NOTE 1 PLAN DESCRIPTION

The following description of The Country/IAA 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, under Internal Revenue Code Section 401(k), is a defined contribution plan, originally effective January 1, 1990, covering substantially all of the employees of CC Services, Inc., Illinois Agricultural Auditing Association, and Illinois Agricultural Association. Effective April 1, 2014, the Plan was amended to remove Illinois Agricultural Auditing Association as an eligible employer. The sponsor of the Plan is CC Services, Inc. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective April 22, 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation in the Plan

Employees are eligible to participate in the Plan immediately upon employment. Active participation in the Plan ends when the employee terminates employment.

Contributions

The Plan provides for four kinds of contributions:

1. Employee compensation reduction contributions
2. Employer matching contributions
3. Special Section 401(k) employer contributions
4. Rollover contributions by the employee from other qualified pension or profit sharing plans

Participants in the Plan can elect to reduce the amount of taxable compensation received and have the amount of reduction contributed to the Plan as employee compensation reduction contributions. The amount of this contribution can vary from a minimum of 2% to a maximum of 50% of compensation (in increments of 1%), as established by the committee appointed to administer the Plan. Currently, the committee has set the maximum rate at 40%. Participants over age 50 can make catch up contributions. The percentage amount to be contributed can be changed on a daily basis. Effective October 1, 2010, eligible employees are automatically enrolled in the Plan unless they opt out of participation. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation, and their contributions invested in the designated default fund until changed by the participant.

The employer also contributes annually, on behalf of each active participant, a matching amount equal to the greater of 50% of the compensation reduction contributions up to $1,200 or up to a certain percentage of participant compensation as established by the Board of Directors (3% for 2016 and 2015). The matching percentage and annual limit may be increased by action of the Board of Directors of the Plan Sponsor or of the committee appointed to administer the Plan.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

Special Section 401(k) employer contributions can be made at the election of the Board of Directors of any employer participating in the Plan. No such contributions were made in 2016 or 2015. Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the employer's matching contribution, and an allocation of Plan earnings or losses. Allocations are based on participant earnings or account balances or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Investment of Accounts

All of the contributions are held in trust and are invested in the investment funds provided by the Plan. The contributions are administered for the exclusive benefit of participants and beneficiaries by the trustee. The Plan Sponsor has entered into an agreement with COUNTRY Trust Bank (the trustee) governing the maintenance of the trust. The assets of the Plan are valued on a daily basis.

Plan Administration

The Plan is administered by The Country/IAA 401(k) Plan Administrative Committee which is appointed by the Plan's Sponsor. The Committee serves without compensation.

Payments of Benefits and Notes Receivable from Participants

The participant, upon retirement, termination of employment, or disability, may withdraw all of the participant's accounts in one lump sum at such time as the participant so elects in writing. Payments must begin no later than April 1 of the calendar year following the calendar year in which a participant attains age 70 1/2.

If the participant has attained age 59 1/2, an election may be made to have the participant's accounts distributed in one lump sum.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Payments of Benefits and Notes Receivable from Participants (Continued)

On the participant's death, the participant's accounts will be paid in the form of one lump sum to the participant's surviving spouse or designated beneficiary. The surviving spouse or designated beneficiary may elect to defer receipt of the participant's accounts, but they must be received within five years of the participant's date of death. If the participant's death occurs after June 30, 2009, the participant's accounts must be distributed no later than December 31 of the calendar year which contains the first anniversary of the participant's death.

The participant may request a distribution, for reasons of hardship, of all or any portion of the participant's rollover contribution account and the employer compensation reduction account, excluding any earnings thereon.

Participants may borrow from their fund accounts. Notes of at least $1,000 may be granted to the participant by the Administrative Committee based upon standards contained in a written note program established by the Committee. The Administrative Committee, upon granting the note, will direct the trustee to make payment of the note to the participant. Current note provisions allow a participant to borrow an amount, which when aggregated with all of the participant's outstanding notes from the Plan, does not exceed the lesser of:

a) $50,000 reduced by the excess (if any) of (i) the highest outstanding balance of notes from the Plan and any related Plan during the one-year period ending on the day before the date on which such note was made, over (ii) the outstanding balance of notes from the Plan and any related Plan on the date on which such note was made, or

b) one half (1/2) of the present value of the nonforfeitable accrued benefit of the applicant under the Plan.

Each note and interest thereon will constitute a first lien on the interest of the participant in the accounts from which the note is paid. Any distribution of such accounts to the participant will first be reduced by the amount of any outstanding note and interest. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Distributions of participant account balances of less than $1,000 are made immediately upon retirement, death, or termination of employment regardless of any election made by the participant, participant's spouse, or other beneficiary.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the date securities are traded. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the employers, as provided by the Plan document. Expenses paid directly by the employers are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investment presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through September 25, 2017, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

COUNTRY Trust Bank, the trustee of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information, other receivable – securities sold, notes receivable from participants, and accounts payable – securities purchased reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2016.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Mutual and Money Market Funds: Valued at the daily closing price as reported by the Fund. Mutual funds and money market funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2016			
	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 49,122,249	$ -	$ -	$ 49,122,249
Mutual Funds	506,022,245	-	-	506,022,245
Total Investments at Fair Value	$ 555,144,494	$ -	$ -	$ 555,144,494

	2015			
	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 42,399,653	$ -	$ -	$ 42,399,653
Mutual Funds	474,001,747	-	-	474,001,747
Total Investments at Fair Value	$ 516,401,400	$ -	$ -	$ 516,401,400

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

The Plan's sponsor has the right to amend the Plan at any time by resolution of its Board of Directors. While the Plan's sponsor and participating employers expect the Plan to be permanent, the Plan's sponsor has reserved the right to terminate the Plan by resolution of its Board of Directors. In addition, any participating employer may withdraw from the Plan by resolution of its Board of Directors. In the event the Plan is terminated, all of the interests of the participants would be fully vested and nonforfeitable. The value of the shares of all participants and beneficiaries would be determined as of the effective date of the termination and distributed as provided in the Plan document.

NOTE 7 PLAN TAX STATUS

A determination letter dated September 5, 2013 was received from the Internal Revenue Service (IRS) stating that the Plan and related Trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained under examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by COUNTRY Trust Bank. COUNTRY Trust Bank is the trustee as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value or investments.

NOTE 9 SUBSEQUENT EVENT

In connection with the transfer of employment of the employees of Middlesex Mutual Assurance Company (Middlesex) to CC Services, Inc. as of the close of business on December 31, 2016, each employee of Middlesex who became an employee of CC Services, Inc. shall have the opportunity to request a direct rollover contribution to the Plan with respect to participant loans, if any, and their accrued benefit under the Middlesex plan.
