NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2016 AND 2015

A. DESCRIPTION OF THE PLAN:

The following description of the Downtown Ford Lincoln Profit Sharing 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - Downtown Ford Lincoln, Inc. (the “Company” and “Plan Sponsor”) established the Downtown Ford Lincoln, Inc. Profit Sharing 401(k) Plan effective January 1, 1989. The Plan is a defined contribution plan that covers substantially all eligible employees of the Company, as defined in the Plan document, who have completed three months of service and have attained the age of eighteen. The Plan was subsequently amended and restated by the adoption of a volume submitter plan effective January 1, 2016. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions - Plan participants may contribute up to 100% of their pre-tax annual compensation subject to limits prescribed by the Internal Revenue Code (“IRC”). Participants who have attained 50 before the end of the Plan year are eligible to make catch-up contributions. All participants can rollover into the Plan amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make non-elective contributions that are equal to a percentage of each participant’s compensation. These contributions are totally discretionary, including the discretion to forego the contribution for one or more Plan years. Employees must be employed on the last day of the Plan year or have completed 501 hours of service during the Plan year. The Company made \$186,399 of non-elective contributions for the year ended December 31, 2016. These contributions are nonparticipant-directed and are invested directly in Huntington National Bank’s managed portfolio (See Note E).

Participant Accounts - Each participant’s account is credited with the participant’s contribution, rollover contributions, and allocations of (a) the Company’s non-elective contributions (if any), (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options – Upon enrollment in the Plan, a participant may direct elective wage deferrals and rollover contributions to their accounts into various investment options offered by the Plan and may be changed daily. The Plan’s investment strategies include investments with varying degrees of risk that are subject to the volatility of financial markets.

Vesting – A participant is fully vested immediately in elective wage deferrals and amounts rolled over from other qualified plans. Vesting for non-elective employer contributions are as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 2	0%
2	20%

A. DESCRIPTION OF THE PLAN (CONTINUED):

Benefit Payments - Upon termination of service, a participant having a balance of more than \$5,000 may elect to receive either a lump-sum distribution, a direct rollover distribution, or defer the payments. A participant having less than a \$1,000 balance must take a lump-sum distribution. Non-terminated employees may make withdrawals from their elective deferral account balance as a hardship withdrawal prior to reaching normal retirement age. Hardship withdrawals are subject to additional rules and conditions as outlined in the Plan agreement. Non-terminated employees who have reached age 59 ½ may make withdrawals of up to 100% of their vested account balance as an in-service distribution.

Forfeitures - Forfeitures which occur pursuant to the Plan may be used to reduce non-elective employer contributions. During the year ended December 31, 2016, \$17,198 of forfeitures were used to reduce non-elective employer contributions. As of December 31, 2016 and 2015, the Plan had \$16,531 and \$7,599 of forfeitures that may be used to reduce future non-elective employer contributions.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting - The accompanying financial statements and the Annual Return/Report of Employee Benefit Plan – Form 5500 have been prepared on the accrual basis of accounting.

Recent Accounting Pronouncements - In May 2015, the Financial Accounting Standards Accounting Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or Its Equivalent)*, ("ASU 2015-07"). ASU 2015-07 removes requirements to categorize within the fair value hierarchy investments for which fair values are estimates using the net asset value practical expedient provided by Accounting Standards Codification 820, Fair Value Measurement. Disclosure about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. The Plan adopted ASU 2015-07, and the disclosures in Note D are presented accordingly.

In July 2015, the FASB released ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefits Plans (Topic 965): (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, ("ASU 2015-12"). Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of the ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III of the ASU provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end if the fiscal period does not coincide with a month-end. Part III of the ASU is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 31, 2015. Part I and II are to be applied retrospectively. The Plan adopted Part II, and the presentation of the financial statements and notes herein is presented accordingly.

Benefit Payments - Benefits are recorded when paid.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Valuation of Investments and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by investment advisors. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses - The Company has elected to pay certain fees and expenses related to the operation of the Plan. Certain investment management fees, brokerage commissions, and other fees are paid directly by the Plan.

Subsequent Events - Plan management has evaluated subsequent events through October 10, 2017, which is the date the financial statements were available to be issued.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

C. INFORMATION PROVIDED BY THE TRUSTEE:

Information including investments held as shown on the statement of net assets available for benefits, and interest and dividend income and net appreciation in fair value as shown on the statement of changes in net assets available for benefits as of December 31, 2016 and 2015 and for the year ended December 31, 2016, was prepared by or derived from information provided by Huntington National Bank, the trustee and furnished to the plan administrator. The plan administrator obtained certification of this information from the trustee that the information provided to the plan administrator was complete and accurate.

D. FAIR VALUE MEASUREMENTS:

The authoritative accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative accounting guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs include quoted prices for similar assets or liabilities in active markets or for identical or similar assets or liabilities in inactive markets. Inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

D. FAIR VALUE MEASUREMENTS (CONTINUED):

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies - Valued at the closing price reported on the active market on which the individual securities are traded.

Stable value collective trust - A stable value fund that is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value ("NAV") of units of the financial institution's collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

Bank managed portfolio - Valued at the NAV of units held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There have been no changes from prior years in techniques and inputs used to determine fair value. There were no transfers between Levels 1, 2 and 3 during 2016 or 2015.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

F. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

G. INCOME TAX STATUS:

The prototype plan obtained a determination letter dated March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has not been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The authoritative accounting guidance requires the plan administrator to evaluate uncertain tax positions taken by the Plan. The plan administrator has concluded that as of December 31, 2016, there were no uncertain income tax positions taken or expected to be taken by the Plan. The Plan has not recognized any interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

H. TRANSACTIONS WITH PARTIES-IN-INTEREST:

Certain legal and accounting fees and certain administrative expenses relating to the maintenance of participant eligibility records are absorbed by the Company. Other than as described above or pursuant to a trust agreement, the Plan has no agreements or transactions with any parties-in-interest.

Huntington National Bank is the trustee of the Plan and holds the Plan's investments. Huntington National Bank is a party-in-interest of the Plan as defined by ERISA Section 3(14), and accordingly investment transactions in the funds are party-in-interest transactions.

I. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
