Note 1 – Plan Description

The following description of the Berry Plastics (Company) Employees 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and Transfer of Assets

The Plan is a defined contribution plan covering substantially all full-time employees of the Company, with the exception of employees of foreign corporations, union employees, and leased employees, who have completed one year of service, 1,000 hours, and attained 18 years of age. The Plan is subject to the provisions of ERISA. The 401(k) Retirement Plans Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors.

During 2016 and 2015, the assets of several individual participants were transferred into the Plan from the Berry Plastics Bargaining Unit 401(k) Plan due to a change in employment status. Effective January 1, 2016, the assets and liabilities of the Providencia USA 401(k) Plan and the Providencia USA 401(k) For Production Personnel Plan were merged with the Plan. Effective December 31, 2016, the Polymer Group, Inc. Retirement Savings Plan, the Chicopee, Inc. Money Purchase Pension Plan, the FabPro Oriented Polymers, Inc. Retirement Savings Plan, the FabPro Oriented Polymers, Inc. Money Purchase Pension Plan for Salaried Employees, the FabPro Oriented Polymers, Inc. Money Purchase Pension Plan for Hourly Employees, and the FiberTech Group, Inc. Money Purchase Pension Plan, were merged with the Plan, with assets and liabilities transferred to the Plan in January 2017.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Company makes matching contributions equal to a percentage of the participant's elective deferrals. The Company matching contribution was equal to the following:

- 100 percent of salary deferrals, which do not exceed $300, plus ten percent of the salary deferrals that exceed $300.
- An additional matching amount equal to $200 if the employee contributed at least $1.
- An additional matching amount equal to $150 if the employee contributed at least $1,000 in the last Plan year.

Note 1 – Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and Company matching contributions, as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, employer matching contributions, and actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined monthly, is set at one percent above the prime rate, as defined. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount, equal installments and partial withdrawals equal up to the value of the participant's vested interest in his or her account or partial payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may request a hardship withdrawal of a portion of their account balance attributable to participant deferrals. Any hardship withdrawal is limited to the amount needed to meet the financial need.

Forfeited Accounts

Participants are immediately 100 percent vested. However, at December 31, 2016 and 2015, forfeited nonvested accounts totaled $15,846 and $0, respectively. Forfeited balances are the result of previously acquired plans. These accounts are used to reduce employer contributions and pay administrative Plan expenses. In 2016, no forfeited nonvested accounts were used to reduce employer contributions or used to pay administrative expenses.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis of accounting. This differs from accounting principles generally accepted in the United States of America in that contributions, interest and dividend income, and other receipts are recognized when received rather than when due, and expenses are recognized when paid rather than when incurred.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Retirement Plans Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Note 2 – Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to Plan administration and investment management, as well as, to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2017, the date the financial statements were available to be issued.

Note 3 – Summary of Financial Data Certified by the Custodian

The following is a summary of the Plan's financial information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and the supplemental schedule, that was prepared by or derived from information provided by the Custodian and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Custodian that the following assets are complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and the supplemental schedule related to the following assets.

Net Assets Available for Benefits Held by Custodian	2016	2015
Investments at fair value	$ 562,811,839	$ 535,507,159
Notes receivable from participants	17,234,244	17,410,039
	$ 580,046,083	$ 552,917,198

Statement of Changes in Net Assets Available for Benefits	
Investment income	
Net appreciation in fair value of investments	$ 34,868,696
Interest income and dividends	651,206
	35,519,902
Interest income on notes receivable from participants	721,415
	$ 36,241,317

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at net asset value (NAV). There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled separate accounts: Primarily valued at NAV per share based on quoted market prices of underlying investments. The NAV is used as a practical expedient to estimate fair value.

Collective trust fund: Valued at the NAV of units of a common collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner.

Note 4 – Fair Value Measurements (Continued)

In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. At December 31, 2016 and 2015, the investments measured at NAV totaled $562,811,839 and $535,507,159, respectively. There were no other investments measured at NAV.

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2016 and 2015, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	2016 Fair Value	2016 Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts (a)	$ 525,640,190	$ 0	Daily	None
Collective trust fund	37,171,649	0	Daily	None
	$ 562,811,839	$ 0		

Investment	2015 Fair Value	2015 Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts (a)	$ 500,362,420	$ 0	Daily	None
Collective trust fund	35,144,739	0	Daily	None
	$ 535,507,159	$ 0		

(a) Investments in this category can be redeemed immediately at the current NAV per share based on the fair value of the underlying assets. The fair value of investments in this category has been estimated using the NAV per share of the investments.

Note 5 – Related Party Transactions and Party-in-Interest Transactions

The Plan's investments consist of shares of pooled separate accounts managed by Minnesota Life Insurance Company. Minnesota Life Insurance Company is the Custodian for the Plan and; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan made a direct payment to the Custodian of $13,530, which was not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 – Tax Status

The Plan has adopted a volume submitter plan document sponsored by Minnesota Life Insurance Company. The Plan received an opinion letter from the IRS as to the Plan's qualified status; however, such letter cannot be relied upon by the adopting Plan. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and; therefore, believe that the Plan is qualified and the related trust is tax-exempt.

The Plan management evaluates tax positions taken by the Plan and would recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits – modified cash basis.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016 and 2015 to Form 5500:

	2016	2015
Net assets available for benefits per the financial statements	$ 580,046,083	$ 552,917,198
Differences in:		
Investments at fair value	17,234,244	17,410,039
Receivables - notes receivable from participants	(17,234,244)	(17,410,039)
Net assets available for benefits per Form 5500	$ 580,046,083	$ 552,917,198

Note 10 – Plan Amendment

Effective January 1, 2016, the Plan's eligibility requirements were amended to exclude non-union employees residing in Puerto Rico.

Effective January 1, 2016, eligible participants of Providencia USA acquisition were merged in to the Plan.

Note 11 – Subsequent Events

Effective January 1, 2017, the Plan's eligibility requirements were amended to exclude interns and change the service requirement from one year of service and 1,000 hours to three months of service and 250 hours. Additionally, the Plan was amended to include a provision for Roth 401(k) deferrals.

Effective January 1, 2017, the Plan's name was changed to Berry Global Employees 401(k) Retirement Plan.

On January 4, 2017, assets totaling approximately $122,000,000 were transferred into the Plan from the Polymer Group, Inc. Retirement Savings Plan, the Chicopee, Inc. Money Purchase Pension Plan, the FabPro Oriented Polymers, Inc. Retirement Savings Plan, the FabPro Oriented Polymers, Inc. Money Purchase Pension Plan for Salaried Employees, the FabPro Oriented Polymers, Inc. Money Purchase Pension Plan for Hourly Employees, and the FiberTech Group, Inc. Money Purchase Pension Plan, all of which merged with Plan effective December 31, 2016.

Effective July 1, 2017, Berry Specialty Tapes, LLC was named as a participating employer in the Plan.
