Independent Auditors' Report

To the Sponsor of the
American Bakery Company Inc. 401(k) Profit Sharing Plan

Report on the Financial Statements

We have audited the accompanying financial statements of American Bakery Company 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of American Bakery Company 401(k) Profit Sharing Plan as of December 31, 2016 and 2015, and the changes in net assets available for benefits for the year ended December 31, 2016 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the basic financial statements as a whole. The supplemental schedule appearing on page 14 is presented for the purpose of additional analysis and are not a required part of the basic financial statements but is supplementary information required by the Department of Labor ("DOL")'s Rule and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act ("ERISA") of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation the financial statements taken as a whole.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the American Bakery Company 401(k) Profit Sharing Plan (the "Plan") provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan, as amended, is a defined contribution plan originally established by Oakhurst Industries Inc. dba Freund Baking Company (the "Company" and the "Sponsor") on January 1, 1982. The Plan was formed for the benefit of the Company's employees, under the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments. The Plan covers all employees of the Company.

Plan Administration - The Company and certain members of management are collectively the Plan's trustee ("Trustee") and the Plan's administrator ("Administrator"), and are responsible for monitoring investments and maintaining the individual participant account balances. Charles Schwab and Co., Inc., and TD Ameritrade were the custodians ("Custodians") of the Plan's assets during 2016 and 2015.

Participation - Employees are eligible to make contributions to the Plan provided they were employed on the last day of the Plan year and have completed at least 1,000 hours of service during the twelve month period immediately following their date of hire. Employees may enter the Plan on the first day of the month subsequent to meeting the eligibility requirements.

Participant Contributions - Each participant may elect to contribute a prescribed percentage of his or her compensation to the Plan. For employees who elect to participate, such percentage shall not exceed 75% of compensation, as defined under the Plan, subject to certain Internal Revenue Code ("IRC") limitations. Eligible employees who will reach age 50 or older who have met the annual IRC deferral limit or the specified Plan limits for the deferral period may contribute a catch-up contribution in accordance with provisions of the IRC. Such catch-up contributions are not taken into account for purposes of calculating matching contributions (see below). Participants may also rollover amounts representing distributions from other qualified plans. All contributions to each participant's account are directed by the Sponsor in one or more of the investments offered under the Plan.

Sponsor Contributions - The Plan document permits the Company to make discretionary contributions to participants' accounts on an annual basis, as defined by the Plan. The Company makes a lump-sum contribution per recommendation made by the Third Party Administrator. The Company contributed $300,000 to the Plan for the year ended December 31, 2015, and $400,000 for the year ended December 31, 2016.

NOTE 1 - DESCRIPTION OF PLAN, continued

Participants' Accounts - Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer contributions, as well as each participant's share of the Plan's income and any related administrative expenses. Allocations of the Plan income and expenses are based on the proportion that each participant's account balance has to the total of all participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are fully vested in their contributions and earnings thereon. Vesting in employer matching, qualified non-elective, and discretionary non-elective contributions is based on years of continuous service. Participants vest in accordance with the following schedule:

Years of Service	Vested Percentage
0 - 1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and the IRC. In the event of Plan termination, participants become 100% vested in their account balances.

Payment of Benefits - Upon termination of service including death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. These payments may be paid in a lump sum payment or paid in installments over time. Participants who are 100% vested and 59 ½ years of age may take an in-service withdrawal of all or a portion of the value of their vested accounts once each Plan year.

Hardship Withdrawals - A withdrawal from a participants' account may be permitted if the participant has a financial hardship for certain specific reasons as defined in the Plan document, subject to limitations in the IRC. There were no hardship withdrawals in 2016.

NOTE 1 - DESCRIPTION OF PLAN, continued

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and must be repaid at a fixed interest rate, determined by the Sponsor to commensurate with prevailing rates for similar notes.

Forfeited Amounts - Forfeited amounts from terminating participant's non-vested accounts are used to reduce employer contributions or pay for Plan expenses. There were no significant forfeitures for the years ended December 31, 2016 and 2015. The total available forfeiture balance as of December 31, 2016 and 2015 was $11,277 and $9,602, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, consistent with reporting in the Form 5500.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash and Cash Equivalents - The Plan considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Cash and cash equivalents include money market funds.

The Plan maintains cash and cash equivalents with what management believes are high-credit quality financial institutions. At times, the Plan's balances in these financial institutions may exceed federally insured limits. The Plan has not experienced any losses in these accounts, and management believes the Plan is not exposed to any significant credit risk with respect to cash and cash equivalents.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Valuation of Investments - Investments are stated at fair value. The Plan defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan provides for investment in various combinations of interest-bearing cash accounts, registered investment company shares, and common stocks, with different investment strategies. These investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Fair value measurements - The Plan defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan measures fair value under a framework that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement).

When the Plan changes its valuation inputs for measuring financial assets and liabilities at fair value, either due to changes in current market conditions or other factors, it may need to transfer those assets or liabilities to another level in the hierarchy based on the new inputs used. The Plan recognizes these transfers at the end of the reporting period that the transfers occur. For the years ended December 31, 2016 and 2015, there were no significant transfers of financial assets or liabilities between the hierarchy levels.

Prior to January 1, 2016 accounting standards required all investments' classifications detailed and required disclosures of assets that represent five percent or more of total net assets. As of January 1, 2016, investment classifications have been condensed and five percent or more of total net assets is no longer required to be disclosed. The current financial statements have been prepared to conform to present accounting standards.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document, with an interest earning rate of 3%. Interest on outstanding note receivable balances is charged at rates consistent with prevailing market rates. Generally, notes must be repaid within 5 years unless the note is for the purchase of a principal residence.

Participant Distributions - Benefits paid to participants are recorded when paid. There were no participant distribution requests outstanding at December 31, 2016 and 2015.

Corrective Distributions - Overpayments contributed by participants are repaid to the participants. There were no corrective distributions outstanding at December 31, 2016 and 2015.

Administrative Expenses - Non-investment costs and certain administrative expenses of the Plan are paid by the Sponsor, which is a party-in-interest. These expenses are not reflected in the accompanying financial statements and constitute exempt transactions under ERISA. Investment service fees are paid by the Plan and are netted against the related investment income. Certain administrative expenses are paid by the Plan. Administrative expenses paid for by the Plan during 2016 totaled $63,701.

Income Taxes - Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is not subject to income tax examination for years prior to 2013.

Subsequent Events - Subsequent events have been evaluated by the Sponsor through October 10, 2017, which is the date these financial statements were issued, and no subsequent events have arisen, other than those described herein that would require disclosure in these financial statements.

NOTE 3 - INVESTMENTS AND FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Interest Bearing Cash - The carrying value approximates fair value and is classified as a Level 1 financial instrument.

Registered Investment Companies - The shares in registered investment companies consist of mutual funds and exchange traded funds. They are valued at quoted market prices in an exchange and active market, which represents the net asset values of shares held by the Plan at year end and are classified as Level 1 investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All of the Plan's investments are non-participant directed are measured at fair value on a recurring basis, and are classified as level 1 within the fair value hierarchy. Asset categories are disaggregated as follows at December 31:

	2016	2015
Interest-bearing cash	$ 227,133	$ 225,546
Mutual funds	3,384,234	2,943,438
Exchange traded funds	3,020,968	2,672,809
	$ 6,632,335	$ 5,841,793

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $528,351 during the year ended December 31, 2016.

NOTE 4 - TAX STATUS AND PARTY-IN-INTEREST TRANSACTIONS

Tax status - The Plan obtained its latest determination letter on August 24, 2004, in which the Internal Revenue Service (the "IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended and restated since receiving the determination letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

Custodians - The Plan invests in investments managed by the Custodians. Custodian transactions qualify as party-in-interest transactions for which a statutory exemption exists. For the year ended December 31, 2016, all expenses of maintaining the Plan were paid for by the Sponsor, a party-in-interest.

As of December 31, 2016, the Plan has no outstanding party-in-interest loan transactions.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan provides for investments in any combinations of registered investment companies and interest-bearing cash accounts, with different investment strategies. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to the changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
