant who is not a key employee must be at least the lower of 3% of such participant’s compensation or the highest compensation percentage for a key employee. Such contributions will be required to be made during the 2017 plan year due to the top-heavy determination as of December 31, 2016.

NOTE 1 - DESCRIPTION OF THE PLAN, (CONTINUED)

Eligible employees who do not elect a different salary deferral contribution are automatically enrolled in the Plan beginning either on the first day of each Plan year or on the first day of the seventh month of each Plan year after completing one year of eligible service with a salary deferral contribution equal to 4% of compensation. Employees have the option to elect a zero percent salary deferral or to change their salary deferral percentage in accordance with the Plan.

Participant Accounts

Each participant's account consists of the participant's contribution (salary deferral), the Companies' discretionary Nonelective Contributions, the Companies' discretionary matching contribution, if any, required top-heavy contributions, forfeitures of terminated participants' non-vested accounts, and earnings on the invested balances. Allocations of discretionary nonelective contributions and forfeitures to participants' accounts are based on participant compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are 100 percent vested in their salary deferral contributions, rollovers, and earnings thereon. The vesting for the Companies' matching contributions, nonelective contributions, required top heavy contributions, and earnings thereon is based on years of service as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

The Plan is designed to provide benefits at the time of retirement. However, if employment is terminated because of death, disability, or for any other reason, participants may request a distribution of their vested account balance from the Plan Administrator. Furthermore, upon approval of the Plan Administrator, participants may be entitled to take distributions of salary deferral contributions and rollover contributions to satisfy certain immediate and heavy financial needs. Participants can elect to withdraw all, or a portion of their account while still employed, upon attainment of age 59 ½. Finally, benefits are recorded when paid.

Forfeited Accounts

For the years ended December 31, 2016 and 2015, forfeited non-vested accounts totaled approximately $13,200 and $3,500, respectively. These amounts will be used to pay Plan expenses or reduce future employer contributions. During the year ended December 31, 2016, $10,000 of forfeited non-vested accounts were used to reduce employer contributions.

NOTE 1 - DESCRIPTION OF THE PLAN, (CONTINUED)

Loans to Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rates ranging from 4.25% to 4.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Loans must be repaid in level payments on at least a quarterly basis over a five-year period unless it is for the purchase of a principal place of residence. In such cases, the loan may be repaid over a ten-year period.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Subsequent Event

Management has evaluated subsequent events through September 7, 2017, the date the financial statements were available to be issued. No subsequent events occurred that would require disclosure.

Estimates

The preparation of financial statements in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis. Revenues are recognized when earned, and expenditures are recognized when incurred.

Participant loans

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Administrative Costs

The Plan has entered into service contracts with outside consultants and agencies to perform certain administrative services for the Plan. The fees for these services are paid by the Plan Administrator. Fees related to administration of participant loans and Brokeragelink are deducted from the participants' applicable accounts.

Reclassifications

Certain items in the 2015 financial statements have been reclassified for comparative purposes to conform to presentation in the 2016 financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (CONTINUED)

Market Risk

The Plan invests in various investments which, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Furthermore, due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes, could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 3 – CERTIFICATION FROM THE TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Fidelity Management Trust Company (Fidelity), the trustee of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, the statement of changes in net assets available for benefits for the year ended December 31, 2016, and the supplemental schedule of assets (held at the end of the year) as of December 31, 2016.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or 3 inputs were used, since Level 1 inputs were available for all investments with the exception of investments measured at net asset value (NAV), as described below.

NOTE 4 – FAIR VALUE MEASUREMENTS, (CONTINUED)

During 2015, FASB issued Accounting Standards Update No. 2015-07 (ASU 2015-07), which states that indirect investments in fully benefit-responsive investment contracts through investment companies (e.g. Fidelity Managed Income Portfolio) should use Net Asset Value (NAV) as a practical expedient in reporting fair value, as investment companies generally calculate NAV per share for these investments in a manner consistent with fair value measurement principles. These principles define NAV per share as the amount of net assets attributable to each share of capital stock outstanding at the close of a period.

Level 1 Fair Value Measurements

The fair values of mutual funds, money market funds, and common stocks and securities held in Brokeragelink are based on the closing price reported on the active market where the individual securities are traded, when available.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

NOTE 4 – FAIR VALUE MEASUREMENTS, (CONTINUED)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016 and 2015, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Fidelity Mgd Income Portfolio	$ 190,980	$ -	Daily	12 months

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Fidelity Mgd Income Portfolio	$ 372,223	$ -	Daily	12 months

The Fidelity Managed Income Portfolio (the Portfolio) seeks to provide preservation of capital, as well as to provide a competitive level of income over time. The Portfolio invests in a variety of investment contracts and instruments issued by selected high-quality insurance companies and financial institutions. The principal value of these contracts is not expected to experience price fluctuations in most economic or interest rate environments. Examples of securities the Portfolio may purchase include guaranteed investment contracts, debt obligations issued or guaranteed by the U.S. government, debt obligations of domestic and non-U.S. corporations and asset-backed securities. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the Portfolio for an amount different from the reported net asset value. If the Plan initiates a full redemption of the Portfolio, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. A redemption without the required 12 month notification could result in an amount realized which is less than the reported net asset value.

NOTE 5 - INVESTMENTS

Upon enrollment in the Plan, a participant may direct contributions into any of the thirty-six investment fund options maintained by Fidelity Management Trust Company. Participants can individually direct both employee and employer contributions made on their behalf. Additionally, participants may choose to invest in any stock listed on a major U.S. exchange, other mutual funds, bonds and other fixed income investments, and money market funds through the use of Brokeragelink which is maintained by Fidelity Management Trust Company.

Investment earnings, including net appreciation or depreciation of the assets in the Plan, are allocated to participants daily, in proportion to the value of each participant's account as of that date, to the total of all participant accounts.

During 2016, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,069,581.

NOTE 6 – TAX STATUS

The Plan has received an opinion letter from the Internal Revenue Service dated March 31, 2014 stating that the written form of the underlying plan document is qualified under Section 401(a) of the Internal Revenue Code (the Code), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions, however there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan it is no longer subject to income tax examinations for the years prior to the 2013 plan year.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the plan, any party rendering services to the plan, the employer, and certain others. During 2016 administrative fees of $10,728 were paid by the Plan to Fidelity Management Trust Company. The Plan's sponsor paid fees for accounting services.

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions.
