Compass Community Health 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements December 31, 2016 and 2015

Note 1: Description of the Plan

The following description of the Compass Community Health 401(k) Profit Sharing Plan & Trust (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined contribution plan sponsored by Compass Community Health (Company) for the benefit of its employees expected to work at least 1,000 hours in a year. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Mid Atlantic Trust Company serves as trustee of the Plan, and Paychex Retirement Services serves as the record-keeper of the Plan.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 85% of eligible compensation. Employee rollover and employee Roth contributions are also permitted. The Company may make discretionary matching and non-elective contributions. The Company did not make discretionary matching contributions in 2016 or 2015.

Non-elective contributions range from 4.5% to 8.5% of eligible compensation in each year are based on years of service or job title. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Compass Community Health 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements December 31, 2016 and 2015

Vesting

Participants are immediately vested in their voluntary and rollover contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. Participants vest in Company contributions and earnings and losses thereon as follows:

Years of Service	Vested Percentage
Less than 2	0%
At least 2, but less than 3	20%
At least 3, but less than 4	40%
At least 4, but less than 5	60%
At least 5, but less than 6	80%
6 or more	100%

When the Company changed record-keepers and trustees of the Plan in 2013, the Company immediately vested all Company contributions that were made up to that point. Company contributions made after that point are subject to the above vesting schedule. The nonvested balance is forfeited upon termination of service. Forfeitures are used to reduce Company contributions.

Payment of Benefits

Upon termination of service, a participant may receive a lump-sum amount equal to the value of his account or a joint and survivor annuity. At December 31, 2016 and 2015, there were no amounts allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not yet been paid.

Forfeited Accounts

At December 31, 2016 and 2015, there were forfeited nonvested accounts of \$34,973 and \$14,444, respectively. During 2016, employer contributions were reduced by \$14,444 from forfeited nonvested accounts.

Notes Receivable from Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$500. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance, less the highest outstanding loan balance the participant held under the Plan during the previous one-year period. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal

Compass Community Health 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements December 31, 2016 and 2015

residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on prime rate published in *The Wall Street Journal* on the 14th day of the month, plus one percentage point. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Tax Status

The Plan operates under a volume submitter adoption agreement in connection with a prototype 401(k) profit-sharing plan and trust sponsored by Paychex. This prototype plan document has been filed with the appropriate agency and has obtained a determination letter from the Internal Revenue Service stating that the prototype constituted a qualified plan under Section 401 of the Internal Revenue Code at that time. The Plan has been amended since the prototype received the determination letter. However, management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, management believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2016 and 2015
- Investment income (loss) as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2016 and 2015
- Investment information included in the accompanying schedule of assets (held at year end) as of December 31, 2016

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Compass Community Health 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements December 31, 2016 and 2015

The Plan paid \$1,578 and \$2,745 of record-keeping fees during 2016 and 2015, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 5: Disclosures about Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2016 and 2015:

		December 31, 2016		
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2016. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.
