MIDTEX OIL, L.P. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

Note 1: Description of the Plan
The following description of Midtex Oil, L.P. Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General
The Plan is a defined contribution plan sponsored by Midtex Oil, L.P. (Company) for the benefit of its employees who have at least one year of service and are age 20 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The John Hancock Life Insurance Company (John Hancock) serves as Plan custodian.

Contributions
The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to the maximum permitted by law. Employee rollover contributions are also permitted. For 2016 and 2015, the Company made matching contributions of 100% of employees' salary deferral amounts on the first 3% of employees' compensation and 50% of the amount of the employee's 401(K) contributions that exceed 3%, but do not exceed 4% of employee's compensation. Company profit-sharing contributions are discretionary as determined by the Company's Board of Directors. Contributions are subject to certain limitations. No discretionary contributions were made in 2016 or 2015.

Participant Investment Account Options
Investment account options available include various pooled separate accounts of John Hancock Life Insurance Company, the trustee of the plan. Each participant has the option of directing his contributions into any of the pooled separate investment accounts and may change the allocation daily.

Participant Accounts
Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their voluntary contributions and employer matching contributions plus earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after six years of continuous service. The non-vested balance is forfeited upon termination of service. The vesting schedule is as follows:

0-1 year - 0%
2 years - 20%
3 years - 40%
4 years - 60%
5 years - 80%
6 years - 100%

Payment of Benefits
Upon termination of service, an employee may elect to receive a lump-sum amount equal to the value of his account. In certain circumstances, participants may make hardship withdrawals as defined. Participants who make hardship withdrawals are not allowed to make elective contributions to the Plan for the six-month period following the withdrawal.

Note 1: Description of the Plan – Continued

Forfeited Accounts

At December 31, 2016 and 2015, the Plan had no forfeited non-vested accounts. These accounts are used to reduce future employer contributions.

Notes Receivable From Participants

The Plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of $50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on rates charged on loans made under similar circumstances as determined by the Plan administrator.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investment assets, income, schedule of investments and reportable transactions, if any, have been certified by the Plan's Trustee as being complete and accurate. The Plan's investments are stated at fair value. The Plan's investments in pooled separate accounts are valued at quoted prices in active markets for identical assets at the measurement date and represent the net asset value of registered investment company funds held in sub-accounts of the pooled separate accounts. Notes receivable from participants are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2016 and 2015 are reported in net appreciation in fair value of investments.

Notes Receivable from Participants

Participant loans are classified as notes receivable and are measured at their unpaid principal balance. Interest income on participant loans is recognized when received. When a participant fails to comply with the terms of a plan loan, the loan is in default. A defaulted loan may be treated as an actual distribution, a deemed distribution, or a combination of the two.

Note 2: Summary of Significant Accounting Policies – Continued

Plan Tax Status

The Plan operates under a non-standardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by David K. Young Consulting, effective January 1, 2012. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a new determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC) and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the plan and recognize a tax liability or asset for any uncertain position that more likely than not would be sustained upon examination by the IRS. The plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax period in progress.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Recent Accounting Pronouncements

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Pension Plans, Health and Welfare Benefit Plans: (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I is not applicable to the Plan. Part II eliminates requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of Plan assets. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has adopted Part II for the year ended December 31, 2016.

The adoption of these ASUs resulted in changes to the disclosures in the notes to the financial statements, but not affect any of the amounts in the statement of net assets available-for-benefits or statement of changes in net assets available-for-benefits. Management believes the new accounting standards reduce the complexity of plan accounting while maintaining the usefulness of the information provided to users of the financial statements.

Note 3: Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as to complete and accurate by the trustee. All are participant directed. The information certified includes total investments of $2,452,354 and $2,066,286 at December 31, 2016 and 2015, respectively.

The Plan's investments (including gains, losses, and earnings on investments bought and sold, as well as held during the year) appreciated in value by $144,127 in 2016 as opposed to depreciating in value by $34,685 in 2015.

Notes receivable from participants earned interest income of $8,822 and $7,451 for 2016 and 2015, respectively.

	2016	2015
Interest income from notes receivable from participants		
Certified by trustee	$ 8,822	$ 7,451
Segregated Funds (not certified by trustee)	210	553
	$ 9,032	$ 8,004

Note 4: Party-in-interest Transactions

The Plan's investments were held and invested by John Hancock Life Insurance Company, as Plan trustee, therefore, these transactions qualify as party-in-interest transactions. John Hancock received fees for its services provided to the Plan which were paid by the Plan.

The Company paid certain professional and administrative expenses related to the Plan during the year ended December 31, 2016 and 2015.

Note 5: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement

Note 5: Fair Value Measurements – Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There were no level 2 or level 3 inputs available to this plan.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Level 1:

Pooled separate accounts: Valued at the daily closing price as reported by the mutual funds that comprise the sub-accounts of the pooled separate accounts. Mutual funds held by the pooled separate accounts are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the pooled separate accounts are deemed to be actively traded.

Note 6: Significant Estimates and Concentrations

Current Economic Conditions

The current protracted economic decline continues to present employee benefit plans with difficult circumstances and challenges, which in some cases have resulted in large and unanticipated declines in the fair value of investments. The financial statements have been prepared using values and information currently available to the Plan.

Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Separated Participants with Deferred Vested Benefits

At December 31, 2016 and 2015, there were twenty-four separated participants with deferred vested benefits.

Note 9: Segregated Funds

One of the plan's participants has elected to invest all of his fund in a self-directed brokerage account. The account balance of this participant's self-directed brokerage account is reflected as segregated funds in the financial statements.

Note 10: Date of Management's Review

Subsequent events have been evaluated through October 11, 2017, which is the date the financial statements were available to be issued.
