UNITED MEDICAL SYSTEMS 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2016 AND 2015

1. DESCRIPTION OF PLAN

The following description of the United Medical Systems 401(k) Profit Sharing Plan and Trust (“the Plan”) is provided for general purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan for the benefit of the employees of United Medical Systems (DE), Inc. (“the Company”). The Plan covers substantially all full time employees of the Company who have attained the age of twenty-one and have completed two months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions – Participants may contribute up to 60% of their earnings in any Plan year, as defined. Participants who have attained age 50 by year-end may also make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Effective August 1, 2016, the Plan was amended to allow after-tax Roth contributions which can either replace or complement a participant’s 401(k) pre-tax contributions. Similar to 401(k) contributions, Roth contributions can be made in an amount equal to 1% to 60% of the participant’s compensation. The Plan calls for non-discretionary employer matching contributions in an amount equal to 50% of employee pre-tax contributions, subject to a maximum of 4% of eligible compensation contributed to the Plan. Discretionary profit sharing contributions may be made as determined by the Company. The Company made no discretionary profit sharing contributions in 2016 and 2015. Participants are allowed to make contributions to the Plan during the year up to the amount allowed under the Internal Revenue Code. The Plan also provides that certain limitations may be imposed on participant’s contributions in order to comply with statutory requirements.

Participants’ accounts – Each participant’s account is credited with the participant’s contributions, and allocations of employer-matching contributions, and investment earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant’s account.

Vesting and forfeitures – Participants are immediately vested in their contributions and actual earnings thereon. Employer matching contributions and profit sharing contributions vest ratably over the first five years of the participant’s employment with the Company. Employment termination prior to being 100% vested results in a forfeiture of the non-vested portion of employer contributions. Forfeitures are used to reduce administrative expenses or future employer contributions. Forfeited non-vested accounts totaled \$16,284 and \$9,756 at December 31, 2016 and 2015, respectively. Employer contributions were reduced by \$67,964 from forfeited non-vested accounts for the year ended December 31, 2015. No employer contributions were reduced from forfeited non-vested accounts for the year ended December 31, 2016.

1. DESCRIPTION OF PLAN (CONTINUED)

Payment of benefits – Benefits are paid in the form of lump-sum cash distributions, installment distributions over a period of time, or direct rollovers equal to the value of the participant's vested interest in his or her account.

Expenses – The Company pays certain administrative expenses of the Plan, unless the Company directs that the expenses be paid by the Plan. Participant notes receivable set up and maintenance fees are paid directly by the participants through a reduction in their account. Investment management and recordkeeping fees are paid by the Plan through a reduction of investment income (net appreciation or depreciation) from the related investment option.

Participant notes – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loan must be repaid through payroll withholding over a period not to exceed five years, except for the purchase of a primary residence, in which case the repayment period is extended to ten years. The loans are secured by the balance in the participant's account. During 2015 and part of 2016, interest rates were determined by the plan administrator using local prevailing interest rates. Effective September 20, 2016, interest rates are determined based on the Wall Street Journal prime interest rate plus 2%. The prime rate was 3.50% at the time of the change. Effective December 15, 2016, the prime rate changed to 3.75% for the remainder of the year. The interest rate was 5.75% and 8.5% at year-end December 31, 2016 and 2015, respectively.

Amendment and termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant notes – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

Payment of benefits – Benefits to participants are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of estimates – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties – The Plan provides for various investment options. Investment securities, in general, are exposed to various risks, such as interest rate, credit and market risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent events – The Company has evaluated subsequent events through September 9, 2017, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2016 and 2015;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available from benefits for the year ended December 31, 2016 and 2015;
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2016.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

4. FAIR VALUE MEASUREMENTS (CONTINUED)

- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in inactive markets.
 - Inputs other than quoted prices that are observable for the asset or liability.
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

5. TAX STATUS

On March 31, 2014, the Internal Revenue Service stated that the volume submitter plan document adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended since adopting the volume submitter Plan. However, the plan administrator and the plan's tax counsel believes that the Plan is currently designed and being operated in compliance with the applicable requirements of IRC and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.
