NOTE 1 - Description of the Plan

The following description of the Dynapower Company LLC Collective Bargaining Unit of VT, (the "Plan"), provides only general information. Participants should refer to the plan document for a more complete description of the plan's provisions.

General

The Plan is a defined contribution plan established by Dynapower Corporation ("Company" and "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). All union employees, who have completed at least one year of service with the Company, as defined in the plan document, are eligible to participate. An eligible employee will become a participant in the Plan on the first day of the month coinciding with or next following date the requirements are met. Upon enrollment in the Plan, a participant may direct Company and his or her contributions to any combination of available investment options. The plan administrator is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Trustees.

Contributions

Participants may contribute up to 90% of pretax annual compensation (salary reduction contributions) and Roth after-tax contributions, as defined in the plan document, up to the maximum limits of the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company contributes 100% of the first 3% of the participant's compensation and 50% of the next 3% of participant's compensation. Additional Company contributions may be contributed at the discretion of the Company's Board of Directors. No discretionary contributions were made for the year ended December 31, 2016. Company Contributions are subject to the applicable limits of the IRC.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions and an allocation of the Company's contributions and plan earnings or losses (net of administrative expenses). Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transaction, as defined in the plan document.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Participants who leave the plan because of death, early or normal retirement, or disability retirement, as defined in the plan document, are considered 100% vested. Company contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

<u>Vesting Years of Service</u>	<u>Percentage Vested</u>
1	25%
2	50%
3	75%
4	100%

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2016 and 2015 and for the Year Ended December 31, 2016

NOTE 1 - Description of the Plan (cont.)

Forfeited Accounts

As of December 31, 2016 and 2015, forfeited nonvested accounts totaled \$501. Forfeitures may first be used to pay administrative expenses and then used to reduce Company contributions. Forfeitures of \$1,628 were applied to reduce Company contributions for the plan year ended December 31, 2016.

Notes Receivable From Participants

Participants may borrow from their contributions account a minimum of \$500 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. These loans are secured by the balance in the participant's account. The loans bear interest at 4.25% to 9.25%, which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through payroll deductions and are reinvested in the investment option(s) selected by the participant. Terms range from one to five years or greater for the purchase of a primary residence.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan document. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment, installments, or ad-hoc as defined in the plan document. The Plan allows for in-service distributions to participants over the age of 59½. Participants experiencing financial hardship may also withdraw a portion of their account balance if certain criteria are met, as defined in the plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. In addition, certain administrative expenses of the Plan are paid through asset-based fee payments from investment managers and also through plan assets. During the year ended December 31, 2016, the Plan received approximately \$11,000 in revenue sharing payments, which was applied to reduce administrative expenses. These payments are not shown on the Plan's financial statements rather included in the depreciation of fair value of investments.

Related Plan Transfers

When participants in this Plan become eligible to be participants in a related plan sponsored by the Company, the participant's balance in this Plan is reported as a transfer to the related plan on the statement of changes in net assets available for plan benefits. There were no transfers to or from other plans for the year ended December 31, 2016.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net depreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as benefit payments to participants based upon the terms of the plan document. Related fees are recorded as administrative expenses and are expensed when incurred. Interest income is recorded on an accrual basis. There are no allowances for uncollectible notes receivable from participants recorded as of December 31, 2016 and 2015.

Payment of Benefits

Benefit payments are recorded when paid.

NOTE 3 - Information Prepared and Certified by Trustee - Unaudited

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2016 and 2015. Accordingly, Reliance Trust Company, the trustee of the Plan (the "Trustee"), has certified to the completeness and accuracy of all investments reported in the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2016, and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2016.

NOTE 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan Sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Plan Sponsor has not historically adjusted the prices obtained from the pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - Fair Value Measurements (cont.)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets and liabilities at fair value as of December 31, 2016 and 2015.

	Assets at fair value as of December 31, 2016			
	Total	Level 1	Level 2	Level 3
Mutual Funds	<u>\$ 4,979,632</u>	<u>\$ 4,979,632</u>	<u>\$ -</u>	<u>\$ -</u>
Investments at fair value	<u>\$ 4,979,632</u>	<u>\$ 4,979,632</u>	<u>\$ -</u>	<u>\$ -</u>

	Asset at fair value as of December 31, 2015			
	Total	Level 1	Level 2	Level 3
Mutual Funds	<u>\$ 4,689,175</u>	<u>\$ 4,689,175</u>	<u>\$ -</u>	<u>\$ -</u>
Investments at fair value	<u>\$ 4,689,175</u>	<u>\$ 4,689,175</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE 5 - Concentrations

The Plan holds certain investments that represent 10% or more of the Plan's net assets available for benefits. As of December 31, 2016 and 2015, the Plan held four and three investments totaling \$2,652,203 and \$2,309,441, respectively.

NOTE 6 - Related Party and Parties-In-Interest

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Fees paid by the Plan for the investment management services are included in the net depreciation in the fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. These fees are netted against investment income. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers of the Company. No such officer or employee receives compensation from the Plan.

DYNAPOWER COMPANY LLC COLLECTIVE BARGAINING UNIT OF VT

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2016 and 2015 and for the Year Ended December 31, 2016

NOTE 7 - Tax Status

The prototype non-standardized profit sharing plan whose provisions the Plan adopted, obtained its latest determination letter on July 16, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustee of the Plan. The Trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

NOTE 9 - Risks and Uncertainties

Investments, in general, are subject to various risks, including credit, interest, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 10 - Subsequent Events

The Plan has evaluated subsequent events through October 4, 2017, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.
