NOTE 1. DESCRIPTION OF PLAN

The following description of the Webster Dental Care Group ("Company") 401k Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who complete 1,000 hours of service in a six month period, except for union employees, leased employees, non-resident aliens and independent contractors. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Management of the Company oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan document. Participants have the option of contributing a percentage of their taxable compensation as a Roth contribution. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company will make safe harbor matching contributions on behalf of all active and terminated participants who made a pretax compensation or Roth contribution to the Plan during the year in an amount equal to the sum of (i) 100% of elective deferrals limited to 3% of eligible compensation, plus (ii) 50% of elective deferrals that exceed 3% of eligible compensation but are not in excess of 5% of eligible compensation. The Company may make discretionary additional matching contributions on behalf of all eligible participants equal to a percentage of salary deferrals. The Company may also make discretionary profit sharing contributions on behalf of participants who are employed on the last day of the Plan year and who complete more than 1,000 hours of service during the Plan year. For the year ended December 31, 2016, the Company made safe harbor matching contributions totaling $204,170, and no additional matching or profit sharing contributions.

The Plan currently offers various pooled separate accounts as investment options for participants. The investment of participant and Company contributions into these investment options is determined by each participant. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions as well as the Company's contribution under safe harbor provisions plus actual earnings thereon. Vesting in the Company's additional matching contribution and profit sharing portions of their account is based on years of continuous service. A participant is 100% vested after six years of credited service.

As is more completely described in the Plan document, a participant also becomes 100% vested in the Company's additional matching contribution and profit sharing portions of their account through attaining their normal retirement date, permanent disability or death.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at fixed rates that are commensurate with local prevailing rates in effect at the time the loan is made. Principal and interest are paid ratably through automatic payroll deduction.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments in accordance with the Plan document. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

The Plan provides for hardship withdrawals from a participant's contribution account. The IRS safe harbor definition of a hardship will apply.

The Plan also provides for in-service withdrawals from participant's accounts in which the participant is 100% vested, excluding the safe harbor matching portion. The participant must have attained the age of 59 1/2.

Forfeited Accounts

Forfeited nonvested accounts may be used first to pay administrative expenses of the Plan and then to reduce future Company contributions to the Plan. At December 31, 2016 and 2015, there were no forfeited nonvested accounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

The Plan has evaluated subsequent events through September 28, 2017, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

New Accounting Pronouncements

In May, 2015, the Financial Accounting Standards Board ("FASB") issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. The ASU exempts investments measured using the net asset value ("NAV") practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance is effective for fiscal years beginning after December 15, 2016 with early adoption permitted. Management has elected to early adopt the new standard. Accordingly, the standard was retrospectively applied resulting in certain investments that are measured at NAV not being categorized in the fair value hierarchy. The prior period financial statements have been adjusted to retroactively reflect this change as of December 31, 2015.

In July, 2015, the FASB Board issued ASU 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962)*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively.

Management has adopted Part II - *Plan Investment Disclosures*. Accordingly, the standard was retrospectively applied resulting in the disaggregation of investments only by general type, as well as the removal of certain investment disclosures that are no longer required. Prior period disclosures have been adjusted to retroactively reflect these changes as of December 31, 2015. Parts I and III are not applicable to this Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Company determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016 and 2015, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions

Amounts payable to participants totaling $512 for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to participants' contributions for 2016. The Plan has not distributed the 2016 excess contributions to the applicable participants as of September 28, 2017. There were no excess contributions payable at December 31, 2015.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Administrative expenses may also be paid with funds from forfeited nonvested accounts.

NOTE 3. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Assets measured at fair value for the Plan are as follows:

Pooled separate accounts

The value of the units of pooled separate accounts is based on the daily NAVs which represent the cumulative market values of the pooled separate accounts' underlying investments. Each pooled separate account provides for redemption by the Plan at reported NAVs per share with no advance notice requirement. The redemption frequency is daily. There were no unfunded commitments on these investments.

The Plan's investments in pooled separate accounts at December 31, 2016 and 2015 totaled $3,266,127 and $2,486,735, respectively. Pooled separate accounts are measured at NAV as a practical expedient and, therefore, are exempt from categorization within the fair value hierarchy.

Gains and losses (realized and unrealized) included in the statement of changes in net assets available for benefits for the year ended December 31, 2016 are reported in net appreciation in fair value of investments.

Schedule H, Line 4i - Schedule of Assets (Held at End of Year):
    Investments at fair value

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in units of pooled separate accounts offered by John Hancock Life Insurance Company (U.S.A.) ("John Hancock USA"). As John Hancock USA also provides investment advisory and recordkeeping services to the Plan, these investments qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Transactions in the Plan's notes receivable from participants qualify as party-in-interest transactions which are also exempt from prohibited transaction rules.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the additional matching contribution and profit sharing portions of their accounts.

NOTE 7. TAX STATUS

The Plan as adopted is a volume submitter profit sharing plan sponsored by CCH Incorporated. The sponsoring organization has received a determination letter, dated March 31, 2014, covering the volume submitter plan. A separate determination providing that the Webster Dental Care Group 401k Plan, as adopted, is designed in accordance with applicable sections of the Internal Revenue Code has not been sought from the Internal Revenue Service.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
