## 1. Description of Plan

The following description of the McCraw Oil/Kwik Chek 401(k) Plan (the Plan) provides only general information. Therefore, participants should refer to the Plan agreement or Summary Plan Description (SPD) for a more complete description of the Plan's provisions.

*General*

The Plan is a defined contribution profit sharing plan available to all eligible full-time employees of Taylor-Smartt, L.L.C. (the Company or Employer). The Plan is sponsored by Taylor-Smartt, L.L.C. for its employees and the employees of its wholly owned subsidiaries, McCraw Oil Company, Inc., McCraw Transport, Inc., and Kwik Chek Food Stores, Inc., and its affiliated company, Brownstone Leasing, L.L.C. (collectively, the Company or Plan Sponsor). The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), and the Internal Revenue Code (IRC). The Plan's financial statements and schedule have been prepared in compliance with ERISA and with accounting principles generally accepted in the United States of America (GAAP).

*Eligibility*

All employees of the Company who have completed 3 months of service and have attained the age of 21 are eligible to participate in the Plan.

*Participant Contributions*

Participants may contribute up to 100% of their annual compensation as defined in the Plan, subject to the maximum dollar amount allowable under the IRC which was $18,000 in 2016. Participant contributions may be designated as pretax or after tax Roth contributions, subject to IRC limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to $6,000 for 2016. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

*Employer Contributions*

The Company has elected to make a safe harbor matching contribution of 100% of the salary deferrals up to 3% of eligible compensation and 50% of the next 2% of eligible compensation. The Company may also make other discretionary contributions subject to IRC limitations, as determined by the Company. The Company did not make any discretionary contributions during the year ended December 31, 2016.

*Participant Accounts*

Each participant's account is credited (or in the case of a loss, debited) with the participant's contributions, Company contributions and earnings or losses, and may be charged with certain administrative expenses. Plan earnings or losses are applied to a participant's account balance based on the investment experience of the funds held and the number of shares owned in each fund by the participant.

## 1. Description of Plan (Continued)

*Vesting*

Participants are immediately vested in their contributions and safe harbor contributions and actual earnings or losses thereon. Vesting in the Company's discretionary matching and profit sharing, if any, contributions is based on years of service as follows:

| Years of Service | Percent Vested |
|---|---|
| Less than 1 | 0% |
| 1 | 20% |
| 2 | 40% |
| 3 | 60% |
| 4 | 80% |
| 5 | 100% |

If participant is an active employee upon death or disability, the participant (or his/her beneficiary in case of his/her death) becomes 100% vested in the Plan. Upon reaching normal retirement age or after five years in the Plan, the participant becomes 100% vested in the Plan.

*Forfeitures*

Amounts which are forfeited as non-vested discretionary matching contributions are retained in the Plan and may first be used to pay administrative expenses. Remaining amounts will be used to reduce future employer contributions to the Plan. There were no forfeited accounts with balances at December 31, 2016 or 2015. There were no forfeitures applied in the reduction of Employer matching or profit sharing contributions for the year ended December 31, 2016.

*Payment of Benefits*

The benefit to which a participant is entitled equals the value of the participant's vested interest in his or her account. Upon termination of service due to death, disability, retirement, or termination of employment from the Company, a participant may elect to receive a lump-sum payment equal to the vested interest in his or her account. Participants with vested accounts of $1,000 or less upon termination of employment will receive a lump-sum payment.

*Investment Options*

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a menu of mutual fund options for investment.

*Administrative Expenses*

Administrative expenses are typically paid by the Employer. However, the Plan may pay transaction fees which are charged directly to the specific participant generating the transaction.

## 2. Summary of Significant Accounting Policies

*Basis of Accounting*

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with GAAP.

*Use of Estimates*

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

*Risks and Uncertainties*

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances.

*Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the Trustee. The Company determines the Plan's valuation policies utilizing information provided by the Trustee. See note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses for investments bought and sold as well as held during the year.

*Payment of Benefits*

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

## 2. Summary of Significant Accounting Policies

*Recent Accounting Pronouncements*

*Defined Contribution Pension Plans (Topic 962)*

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Pension Plans, and Health and Welfare Benefit Plans – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this ASU is to simplify plan accounting.

- The amendments in Part I of this ASU designate contract value as the only required measurement for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements.
- The amendments in Part II of this ASU will eliminate the requirements for plans to disclose (1) individual investments that represent 5% or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Fair Value Measurement: Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or its Equivalent) and that investment is in a fund that files a United States Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required.
- The amendments in Part III of this ASU reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The amendments in this ASU are effective for fiscal years beginning after December 15, 2015. There was no material impact on the plan's net assets or changes in net assets upon adoption of the new standard.

*Investments Values at Net Asset Value*

In May 2015, FASB issued ASU No. 2015-07, *Fair Value Measurement: Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or its Equivalent)*. The amendments in this ASU remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this ASU are effective for fiscal years beginning after December 15, 2016. The adoption of the new standard is not expected to have a material effect on the Plan's net assets or changes in net assets.

## 3. Fair Value Measurements

The accounting standards establish a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy places the highest priority on unadjusted quoted marked prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 inputs such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following are descriptions of the valuation methods and assumptions used by the Plan to estimate the fair value of its investments:

*Mutual funds:* The fair value of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

*Money market fund:* Shares of money market funds are stated at cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## 3. Fair Value Measurements (Continued)

The following tables present the Plan's fair value hierarchy by asset class for those assets measured at fair value:

## 4. Information Certified by the Plan's Trustee (Unaudited)

The plan administrator has elected the method of annual reporting permitted by Section 2520.103-8 of ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company (the Trustee), except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule.

The Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

| *December 31,* | **2016** | 2015 |
|---|---|---|
| Investments, at fair value | **$ 3,435,433** | $ 2,862,179 |

## 5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' accounts would become fully vested.

## 6. Income Tax Status

On December 1, 2010, the Company adopted a volume submitter defined contribution plan sponsored by Fidelity Management and Research Company which received an opinion letter from the IRS dated March 31, 2008 which states that the form of the plan documents were in compliance with applicable requirements of the IRC. The Plan has been amended and restated since receiving the determination letter. However, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

## 7. Party-in-Interest Transactions

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. As such, transactions conducted by Fidelity Management Trust Company and its affiliates qualify as party-in-interest transactions.
