Notes to Financial Statements

1. Plan Description

The following description of Agility Recovery Solutions, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established on January 1, 2003, covering all employees who have attained the age of eighteen and completed six consecutive months of employment service from the eligible commencement date. Each employee becomes eligible to participate in the Plan on January 1, April 1, July 1, or October 1 after the employee has met the eligibility requirements. The Plan is subject to the provisions of the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

The Plan allows participants to contribute any amount of their eligible compensation, as defined by the Plan, on a tax-deferred basis subject to Internal Revenue Service regulation limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes a discretionary company matching contribution equal to 50% of the first 5% of participant contributions for the year ended December 31, 2016. In addition, the employer established a safe harbor contribution equal to 3% of employee compensation for the plan year. For the plan year ended December 31, 2016, discretionary company matching contributions and the safe harbor contributions totaled $130,155 and $191,702, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer matching contributions, an allocation of any discretionary contribution, allocations of plan earnings, and charged with benefit payments and transaction fees related to distributions, allocations of plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their voluntary contributions and employer contributions, plus actual earnings thereon.

Investment Options

Participants may direct their investments into any of the various investment options offered by the Plan. Participants have daily access to their investment balances. Changes may be self-directed by the participants through internet or telephone transfers.

Notes Receivable from Participants

Participants may borrow from the Plan up to 50% of their vested account balance, but not less than $1,000 or more than $50,000. Generally, loan terms may not exceed five years unless such funds are used to purchase a primary residence, in which case the term may not exceed 30 years. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate as published in the Wall Street Journal as of the first day of the calendar quarter immediately preceding the date of the loan plus 2%. Loans outstanding at December 31, 2016, carry interest rates between 5.25 and 5.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or designated beneficiary may elect to receive a lump sum distribution or installments equal to the value of the participant's vested interest in his or her account balance at the date of distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or in installments. A participant may also receive a distribution in the event of financial hardship as defined by the Plan.

2. Significant Accounting Policies

Accounting Records

The accounting records of the Plan are maintained by E Plan Services (the "Record Keeper"), which serves as the record keeper of the Plan. Annual statements of account regarding investments are furnished to the Plan by Matrix Trust Company (the "Trustee") for the years ended December 31, 2016 and 2015.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates and assumptions.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of its investments includes the Plan's net losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Contributions

Contributions from plan participants and matching contributions from the plan sponsor are recorded in the year in which the participants' contributions are withheld from amounts paid. All participant and employer contributions are participant-directed.

Administrative Expenses

As provided by the plan agreement, certain administrative expenses of the Plan are paid out of plan assets while the remainder is paid by the plan sponsor.

Payment of Benefits

Benefits payments to participants are recorded upon distribution.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2017, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value as defined under U.S. GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

- **Level 1:** Observable inputs such as quoted prices in active markets.
- **Level 2:** Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- **Level 3:** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There were no changes in fair value methodologies used at December 31, 2016 and 2015. The following is a description of the valuation methodologies used for assets held by the Plan measured at fair value.

Mutual Funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Money Market Fund

These investments are public investment vehicles valued using $1 for the net asset value ("NAV").

Stable Value Fund

The Plan invests in a stable value collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the NAV provided by the Trustee as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. The stable value collective trust fund is not required to be classified within a level on the fair value hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Fair Value as of December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	**$ 4,016,349**	**$ --**	**$ --**	**$ 4,016,349**
Money Market Fund	**73,026**	**--**	**--**	**73,026**
Total assets	**$ 4,089,375**	**$ --**	**$ --**	**4,089,375**
Investments measured at NAV (a)				**79,636**
Investments at fair value				**$ 4,169,011**

	Fair Value as of December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 5,609,218	$ --	$ --	$ 5,609,218
Money Market Fund	126,356	--	--	126,356
Total assets	$ 5,735,574	$ --	$ --	5,735,574
Investments measured at NAV (a)				63,911
Investments at fair value				$ 5,799,485

(a) In accordance with Topic 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2016 and 2015. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2016	**Fair Value at December 31, 2015**	**Unfunded Commitments**	**Other Redemption Restrictions**	**Redemption Notice Period**
MetLife Stable Value Fund	**$ 79,636**	$ 63,911	None	Daily	12 months

The Plan recognizes transfers between the levels as of the beginning of the reporting period. There were no transfers between the levels for the year ended December 31, 2016.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Unaudited Investment Information Certified By Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2016 and 2015, and for the year ended December 31, 2016 that was obtained from data prepared and certified to be complete and accurate by the Trustee:

	2016	2015
Investments	**$ 4,169,011**	$ 5,799,485
Notes receivable from participants	**$ 175,289**	$ 271,525
Net appreciation in fair value of investments	**$ 267,811**	
Interest, dividend and other income	**$ 218,503**	
Interest income on notes receivable from participants	**$ 8,929**	

The certification mentioned above includes all investment information discussed in Note 3.

5. Exempt Party-In-Interest Transactions

Certain plan investments are shares of mutual funds managed by Matrix Trust Company. Matrix Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Contract administrator fees paid by the Plan to the Trustee amounted to $500 for the year ended December 31, 2016.

The accounting records of the Plan are maintained by the Record Keeper and therefore, the Record Keeper qualifies as a party-in-interest entity. Record Keeper fees paid by the Plan amounted to $11,512 for the year ended December 31, 2016.

6. Income Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan is relying on the IRS approval of the standardized prototype plan that it is utilizing. The IRS has determined and informed the Trustee by a letter dated March 31, 2014, that the prototype plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the amounts credited to the accounts of the participants will become fully vested in their accounts and will be distributed to the participants or their beneficiaries under the terms of the plan agreement.

8. Risk And Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
