COKEVA INC.
401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

NOTE 1: DESCRIPTION OF PLAN

The following description of the Cokeva Inc. (Plan Sponsor) 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 1997 to provide benefits for employees of the Plan Sponsor and the employees' beneficiaries. The Plan is a defined contribution plan covering all employees who have attained the age of eighteen (18) years. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Principal Trust Company, a member of the Principal Financial Group acts as the trustee of the Plan.

Plan Year

The plan year begins January 1 and ends December 31.

Contributions

The Plan allows for the following types of contributions:

- **Employee Salary Deferral 401(k) Contributions**
The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees may voluntarily contribute a percentage of their regular wages subject to various nondiscrimination tests and limitations prescribed by the Code.
- **Employee Roth Elective Deferral Contributions**
Participants may make after-tax Roth elective deferral contributions.
- **Employer Qualified Nonelective Contributions**
The Plan Sponsor may make qualified nonelective contributions to the Plan equal to a discretionary amount as determined by the Plan Sponsor. Qualified nonelective contributions are allocated to participants based on eligible compensation. The Plan Sponsor elected not to make qualified nonelective contributions to the Plan in 2016 or 2015.
- **Employer Discretionary Contributions**
The Plan Sponsor may make discretionary contributions to the Plan. Discretionary contributions are allocated to participants based on eligible compensation. The Plan Sponsor elected not to make a discretionary contribution for the years ended December 31, 2016 and 2015.
- **Employee Rollover Contributions from Another Qualified Plan**
Participants may make rollover contributions from another qualified plan.

Participant Accounts and Allocations

The Plan provides various investment fund options and allows participants to direct their investments. Investment earnings and losses are allocated to participants' accounts based on the actual earnings or losses of the investments selected.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Vesting

Participants are always 100% vested in their salary deferral and employer qualified nonelective contributions.

Discretionary employer contributions vest over a five-year period as follows:

1 year credited service	0%
2 years credited service	25%
3 years credited service	50%
4 years credited service	75%
5 years credited service	100%

Forfeitures

Forfeitures from employer contributions may be used to reduce the amount of future discretionary employer contributions. The forfeiture balance was \$107 and \$0 at December 31, 2016 and 2015, respectively. During the years ended December 31, 2016 and 2015, there were no forfeitures used to reduce employer discretionary contributions.

Retirement

Normal retirement under the Plan is the latter of the date the participant attains age sixty-five (65) or the fifth anniversary of the first day of the Plan year in which the participant commenced participation in the Plan.

Payment of Benefits

Payment of benefits may be made at the following times under the Plan: 1) normal retirement; 2) termination of employment of the participant; 3) death or permanent disability of the participant; or 4) in-service withdrawals after the age of 59 ½. The form of benefit payments may be in a single lump sum or in periodic installments over time.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 4.50%.

Administrative Expenses

Administrative costs of the Plan are shared by the Plan and the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting in accordance with Accounting Principles Generally Accepted in the United States (U.S. GAAP).

Investment Valuation and Income Recognition

Investments in mutual funds and pooled separate accounts are stated at fair market value using quoted market prices when available. The investment in the guaranteed investment account is valued at contract value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Increases in the unit values of investments are reflected in each participant's self-directed account. Investments are valued daily.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

The Plan adopted a non-standardized prototype plan which received an opinion letter on March 31, 2014 from the Internal Revenue Service as to the prototype plan's tax exempt status. The Plan has not applied for its own determination letter.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2016 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however there are currently no audits for any tax periods in progress.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Recent Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-12, Plan Accounting Defined Contribution Pension Plans (Topic 962) I. Fully Benefit-Responsive Investment Contract, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient. The ASU designates contract value as the only measure for Fully Benefit Responsive Investment Contracts and removes the requirements to: disclose individual investments held which exceed 5% of net assets available for benefits, disclose net appreciation in fair value by investment type, and disaggregate investments reported in the fair value hierarchy by class of investment rather than by general type of investment.

The Plan has adopted ASU 2015-12 for the Plan year ending December 31, 2015.

NOTE 3: INFORMATION CERTIFIED BY THE TRUSTEE

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Pooled separate accounts invest in mutual funds. The majority of the underlying assets have Level 1 quoted pricing inputs and observable Level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets.

The following table sets forth by level within the fair value hierarchy, the Plan's financial assets that were accounted for at fair value on a recurring basis at December 31, 2016.

<i>Assets at Fair Value as of December 31, 2016</i>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE 5: GUARANTEED INVESTMENT CONTRACT

The guaranteed investment contract (GIC) is a benefit-responsive group annuity contract issued by Principal Life Insurance Company (the "Issuer"). Principal Life maintains participant contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semiannual basis for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes there are no probable events which would limit the plan's ability to transact at contract value.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

NOTE 7: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts and a guaranteed investment contract managed by Principal Trust Company. Principal Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are recorded in net appreciation (depreciation) in fair value of investments. Fees for certain administrative expenses are paid to Principal Financial Group, the record keeper and third party administrator of the Plan. Notes receivable from participants are considered party-in-interest transactions. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for Plan benefits.

NOTE 9: FORM 5500 RECONCILIATION

The Plan financial statements include differences from the Form 5500 as of December 31, 2016 and 2015 as follows:

	<u>2016</u>	<u>2015</u>
Net assets in Form 5500	\$ 10,858,304	\$ 9,749,673
Excess contributions refundable	<u>(23,528)</u>	<u>(3,939)</u>
Net assets as reported	<u>\$ 10,834,776</u>	<u>\$ 9,745,734</u>
Employee contributions per Form 5500	\$ 412,232	\$ 422,003
Excess contributions refundable	<u>(23,528)</u>	<u>(3,939)</u>
Employee contributions as reported	<u>\$ 388,704</u>	<u>\$ 418,064</u>

NOTE 10: PROHIBITED TRANSACTIONS

During the year ended December 31, 2015, the Plan Sponsor failed to remit \$947 of certain participant loan repayments to the Plan in a timely manner, as defined by ERISA. The delinquent loan repayments were received by the Plan during the year ended December 31, 2016.

NOTE 11: SUBSEQUENT EVENTS

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 18, 2017 the date the financial statements were available to be issued, and management has determined that no subsequent events have occurred that should be disclosed.

To the Plan Committee
Cokeva Inc.401(k) Retirement Plan
Rocklin, California

We have conducted a DOL limited-scope audit of the financial statements of Cokeva, Inc. 401(k) Retirement Plan for the year ended December 31, 2016 and have issued our report thereon dated September 18, 2017. As permitted by 29 CR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated November 16, 2016. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Cokeva Inc. 401(k) Retirement Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the period ended December 31, 2016. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

- The plan's valuation methodologies for assets measured at fair value.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

- The disclosure of information certified by the trustee in Note 3.
- The disclosure of fair value measurements used to value the plan assets in Note 4.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We encountered no known or likely misstatements during the audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

This information is intended solely for the use of Plan Committee and management of Cokeva, Inc. 401(k) Retirement Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Campbell Taylor & Company

To the Plan Committee
Cokeva Inc.401(k) Retirement Plan
Roseville, CA

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Cokeva Inc.401(k) Retirement Plan (the “Plan”) as of and for the year ended December 31, 2016, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of the Plan’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan’s internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. We did not identify any deficiencies in internal control that we consider to be material weaknesses. However, as discussed below, we identified a matter involving the internal control and other operational matters that is presented for your consideration. This letter does not affect our report dated September 18, 2017 on the financial statements of the Plan. We will review the status of this comment during our next audit engagement. Our comment and recommendations, all of which have been discussed with appropriate members of management, are intended to improve the internal control or result in other operating efficiencies. We will be pleased to discuss this comment in further detail at your convenience, perform any additional study of this matter, or assist you in implementing the recommendations. Our comment is summarized as follows:

CURRENT YEAR RECOMMENDATION

Calculation of Employee Deferral Contributions

During our audit, we noted that the application of plan compensation for the purpose of calculating employee deferral contributions was not consistent with the definition of plan compensation included in the plan document. Specifically, we noted that bonuses paid to employees were excluded from plan compensation even though the plan document does not stipulate that employee bonuses should be excluded. We recommend that plan management review the Plan provisions included in the plan document to determine whether an amendment is required to clarify the definition of plan compensation. We also recommend that plan management determine whether there are any corrective actions required with respect to prior activity.

This communication is intended solely for the information and use of Plan management and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

Campbell Taylor & Company
An Accountancy Corporation
