Alliance Life Sciences Consulting Group, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Alliance Life Sciences Consulting Group, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees who are not subject to a collective bargaining agreement of Alliance Consulting Holdings, Inc. and its affiliated companies, Alliance Life Sciences Consulting Group, Inc., Adjility Consulting LLC, and Alliance Global Services LLC (collectively, the Company or Plan Sponsor). Employees are generally eligible to participate in the Plan upon the first day of the month following their date of hire. The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Sponsor's Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendment: The Plan was amended and effective on November 21, 2016 to change the name of the Plan from Alliance Life Sciences 401(k) to Alliance Life Sciences Consulting Group, Inc. 401(k) Plan. The amendment also removed Adjility Consulting LLC and Alliance Global Services LLC as adopting employers.

Contributions: Participants are permitted to make pretax contributions and/or after tax (Roth) contributions in an amount up to 75% of their annual eligible compensation (salary deferrals), as defined in the Plan agreement, subject to Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Company may make a discretionary matching contribution determined at year-end by management. In addition, discretionary nonelective contributions are permitted on behalf of participants who are employed on the last day of the Plan year; however, the year of service and the last day rule shall not apply in the case of retirement, disability, or death. The Company did not make discretionary matching or nonelective contributions for 2016. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Auto-enrollment: The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Auto increase: The Plan also includes an auto-escalation provision whereby participants are subject to an annual automatic deferral rate increase of 1% until their deferral rate reaches 12% of eligible compensation. Participants may elect to discontinue their participation in the automatic deferral rate increase at any time.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Company's discretionary matching or nonelective contributions, if any, and Plan earnings/losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Vesting: Participants are immediately vested in their salary deferral and rollover contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based on years of service, as follows:

<u>Years of Service*</u>	<u>Vested</u>
At least 1 years, but less than 2	20%
At least 2 years, but less than 3	40%
At least 3 years, but less than 4	60%
At least 4 years, but less than 5	80%
5 years or more	100%

* Participants are credited one year of service for each service period (one-year period ending on December 31) in which they have 1,000 or more hours of service.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions into various investment options offered by the Plan and may change their investment options daily, subject to the terms of the funding vehicles. Plan investment earnings (losses) are allocated to participants' accounts on a daily basis according to the type of funding vehicle in which balances are invested.

Forfeitures: At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$7,773 and \$25,576, respectively. Forfeitures may be used to pay administrative expenses or reduce employer contributions. If any forfeitures still remain, such forfeitures will be reallocated. During 2016, forfeitures of \$25,576 were reallocated to participant accounts. The amount of non-vested forfeited amounts shall be restored to a terminating participant's account upon resuming employment with the Company, as defined by the Plan. During 2016, no forfeitures were used to pay administrative expenses or to reduce employer contributions.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or over a reasonable period of time for the purchase of a primary residence, as established by the Plan Administrator at the time of the loan. Loans are secured by the vested balance in the participant's account and bear interest at the prime rate plus 2% at the time of the loan origination. As of December 31, 2016, interest rates on participant loans outstanding range from 5.25% to 5.75%, and mature through 2021. Principal and interest are paid ratably through payroll deductions. Upon termination of employment, the outstanding principal and interest balance is payable within 60 days.

Benefits paid to participants: Participants withdrawing from the Plan may receive their balance by (1) a transfer to another qualified plan, (2) a transfer to an individual retirement account or (3) a lump-sum distribution. In addition, participants may elect in-service withdrawals from their elective deferral account balances after reaching age 59-1/2. Participants are also permitted to make hardship withdrawals from their elective deferral account balances in certain cases of financial need. Participants' deferral contributions must be suspended for a period of six months following hardship withdrawal. Rollover account balances may be withdrawn at any time. Minimum required distributions for participants who (1) have reached age 70-1/2 and are no longer employed by the Company, or (2) have reached age 70-1/2, are active employees and are a 5% or greater owner of the Company apply per IRS regulations.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions based on the terms of the Plan agreement.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Contributions: Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from amounts paid. Discretionary matching contributions and discretionary nonelective contributions from the Plan Sponsor, if any, are recognized upon authorization as the underlying compensation is recognized. All participant and employer contributions are participant-directed. Participant contributions in excess of amounts allowed by regulation are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable from participants that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2016) through October 12, 2017, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31,	
	2016	2015
Investments at fair value:		
Registered investment companies	\$ 10,463,420	\$ 12,226,571
Common collective trust	737,117	971,274
	<u>\$ 11,200,537</u>	<u>\$ 13,197,845</u>
Notes receivable from participants	<u>\$ 46,605</u>	<u>\$ 46,209</u>

Principal Trust Company also certified to the completeness and accuracy of \$710,386 of net appreciation in fair value of investments, \$2,043 of interest income on notes receivable from participants, and \$113,123 of dividends related to notes to the aforementioned Plan assets for the year ended December 31, 2016.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Alliance Life Sciences Consulting Group, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the best level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015.

Description	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 10,463,420	\$ -	\$ -	\$ 10,463,420
Investments measured at NAV (a)				737,117
				<u>\$ 11,200,537</u>

Description	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 12,226,571	\$ -	\$ -	\$ 12,226,571
Investments measured at NAV (a)				971,274
				<u>\$ 13,197,845</u>

- (a) In accordance with the Financial Accounting Standards Board Subtopic 820-10 as amended by Accounting Standards Update 2015-07, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Alliance Life Sciences Consulting Group, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2016 and 2015.

Investment	Fair Value Estimated Using NAV Per Share		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	December 31, 2016	2015			
Common collective trust:					
Principal Stable Value Fund	\$ 737,117	\$ 971,274	None	Daily	None

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

Note 6. Income Tax Status

Effective July 13, 2012, the Plan adopted a non-standardized form of a prototype plan sponsored by Principal Financial Group. The prototype plan has received an opinion letter from the IRS dated March 31, 2014 as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that, more likely than not, would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related Party and Party-in-Interest Transactions

Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company is the trustee of the Plan; therefore, transactions with the trustee qualify as party-in-interest transactions. Certain Plan investments are invested in funds managed by Principal Financial Group, an affiliate of the Plan's trustee. Fees paid by the Plan to the trustee totaled \$9,735 for the year ended December 31, 2016. In addition, the Plan permits notes receivable from participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.
