The Company has elected not to contribute to the profit sharing plan during the year ended December 31, 2016 and 2015.

4. Participant Accounts

Each active participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's accounts.

5. Participant Notes Receivable

Participants may borrow from their salary deferral account a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The notes are secured by the balance in the participant's account and bear an interest rate of 3.25% to 4.75% for the note receivables outstanding at December 31, 2016 and 2015, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through weekly payroll deductions.

NOTE A - DESCRIPTION OF PLAN - continued

6. Vesting and Payment of Benefits

Participants with 5 or more years of service are 100% vested in their profit sharing and matching accounts and are entitled to receive the vested portion of their individual accounts determined as of the valuation date coincident with or immediately preceding the termination of employment. If any employee resigns or is discharged prior to reaching age 65, the employee is entitled only to the vested portion in their profit sharing and matching accounts as of the time of such termination. Vesting occurs after one years of service at 20%; 20% for each additional year to a total of 100% after 5 years of service. Participants are always 100% vested in their salary deferral account.

7. Death and Disability Benefits

A participant who separates from service as the result of death or disability is entitled to 100% of the value of his individual account as soon as administratively feasible, following the date on which a distribution is requested or is otherwise payable.

8. Forfeited Accounts

At December 31, 2016 and 2015, forfeited nonvested accounts totaled $22,801 and $0, respectively. These accounts will be used to reduce future employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

1. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

2. Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value.

3. Operating Expenses and Benefit Payments

All expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements.

Benefit payments to participants are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

4. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

5. Date of Management's Review

Subsequent events were evaluated through October 3, 2017, which is the date the financial statements were available to be issued.

6. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016 and 2015, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTE C - TAX STATUS

The IRS has determined and informed the plan sponsor by a letter dated August 7, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE D - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE E - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds and collective trust is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds and collective trust held by the Plan are considered to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

		Fair Value Measurement at the End of the Reporting Period Using:
		Quoted Prices in Active Markets for Identical Assets (Level 1)
December 31, 2016		
Mutual funds	$20,277,558	$20,277,558
Collective trust	342,374	342,374
Cash (interest-bearing)	18,131	18,131
Total assets at fair value	$20,638,063	$20,638,063
December 31, 2015		
Cash (interest-bearing)	$17,710,338	$17,710,338
Total assets at fair value	$17,710,338	$17,710,338

NOTE E - FAIR VALUE MEASUREMENTS - continued

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2016 and 2015 are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2016, there were no significant transfers between Levels 1 and 2 and into or out of Level 3.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
