Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Estwing Manufacturing Company Employees 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 2; this includes determining that the cash basis of accounting is an acceptable basis of preparation of financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Our opinion is not modified with respect to that matter.

Other Matter

The supplemental schedule, Schedule H, Line 4(i) — Schedule of Assets (Held at End of Year), as of December 31, 2016, is required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Estwing Manufacturing Company (the Company) Employees 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have at least six months of service prior to the next entry date (January 1 and July 1). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The original effective date of the Plan is April 1, 1981. The Plan has been amended throughout the years to comply with tax legislation and was most recently amended as of January 2, 2015.

Contributions

Each year participants may contribute 1% to 60% of eligible pre-tax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 50% of the first 6% of base compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. No profit sharing contributions were made in 2016 and 2015. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contribution, (b) Plan earnings or losses and (c) expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The amounts contributed by the employee are fully vested. A participant is fully vested upon reaching normal retirement age, death, or permanent disability. The amount contributed by the Company on behalf of the employee is vested over a six-year period. The interest of an employee shall vest and become nonforfeitable with the following vesting schedule:

Years of Service	Vested Percentage
Less than 2 Years	0%
2	20%
3	40%
4	60%
5	80%
6 Years or More	100%

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested portion of their account balance or $50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loan terms range from one to five years or over a reasonable period of time that may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and will bear a reasonable rate of interest, which was 4.25% to 4.50% on existing loans. Principal and interest is paid through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or separation, a participant may elect to receive either a lump-sum distribution or installment payments under various options. The Plan allows hardship distributions, subject to Plan provisions.

If the vested benefits are less than $5,000, the balance will be distributed as either a cash distribution to the participant or transferred to an eligible retirement plan, at the direction of the participant. If the participant does not elect a method of payment and the balance is greater than $1,000 but less than $5,000, it will automatically be rolled over into an Individual Retirement Account (IRA). Balances of less than $1,000 will be distributed in cash to the participant. If the balance is more than $5,000, an election to receive the benefit must be made.

Tax Status

The Plan and related trust have adopted the Fidelity Management & Research Co. volume submitter profit sharing plan with Cash or Deferred Arrangement (CODA), which the Internal Revenue Service (IRS) has determined and informed Fidelity Management & Research Co. by a letter dated March 31, 2014, that the form of the volume submitter plan is acceptable for use by employers under Section 401 of the Internal Revenue Code (IRC). The Plan itself has not requested a determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Forfeited Accounts

Forfeited nonvested accounts are used to reduce administrative expenses and to reduce future Company contributions. Forfeited nonvested accounts as of December 31, 2016 and 2015 totaled $2,780 and $2,744, respectively. There were no forfeitures used to pay administrative expenses for the years ended December 31, 2016 and 2015. There were $14,211 and $7,192 of forfeitures used to reduce Company contributions for the years ended December 31, 2016 and 2015, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Modified Cash Basis of Accounting

The Plan's policy is to prepare its financial statements on the cash receipts and disbursement basis of accounting; consequently, certain revenues are recognized when received rather than when earned and certain expenses and purchases of assets are recognized when cash is disbursed rather than when the obligation is incurred. Financial statements prepared on this basis of accounting are not intended to present financial position and results of operations in accordance with generally accepted accounting principles.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains on investments bought and sold as well as held during the year.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the cash basis. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits (modified cash basis). In addition, certain investment related expenses are included in net appreciation of fair value of investment presented in the accompanying statements of changes in net assets available for benefits (modified cash basis).

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of the investments, interest and dividends for the years ended December 31, 2016 and 2015, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

NOTE 4 FAIR VALUE OF INVESTMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded

Stable Value Fund: Valued daily at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

December 31, 2016	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 7,323,602	$ -	$ -	$ 7,323,602
Stable Value Fund	-	3,398,356	-	3,398,356
Total Assets at Fair Value	$ 7,323,602	$ 3,398,356	$ -	$ 10,721,958

December 31, 2015	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 6,466,547	$ -	$ -	$ 6,466,547
Stable Value Fund	-	3,066,325	-	3,066,325
Total Assets at Fair Value	$ 6,466,547	$ 3,066,325	$ -	$ 9,532,872

NOTE 5 RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of registered investment companies managed by Fidelity. Fidelity is the trustee of the Plan, and therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for administrative services amounted to $6,928 and $7,363 for the years ended December 31, 2016 and 2015, respectively.

Certain administrative functions are performed by officers or employees of the Company for which no compensation is received from the Plan.

NOTE 6 TERMINATION OF PLAN

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, the participants would become 100% vested in their Company contributions.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

NOTE 8 SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 9, 2017, the date the financial statements were available to be issued.
