NOTE 1 – PLAN DESCRIPTION

The following description of G.R. Birdwell Construction, L.P. 401(k) Profit Sharing Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions. The Plan is sponsored by G.R. Birdwell Construction, L.P. (the "Partnership") for the benefit of its employees.

General

The Plan was adopted effective April 1, 1999, and restated on April 1, 2016 to adopt a new prototype plan sponsored by Fidelity Management Trust Company ("Fidelity" or the "Custodian"). The Plan is a defined contribution plan covering substantially all employees of the Partnership. The purpose of the Plan is to provide employees with retirement benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Under the terms of the Plan, employees who have competed one year of service and have also attained the age of 18 are eligible to participate on the payroll period following the one-year anniversary date.

Contributions

Each year, participants may elect to defer up to fifteen percent of their pretax annual compensation, as defined in the Plan, through salary deductions; however, annual contributions may not exceed the maximum allowed under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollover").

The Partnership, at its discretion, may make discretionary matching contributions equal to a percentage of the participant's elective deferrals. For the year ended December 31, 2016, the Partnership made a discretionary matching contribution totaling $505,377.

Additionally, the Partnership may make discretionary profit sharing contributions which are allocated to participants based on the relative compensation of all participants eligible to receive a discretionary profit sharing contribution. For the year ended December 31, 2016, no discretionary profit sharing contributions were made.

Participant Accounts

Separate accounts are maintained for each participant. Participant accounts are credited with participant contributions, rollover contributions, allocations of Partnership contributions and investment earnings and losses, and charged with withdrawals and administrative fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Contributions from participant compensation deferrals are fully vested at all times. Partnership discretionary matching and profit sharing contributions become 20% vested for each year of service beginning with the second year until 100% vested after six years of service. Participants are automatically vested in Partnership contributions upon death, disability or retirement.

NOTE 1 – PLAN DESCRIPTION – CONTINUED

Investment Options

Upon enrollment in the Plan, participant contributions are automatically invested into one of six portfolios as determined by the participant's age. Each portfolio contains the same type of assets, but allocation of the underlying assets differs based on market risk. The portfolios may be comprised of various investments including common stocks, mutual funds, and money market funds. Although participants can request to change portfolios, participants are not allowed to direct their investments.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of their vested account balance. Loan transactions are treated as a participant-directed investment. Loan terms range from one to five years or longer for the purchase of a primary residence. Loans are secured by the vested balance in the participant’s account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Participants can have up to three outstanding loans at any time. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or for other reasons, a participant or their beneficiary will receive a lump-sum amount equal to the value of their vested account.

Withdrawals

Participants may make early withdrawals of all or a portion of their elective deferral contributions in their account under the hardship provision of the Plan. Participants may make unrestricted withdrawals of their vested accounts on or after age 59½.

Forfeitures

At December 31, 2016 and 2015, forfeited non-vested accounts totaled $20,625 and $3,748, respectively. These accounts may either be used to pay administration fees or to reduce future Partnership discretionary matching and profit sharing contributions. In 2016, employer contributions were reduced by $3,748 from forfeited nonvested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the modified cash basis of accounting; consequently, certain revenues and the related assets, primarily related to employer contributions, are recognized when received rather than when earned and certain expenses and related liabilities are recognized when paid rather than when incurred.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates. Estimates that have the most impact on financial position and results of performance primarily relate to the fair value of investments and the collectability of notes receivable from participants. Plan management believes these estimates and assumptions provide a reasonable basis for the fair presentation of the financial statements.

Investment Valuation and Income Recognition

Investments at year end are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfers a liability in an orderly transaction between market participants at the measurement date. The net change in fair value of investments is reported in the statement of changes in net assets available for benefits (modified cash basis) in the period of the change.

Purchases and sales of securities are recorded on a trade-date basis. Expenses related to the purchase or sale of investments are added to cost or deducted from proceeds. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred as a direct charge to the Participant's account. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net depreciation of fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

NOTE 3 – FAIR VALUE MEASUREMENTS – CONTINUED

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs, excluding those included in Level 1, are either observable prices for identical assets or liabilities in inactive markets, observable prices for similar assets and liabilities, or other inputs derived principally from, or corroborated by, observable market data at the measurement date.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016.

Money Market Funds: Valued at amortized cost with approximates fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The funds are required to publish their daily (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	(Level 1)	(Level 2)	(Level 3)	Total
December 31, 2016				
Money Market	$ 20,625	-	-	$ 20,625
Mutual Funds	7,613,656	-	-	7,613,656
Total Investments	$ 7,634,281	$ -	$ -	$ 7,634,281
December 31, 2015				
Money Market	$ 3,749	-	-	$ 3,749
Mutual Funds	6,493,787	-	-	6,493,787
Total Investments	$ 6,497,536	$ -	$ -	$ 6,497,536

NOTE 4 – ADMINISTRATION OF PLAN ASSETS

The Plan's assets were held by Fidelity Investment Company ("FIC") from January 1, 2016 through March 31, 2016, and held by Fidelity from April 1, 2016 through December 31, 2016. Administrative functions for the period of January 1, 2016 to April 1, 2016 were performed by Compensation Strategies Group, Ltd. Subsequent thereto, the administrative functions were transferred to Fidelity. Certain administrative expenses, including loan administration fees, are paid by the participants. Other administrative expenses, such as accounting and legal fees, are paid by the Company.

NOTE 5 – FEDERAL INCOME TAX STATUS

The Plan is a Prototype Plan sponsored by Fidelity. Fidelity received a determination letter from the Internal Revenue Services (the "IRS"), dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code. The Prototype Plan has been amended since receiving the determination letter. The Plan itself had not received a determination letter from the IRS. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

NOTE 6 – PARTIES-IN-INTEREST

The Plan has notes receivable from participants at December 31, 2016 and 2015. As a result, these notes and all transactions related to these notes qualify as parties-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

Additionally, the Plan holds a cash account with the Custodian for any pending settlement transactions. This cash account and all transactions related to this cash account qualify as party-in-interest transactions. These transactions are exempt from being prohibited by ERISA.

Fees paid by the Plan for general administrative, recordkeeping and investment advisory services totaled $3,801 for the year ended December 31, 2016.

NOTE 7 – INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

As of December 31, 2016, and for the period from April 1, 2016 to December 31, 2016, the following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by Fidelity.

Investments:	
Money Market	$ 20,625
Mutual Funds	7,613,656
Notes Receivables from Participants	513,114
Investment Income	400,688*

* Amount includes investment income for the certification period from April 1, 2016 to December 31, 2016.

NOTE 8 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities for its participants. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan terminations, participants would become fully vested in their employer contributions.

NOTE 10 – DIFFERENCES BETWEEN FORM 5500 AND FINANCIAL STATEMENTS

NOTE 1 – PLAN DESCRIPTION

The following description of G.R. Birdwell Construction, L.P. 401(k) Profit Sharing Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions. The Plan is sponsored by G.R. Birdwell Construction, L.P. (the "Partnership") for the benefit of its employees.

General

The Plan was adopted effective April 1, 1999, and restated on April 1, 2016 to adopt a new prototype plan sponsored by Fidelity Management Trust Company ("Fidelity" or the "Custodian"). The Plan is a defined contribution plan covering substantially all employees of the Partnership. The purpose of the Plan is to provide employees with retirement benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Under the terms of the Plan, employees who have competed one year of service and have also attained the age of 18 are eligible to participate on the payroll period following the one-year anniversary date.

Contributions

Each year, participants may elect to defer up to fifteen percent of their pretax annual compensation, as defined in the Plan, through salary deductions; however, annual contributions may not exceed the maximum allowed under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollover").

The Partnership, at its discretion, may make discretionary matching contributions equal to a percentage of the participant's elective deferrals. For the year ended December 31, 2016, the Partnership made a discretionary matching contribution totaling $505,377.

Additionally, the Partnership may make discretionary profit sharing contributions which are allocated to participants based on the relative compensation of all participants eligible to receive a discretionary profit sharing contribution. For the year ended December 31, 2016, no discretionary profit sharing contributions were made.

Participant Accounts

Separate accounts are maintained for each participant. Participant accounts are credited with participant contributions, rollover contributions, allocations of Partnership contributions and investment earnings and losses, and charged with withdrawals and administrative fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Contributions from participant compensation deferrals are fully vested at all times. Partnership discretionary matching and profit sharing contributions become 20% vested for each year of service beginning with the second year until 100% vested after six years of service. Participants are automatically vested in Partnership contributions upon death, disability or retirement.

NOTE 1 – PLAN DESCRIPTION – CONTINUED

Investment Options

Upon enrollment in the Plan, participant contributions are automatically invested into one of six portfolios as determined by the participant's age. Each portfolio contains the same type of assets, but allocation of the underlying assets differs based on market risk. The portfolios may be comprised of various investments including common stocks, mutual funds, and money market funds. Although participants can request to change portfolios, participants are not allowed to direct their investments.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of their vested account balance. Loan transactions are treated as a participant-directed investment. Loan terms range from one to five years or longer for the purchase of a primary residence. Loans are secured by the vested balance in the participant’s account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Participants can have up to three outstanding loans at any time. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or for other reasons, a participant or their beneficiary will receive a lump-sum amount equal to the value of their vested account.

Withdrawals

Participants may make early withdrawals of all or a portion of their elective deferral contributions in their account under the hardship provision of the Plan. Participants may make unrestricted withdrawals of their vested accounts on or after age 59½.

Forfeitures

At December 31, 2016 and 2015, forfeited non-vested accounts totaled $20,625 and $3,748, respectively. These accounts may either be used to pay administration fees or to reduce future Partnership discretionary matching and profit sharing contributions. In 2016, employer contributions were reduced by $3,748 from forfeited nonvested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the modified cash basis of accounting; consequently, certain revenues and the related assets, primarily related to employer contributions, are recognized when received rather than when earned and certain expenses and related liabilities are recognized when paid rather than when incurred.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates. Estimates that have the most impact on financial position and results of performance primarily relate to the fair value of investments and the collectability of notes receivable from participants. Plan management believes these estimates and assumptions provide a reasonable basis for the fair presentation of the financial statements.

Investment Valuation and Income Recognition

Investments at year end are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfers a liability in an orderly transaction between market participants at the measurement date. The net change in fair value of investments is reported in the statement of changes in net assets available for benefits (modified cash basis) in the period of the change.

Purchases and sales of securities are recorded on a trade-date basis. Expenses related to the purchase or sale of investments are added to cost or deducted from proceeds. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred as a direct charge to the Participant's account. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net depreciation of fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

NOTE 3 – FAIR VALUE MEASUREMENTS – CONTINUED

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs, excluding those included in Level 1, are either observable prices for identical assets or liabilities in inactive markets, observable prices for similar assets and liabilities, or other inputs derived principally from, or corroborated by, observable market data at the measurement date.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016.

Money Market Funds: Valued at amortized cost with approximates fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The funds are required to publish their daily (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	(Level 1)	(Level 2)	(Level 3)	Total
December 31, 2016				
Money Market	$ 20,625	-	-	$ 20,625
Mutual Funds	7,613,656	-	-	7,613,656
Total Investments	$ 7,634,281	$ -	$ -	$ 7,634,281
December 31, 2015				
Money Market	$ 3,749	-	-	$ 3,749
Mutual Funds	6,493,787	-	-	6,493,787
Total Investments	$ 6,497,536	$ -	$ -	$ 6,497,536

NOTE 4 – ADMINISTRATION OF PLAN ASSETS

The Plan's assets were held by Fidelity Investment Company ("FIC") from January 1, 2016 through March 31, 2016, and held by Fidelity from April 1, 2016 through December 31, 2016. Administrative functions for the period of January 1, 2016 to April 1, 2016 were performed by Compensation Strategies Group, Ltd. Subsequent thereto, the administrative functions were transferred to Fidelity. Certain administrative expenses, including loan administration fees, are paid by the participants. Other administrative expenses, such as accounting and legal fees, are paid by the Company.

NOTE 5 – FEDERAL INCOME TAX STATUS

The Plan is a Prototype Plan sponsored by Fidelity. Fidelity received a determination letter from the Internal Revenue Services (the "IRS"), dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code. The Prototype Plan has been amended since receiving the determination letter. The Plan itself had not received a determination letter from the IRS. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements.
