Contributions

The Plan provides for pre-tax contributions by participants and Roth elective deferrals, through payroll deductions, and for matching and discretionary contributions by the Company. Each participating employee elects to enter into a salary reduction agreement by directly contacting the Trustee, thereby contributing to his/her participant account a percentage of compensation, as defined, not less than 1%, nor more than 100% of eligible earnings subject to Internal Revenue Code ("IRC") limitations. At their discretion, the participants may allocate the contributions among the investment funds made available by the Plan. Participants may change their contribution percentages and their allocation of future contributions among the available investments at any time.

The Plan provides for a matching contribution from the Company of 100% of the first 4% of eligible earnings contributed by each participant that does not work out of Freeport, Texas. Those employees working out of Freeport, Texas receive an employer matching contribution of 100% of the first 6% of eligible earnings. The Company has the right to change the amount of its contributions, pursuant to the Plan, at any time. Effective January 1, 2016, Freeport, Texas employees are also eligible for discretionary profit sharing contributions. The Company made a discretionary profit sharing contribution of \$94,213 for the year ended December 31, 2016.

Vesting and Distributions

Effective January 1, 2016, participants are immediately and fully vested in all participant and employer contributions and earnings thereon, except for employer profit sharing contributions. These contributions vest by 20% for each year of service completed after one year of service. On termination of service due to death, disability, or retirement, a participant receives a lump-sum payment.

Participant Accounts

Each participant's account is increased, or decreased as appropriate, with (a) the participant's contribution, (b) the Company's matching and discretionary profit sharing contributions, (c) net investment earnings based on the participant's account balance and composition, (d) administrative expenses, (e) loan disbursements and repayments, and (f) distributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative Expense

The Company pays costs of administering the Plan, except for some cash management fees, which are paid by the Plan. There are also indirect fees deducted directly from investment earnings of the Plan.

Notes Receivable from Participants

Subject to certain limitations, the Plan permits loans to participants. The minimum loan amount is \$1,000. The maximum amount a participant may borrow is the lesser of (1) one-half of a participant's vested balance or (2) \$50,000. Participants may borrow from the value of their balances invested in any of the various investment funds at their discretion. The interest rate on the loans is equal to 1% plus the Prime lending rate at loan origination date. The terms of the loans are 1-5 years. A loan term may extend beyond 5 years if the loan is used for the purchase of a primary residence. Principal and interest are paid bi-weekly through payroll deductions.

Rollovers

Participants may transfer eligible cash distributions from any other employer sponsored qualified plan under Section 401(a) or 403(a) of the IRC into the Plan by a direct transfer from such other plan. Additionally, the Plan will accept a direct rollover of an eligible rollover distribution from a qualified plan under Section 401(a) or 403(a) of the IRC or participant rollover contribution of the portion of a distribution from an Individual Retirement Account or Annuity under Section 408(a) or 408(b) that is eligible to be rolled over and would otherwise be includable in gross income.

Allocation of Forfeitures

The non-vested portion of the discretionary profit sharing contributions for all terminated employees are used to reduce Company contributions or to pay Plan expenses. At December 31, 2016 and 2015, there were no accumulated forfeitures.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Trustee would value the trust and the shares of all participants as of the termination date and would distribute, as soon as possible, the balance of the accounts.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis.

SHIN-ETSU 401(K) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

Fair Value Measurements

Fair value estimates are made at a specific point in time based on relevant market information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value at December 31, 2016 and 2015. Mutual funds are valued at fair value as determined by quoted market prices on active markets. The stable value fund is valued at the net asset value of the underlying investments held by the fund, less its liabilities.

Investment income consists of interest and dividend income and participant loan interest. The net appreciation (depreciation) in the fair value of investments consists of realized gains or losses and the unrealized appreciation (depreciation) on those investments. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Realized gains and losses from security transactions are reported based on historical cost.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the amounts reported in the basic financial statements and related notes to the financial statements. Actual results could differ from those estimates. The Plan utilizes various investment instruments, including mutual funds and a stable value fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

Notes Receivable from Participants

Notes receivable from participants represent participant loans and are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Repayments of principal and interest are recognized in the period in which payroll deductions are processed.

Uncertain Tax Positions

Under the Income Taxes Topic of the FASB Accounting Standards Codification ("ASC"), Plan management is required to identify potential uncertain tax positions taken, assess and quantify those positions and record reserves. As of December 31, 2016 and 2015 and for the years then ended, Plan management has identified no uncertain tax positions.

Subsequent Events

The Plan has evaluated subsequent events through September 15, 2017, the date the financial statements were available to be issued.

Net appreciation (depreciation) of investments	\$ 1,192,904	\$ (325,183)

NOTE 4 - INVESTMENTS

The Plan's investments are participant-directed accounts that are held by the Trustee.

Fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, the Plan uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 – Observable inputs such as quoted prices in active markets;
- Level 2 – Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3 – Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Investments that were measured at net asset value ("NAV") per share are not classified in the fair value hierarchy. The fair value amounts presented in the below tables are intended to permit reconciliation of the fair value hierarchy to total investments at fair value. Valuation methodologies used for assets and liabilities measured at fair value are as follows:

- Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.
- Stable value fund: Valued daily at the NAV of the underlying investments held by the funds, less their liabilities. NAV is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - TAX STATUS

The Plan, an adopted prototype plan, obtained its determination letter as on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Company is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status and believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 - TRANSACTIONS WITH PARTIES-IN-INTEREST

The Trustee serves as the fund manager for a portion of the Plan assets. Trustee administrative expenses paid by the Plan amounted to \$55,218 and \$53,479 for the years ended December 31, 2016 and 2015, respectively.
