To the Board of Directors, Plan Administrator and Plan Participants
Energy Management Solutions Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Energy Management Solutions Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of November 22, 2016 and December 31, 2015; the related statement of changes in net assets available for benefits for the period from January 1, 2016 to November 22, 2016; and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by INTRUST Bank, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of November 22, 2016 and December 31, 2015, and for the period from January 1, 2016 to November 22, 2016, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter—Merger

The Plan was merged into the ICM Ventures Retirement Plan effective November 22, 2016. As discussed in Note 9 to the financial statements, a resolution was adopted by ICM Ventures, Inc. and Energy Management Solutions, Inc. on November 21, 2016, to merge the Plan into the ICM Ventures Retirement Plan, effective November 22, 2016. All assets of the Plan were transferred, and ICM Ventures Retirement Plan had legal control and responsibility of the transferred plan assets as of November 22, 2016, the effective date of the merger. Accordingly, these financial statements reflect all activity from January 1, 2016, through November 22, 2016, for the Plan and the transfer out of assets as of November 22, 2016. Our disclaimer of opinion has not been modified with respect to this matter.

Report on Form and Content in Compliance with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Energy Management Solutions Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Energy Management Solutions Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General: The Plan was established on July 1, 2010, and was a defined contribution benefit plan covering non-union employees of Energy Management Solutions, Inc. (the Company). Full time employees were eligible after completing six months of service and part-time employees must have had at least 1,000 hours of service to be eligible. Entrance dates were the first day of each calendar quarter coinciding with or following the eligibility date. The Plan was merged into the ICM Ventures Retirement Plan effective November 22, 2016. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may have elected to contribute to the Plan, in form of pretax or after tax (Roth deferrals), up to 90 percent of their eligible compensation, as defined in the plan document, or the maximum amount allowable by the Internal Revenue Service (IRS). Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants may have also contributed amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company made safe harbor matching contributions equal to 100 percent of employee elective deferral contributions which were not over 3 percent of compensation, plus 50 percent of employee elective deferral contributions which were over 3 percent, but were not over 5 percent, of compensation. Participant and employer contributions were subject to certain limitations.

Automatic enrollment: The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 3 percent of eligible compensation and their contributions invested in the Plan's default investment fund until changed by the participant. The Plan included automatic escalation of 1 percent per year for all participants who affirmatively elect automatic escalation.

Participant accounts: Individual accounts were maintained for each plan participant. Each participant's account was credited with the participant's salary deferral contributions, employer contributions, and account earnings; and may have been charged with an allocation of administrative expenses. Participants directed the investment of their contributions into various investment options offered by the Plan, which are more fully described in the Plan's literature. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting: Participants were immediately vested in their salary deferral contributions, employer safe harbor matching contributions, and earnings thereon.

Notes receivable from participants: Participants may have borrowed from their individual accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Notes receivable repayment terms have not exceeded five years. Only one loan per participant may have been outstanding at a time. The notes receivable were secured by the balance in the participant's account and bore interest at 4.25 to 4.50 percent, which was commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest were paid ratably through bi-weekly payroll deductions.

Note 1. Description of Plan (Continued)

Payment of benefits: Withdrawals were allowed in the event of termination, disability, death, retirement, or attainment of age 59½. The Plan also allowed hardship distributions subject to certain restrictions. Payments were made in the form of a lump-sum distribution or annual installments only if the participant was subject to lifetime required minimum distributions. If a participant terminated employment and the individual's vested interest in the Plan did not exceed \$5,000 and was greater than \$200, the distribution would be automatically rolled over into an IRA.

Note 2. Significant Accounting Policies

Basis of presentation: The accompanying financial statements have been prepared on the accrual basis of accounting.

Recent accounting pronouncements: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair (NAV) value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted the amendment for the 2016 and 2015 plan years. The impact of adopting this amendment is reflected in the financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting (Topic 962), (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this Update is to simplify plan accounting.

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment for fair value to contract value on the face of the financial statements.
- The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investment for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.
- The amendments in Part III of this Update are not applicable to the Plan.

The Update may be adopted in whole or by part, as applicable. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented. The Plan adopted amendments in Part I and Part II of this Update for the 2016 and 2015 plan years. The impact of adopting these amendments is reflected in the financial statements.

Note 2. Significant Accounting Policies (Continued)

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses was recorded as of November 22, 2016, and December 31, 2015. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payments of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' account. Investment related expenses are included in net appreciation in the fair value of investments.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 10, 2017, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Trustee

The following is a summary of the plan's asset information as of December 31, 2015, and for the period from January 1, 2016 to November 22, 2016, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets as of December 31, 2015:

Cash	\$	585
Investments:		
Mutual funds		1,808,425
Collective investment fund		8,736
Notes receivable from participants		45,821
	\$	<u>1,863,567</u>

As of November 22, 2016, there were no assets remaining in the Plan.

Note 3. Information Certified or Provided by the Trustee (Continued)

INTRUST Bank, N.A. also certified to the completeness and accuracy of \$170,196 of net appreciation in the value of the investments, \$6,260 of interest and dividends related to the aforementioned investments, and \$2,069 of interest income related to notes receivable from participants for the period from January 1, 2016 to November 22, 2016.

Note 4. Fair Value Measurements

Accounting standards establish the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value of identical shares as determined in active markets, held by the Plan at year end.

Collective investment fund: Valued at the net asset value as reported by the trustee, based on audited financial statements of the fund at year-end. The net asset value is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

As of November 22, 2016, there were no assets remaining in the Plan. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,808,425	\$ -	\$ -	\$ 1,808,425
Total assets in the fair value hierarchy	\$ 1,808,425	\$ -	\$ -	1,808,425
Investments measured at net asset value (a)				8,736
Total assets at fair value				\$ 1,817,161

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net asset available for benefits.

Net asset value: The Plan follows guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of the guidance can be determined using NAV per share as a practical expedient, when fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table includes categories of investments where NAV is available as a practical expedient:

	Fair Value as of		Redemption Frequency	Redemption Notice Period
	November 22, 2016	December 31, 2015		
Collective investment fund	\$ -	\$ 8,736	Daily	None

Investments in this category can be redeemed daily at the current NAV per share based on the fair value of the underlying assets. There were no unfunded commitments for the investments where NAV is available as a practical expedient.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

See Note 9 regarding a merger of the Plan as of November 22, 2016. This was not considered a plan termination.

Note 6. Tax Status

The Plan has adopted a prototype, non-standardized profit sharing plan sponsored by INTRUST Bank, N.A. The prototype plan obtained an opinion letter dated March 31, 2014, in which the IRS stated that the form of the prototype plan, as then designed, is in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the prototype plan, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Note 6. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related Party Transactions and Party-in-Interest Transactions

INTRUST Bank, N.A. provides certain administrative services to the Plan pursuant to a Plan Administrative Services Agreement between INTRUST Bank, N.A. and the Company. Fees paid by the Plan to INTRUST Bank, N.A. were \$9,412 for the period from January 1, 2016 to November 22, 2016.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Transfers Out – Merger

As discussed in Note 1, a resolution was passed on November 21, 2016, to merge the Plan into the ICM Ventures Retirement Plan effective November 22, 2016. All assets of the Plan were transferred, and ICM Ventures Retirement Plan had legal control and responsibility of the transferred plan assets as of November 22, 2016, the effective date of the merger. Accordingly, the Plan recognized a transfer out to the ICM Ventures Retirement Plan of \$2,636,721 in its statement of changes in net assets available for benefits for the period from January 1, 2016, to November 22, 2016.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2015:

Net assets available for benefits per the financial statements	\$ 1,944,333
Less: contributions receivable as of December 31, 2015	(80,766)
Net assets available for benefits per the Form 5500	<u>\$ 1,863,567</u>

Note 10. Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of contributions, transfers out, and net increase in net assets available for benefits per the financial statements to the Form 5500 for the period from January 1, 2016 to November 22, 2016:

Employer contributions per the financial statements	\$ 272,195
Less: contributions receivable as of November 22, 2016, prior to merger	(66,000)
Add: contributions receivable as of December 31, 2015	63,785
Employer contributions per the Form 5500	<u>\$ 269,980</u>
Participant contributions per the financial statements	\$ 410,668
Add: contributions receivable as of December 31, 2015	16,981
Participant contributions per the Form 5500	<u>\$ 427,649</u>
Net increase in net assets available for benefits per the financial statements	\$ 692,388
Less: contributions receivable as of November 22, 2016, prior to merger	(66,000)
Add: contributions receivable as of December 31, 2015	80,766
Net increase in net assets available for benefits per the Form 5500	<u>\$ 707,154</u>
Transfers out per the financial statements	\$ 2,636,721
Add: contributions receivable as of November 22, 2016, prior to merger	(66,000)
Transfers out per the Form 5500	<u>\$ 2,570,721</u>
