We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of December 31, 2016 and 2015, and for the years then ended, that the information provided to the Plan administrator by the Trustee is complete and accurate.

AMERIFORGE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following brief description of the Ameriforge 401(k) Plan (the "Plan"), is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, established effective March 1, 2000, is a volume submitter ("VS") defined contribution plan sponsored by AFGlobal Corporation (the "Company"), covering substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan has been adopted by the following related employers: Steel Industries, Inc., Taper-Lok Corporation, AF Gloenco, Inc., Ameriforge Corporation, Century Corrosion Technologies, LLC, Allpoints Oilfield Services, LLC, Ameriforge Cuming Insulation, LLC, Cuming Corporation, NRG Manufacturing Louisiana, LLC, Flotation Technologies, LLC, and NRG Manufacturing Inc. Effective August 30, 2016, MPO LLC adopted the Plan as a participating employer. The term "Employers" used in the accompanying financial statements and notes thereto, refer to the collective group of related participating employers.

Effective July 2, 2014, the Plan was amended and restated to comply with the most recent statutory and regulatory changes applicable to plans maintained under Code Section 401(a) and 401(k) of the Internal Revenue Code ("IRC").

Effective March 16, 2015, the Plan was amended to allow participants to make voluntary, non-deductible, after-tax employee contributions pursuant to the Plan Document not to exceed the contribution limits set for in Section 402(g) of the IRC.

Administration

The Plan is administered by the Company and, accordingly, certain administrative functions are performed by officers or employees of the Company. No officers or employees receive compensation from the Plan. Fidelity Management Trust Company (the "Trustee") serves as the Plan's Trustee and recordkeeper.

Eligibility

Employees over the age of 18 may elect to participate in the Plan as of the first day of the month following completion of one hour of service.

Automatic Enrollment

All eligible employees are automatically enrolled in the Plan, and are deemed to have elected a deferral rate of 3% of their pre-tax compensation. An employee may affirmatively elect not to participate in the Plan or may elect a different deferral rate.

Contributions

Participants of the Plan may designate, as a payroll deduction, a percentage of their compensation as pre-tax deferral 401(k) contributions, Roth 401(k) contributions, or a combination thereof. Total employee contributions may not exceed 75% of the participant's compensation or the limitation ($18,000 in both 2016 and 2015) set forth in Section 402(g) of the IRC. Participants may make catch-up contributions, pre-tax contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant's 50th birthday. Participants' total catch-up contributions during both 2016 and 2015 cannot exceed $6,000. Effective March 16, 2015, participants may designate a percentage of their compensation as after-tax contributions, subject to the 75% of participant's compensation limitation. Participants may also make rollover contributions from other qualified plans.

1. Description of Plan, continued

Contributions, continued

The Employers may make discretionary matching contributions, if any, equal to a percentage of the participant's elective salary deferral contributions to the Plan. The Plan permits the application of different discretionary Employer matching contribution formulas by the individual participating Employers. The Employers may also elect to make additional discretionary contributions, if any, to be contributed to the Plan as Employer non-elective contributions. Employer non-elective contributions are allocated to each eligible participant, as defined in the Plan document, based on the ratio of the eligible participant's compensation to the total compensation paid to all eligible participants for the Plan year. During the years ended December 31, 2016 and 2015, discretionary Employer matching contributions totaled $734,196 and $775,900, respectively. The Employers made no discretionary non-elective contributions during the years ended December 31, 2016 and 2015.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (i) Plan earnings or losses and (ii) Employer discretionary contributions, if any. Contributions and allocations are invested in securities held in trust and may be directed at the participant's option to any of the Plan's investment alternatives. Earnings and losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Upon the occurrence of a distribution event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Vesting

Participants are 100% vested in employee contributions and any earnings thereon. Participants are subject to the following vesting schedule for Employer contributions.

Years of Service	Percent Vested
1	33%
2	66%
3 or more	100%

A participant becomes 100% vested in all Employer contributions upon death, disability or attaining the normal retirement age, as defined in the Plan document.

Notes Receivable from Participants

Participants may borrow from their fund accounts any amount greater than $1,000 up to a maximum amount equal to the lesser of (a) $50,000 minus the participant's highest outstanding note balance during the prior twelve month period, or (b) 50% of the participant's vested account balance. Note terms range from one to five years, except for notes used for the purchase of a principal residence, which may be repaid over 10 years. Principal and interest payments are made by payroll withholdings according to the terms of the promissory note. Notes are secured by the vested balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Participant notes receivable outstanding at December 31, 2016 and 2015 totaled $718,155 and $951,740, respectively. Interest rates ranged from 3.25% to 3.50% on notes outstanding at December 31, 2016. The interest rate on notes outstanding at December 31, 2015, was 3.25%.

Payment of Benefits

The Plan provides benefits for eligible participants upon retirement, death, termination, or permanent disability, according to the form of payment elected by the participant within the limitations defined in the Plan. Distributions shall be made in the form of a lump sum or equal periodic installments.

1. Description of Plan, continued

Payment of Benefits, continued

Prior to termination of employment, participants over the age of 59 ½ may elect to receive a distribution of their vested account balance. The Plan also allows hardship withdrawals subject to Internal Revenue Service ("IRS") regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the employee and is limited to certain purposes. The Plan imposes a six month suspension of employee contributions following a hardship withdrawal.

Forfeited Accounts

All Employer contributions credited to a participant's account, but not vested, are forfeited by the participant upon distribution of the full vested value of his or her account. Forfeitures are used to pay Plan expenses or reduce Employer contributions. During both 2016 and 2015, forfeited non-vested amounts of $0 were used to pay Plan expenses or reduce Employer contributions. As of December 31, 2016 and 2015, forfeitures available to pay Plan expenses or reduce future Employer contributions totaled $168,706 and $107,394, respectively.

Administrative Expenses

The Plan is responsible for payment of the Plan's administrative expenses and fees. However, the Employers may pay certain administrative expenses on behalf of the Plan. Fees paid by the Employers on behalf of the Plan were $47,256 and $46,820 for the years ended December 31, 2016 and 2015, respectively.

Expense Offset Arrangements

Fees incurred by the Plan for the investment management or recordkeeping services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment securities. These investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation (depreciation) of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

Benefit Payments

Benefits are recorded when paid.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12*, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, to reduce the complexity in employee benefit plan accounting.

Part I - *Fully Benefit-Responsive Investment Contracts*: Eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts.

Part II - *Plan Investment Disclosures*: Eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. *Part II* also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset.

Part III - *Measurement Date Practical Expedient*: Reduces complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. *Part III* is not applicable to the Plan.

ASU No. 2015-12 is effective for fiscal years beginning on or after December 15, 2015. *Parts I* and *II* are effective on a retrospective basis, and *Part III* is effective on a prospective basis. Early adoption is permitted. Plan management elected to early adopt *Part II* in 2015. *Parts I and III* are not applicable to the Plan. The adoption of ASU No. 2015-12, *Part II*, in 2015, resulted in the elimination of the footnote disclosing individual investments that represent 5 percent or more of net assets available for benefits and simplification of disclosures in the fair value measurement and information certified by the trustee footnotes. The adoption did not have any impact on the Plan's net assets available for benefits and changes therein.

3. Fair Value Measurements

FASB Accounting Standards Codification Topic 820 ("ASC 820"), *Fair Value Measurement and Disclosure,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining the fair value of the assets and liabilities, the Plan generally uses the market approach. The market approach uses prices and other relevant data based on market transactions involving identical or comparable assets.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at quoted market prices, which represent the net asset value ("NAV") of shares held by the Plan at year-end.

Money market account: Valued at the daily closing price as reported by the money market account.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2016 and 2015:

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 22,342,681	$ -	$ -	$ 22,342,681
Money market account	1,840,866	-	-	1,840,866
Total investments at fair value	$ 24,183,547	$ -	$ -	$ 24,183,547

	Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 22,031,943	$ -	$ -	$ 22,031,943
Money market account	1,034,124	-	-	1,034,124
Total investments at fair value	$ 23,066,067	$ -	$ -	$ 23,066,067

4. Information Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of investments, interest income on notes receivable from participants, and interest and dividends for the years then ended, was obtained from the information supplied to the Plan administrator and certified as complete and accurate by the Trustee of the Plan.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

5. Tax Status

The Plan adopted by the Company is a VS plan that is designed to comply with provisions of the IRC Economic Growth and Tax Reconciliation Act of 2001 ("EGTRRA"). Such VS plans are pre-approved by the IRS by reference to the Cumulative List of Changes in Plan Qualification Requirements (the "Cumulative List") provided under EGTRRA. Accordingly, the Plan was eligible for a six-year remedial amendment cycle. Because the Plan is a VS plan, the Company is not authorized to amend the Plan except to comply with changes in the Cumulative List. The Plan received a favorable opinion letter from the IRS on March 31, 2014.

.

The Plan has been amended since receiving the opinion letter. However, the Plan's Trustee and administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and accordingly, that the trust maintained in connection with the Plan is qualified and the trust is tax-exempt.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100 percent vested in their account balances.

7. Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies and money market accounts managed by the Trustee. The Plan also includes notes receivable from participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from prohibition of the party-in-interest transactions under ERISA.

8. Reconciliation of Financial Statements to Form 5500

The amounts on the financial statements, prepared on the accrual basis of accounting, differ from amounts on the Form 5500, which is prepared on the cash basis of accounting.

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2016 and 2015:

	2016	2015
Net assets available for benefits per the financial statements	$ 25,039,864	$ 24,143,588
Employer contributions receivable	(27,597)	(22,458)
Participant contributions receivable	(110,565)	(103,323)
Net assets available for benefits per Form 5500	$ 24,901,702	$ 24,017,807

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2016 and 2015:

	2016	2015
Net increase in net assets available for benefits per the financial statements	$ 896,276	$ 1,256,511
Change in employer contributions receivable	(5,139)	2,120
Change in participant contributions receivable	(7,242)	23,168
Change in excess contributions payable	-	(43,569)
Net increase in net assets available for benefits per Form 5500	$ 883,895	$ 1,238,230

9. Partial Plan Termination

During 2015, in connection with local economic conditions, employees were terminated from the Company's employment and were no longer active participants, as defined by the Plan. The reduction in active participants exceeded the 20% threshold for presumption of a partial plan termination under IRS guidelines. In 2016, the Plan administrator determined that the reduction in participation constituted a partial plan termination. Accordingly, all employees terminated during the 2015 Plan year became immediately and fully vested in their account balances on such date of termination.

10. Subsequent Events

Plan management has evaluated subsequent events through October 11, 2017, which is the date the financial statements were issued, and has concluded that there are no significant events to be reported.
