Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Reliance Trust Company (Reliance), the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion Paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2016 - 12/31/2016 and indirect compensation is presented on a calendar year basis ending 12/31/2016.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

****

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

---

[1]Please refer to the Schedule C of the Form 5500 and its instructions (available at: http://www.dol.gov/ebsa/5500main.html), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to MassMutual Retirement Services, LLC ("MMRS") are the net result of aggregating direct compensation after the effects of adjustments processed in 2016, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. MassMutual's Code of Conduct generally restricts MassMutual employees from giving to or receiving gifts from customers and/or business partners having a value of over $100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including MassMutual, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual.

Please consult with your legal or tax advisors if you have any questions.

The list includes any investment option held by the plan on at least one month end during the 2016 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each fund, multiply the rate of fees received from each fund by your plan's year-end balance (or if the fund was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the fund at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

**This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

The following description of the Devcon Construction, Inc. (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established in 1980 by the Company to provide benefits to eligible employees of the Company. Prior to 2003, the Plan was known as the Lakeside Associates dba Devcon Construction, Inc. Profit Sharing Plan. The Plan covers all employees except for union employees and certain nonresident aliens. Employees who have a minimum of 6 months of service, 1,000 hours of work performed during the Plan year, are employed on the last day of the Plan year and are age 18 or older are eligible to receive employer profit sharing contributions.

The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration – Reliance Trust Company (Reliance) acts as trustee and holds title to the plan assets. A third party administrator related to Reliance processes and maintains the records of participant data. Plan administration costs are borne by the Plan, but are waived by Reliance upon meeting specified account balance requirements. The Company can be reimbursed for paid expenses made on behalf of the Plan.

Investments – Investments in mutual funds are stated at fair value determined by quoted market prices. Investment in a common collective trust that invests in a fully benefit-responsive investment contract is valued at contract value.

Vesting – Employee salary deferrals, including catch-up contributions, are always 100% vested. Employer contributions vest ratably and are fully vested in the participant's account after six years of credited service. An exception to the vesting period exists when an employee dies or becomes disabled while still employed by the employer, in which case the employee's account becomes 100% vested.

Forfeitures – Forfeitures will occur as of the earlier of (1) the last day of the plan year in which the former participant incurs five consecutive 1-year breaks in service or (2) the distribution of the entire vested portion of the participant's account. Forfeited nonvested accounts will be used to offset Plan expenses and reduce employer's contributions.

At December 31, 2016 and 2015, forfeited nonvested accounts totaled $663,286 and $429,579, respectively.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties – The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Income Taxes – The Plan Sponsor has received a favorable income tax determination letter from the Internal Revenue Service dated September 7, 1995. However, the plan document has been amended and restated since receiving that determination letter. The Plan Sponsor and administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and they have stated that they will take whatever action is required, if any, to continue the Plan as a qualified plan. Accordingly, they believe that the Plan is qualified and its related trust is tax exempt.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Reclassification – Certain prior year amounts have been reclassified for consistency with the current period presentation.

Subsequent Events – Subsequent events were evaluated through October 10, 2017, the date which the financial statements were available to be issued.

NOTE 2 – PARTICIPATION AND BENEFITS

Participant Contributions – Participants may elect to contribute a portion of their pre-tax or after-tax compensation up to the amount allowable under current income tax regulations. Contributions are invested in accordance with each participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

NOTE 2 – PARTICIPATION AND BENEFITS (Continued)

Employer Contributions – The Company makes discretionary profit sharing contributions as defined in the Plan and as approved by the Board of Directors. The employer may choose not to contribute to the Plan for a particular plan year. The total Company contribution may not exceed 25% of total eligible compensation.

Participant Account – Each participant account is credited with the participant's contribution, Plan earnings or losses, and an allocation of the Company's contribution. Allocation of the Company's contribution is based on participant compensation, as defined in the Plan.

Payment of Benefits – Upon termination, disability or death, the participant or beneficiary will receive the benefits in a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Notes Receivable from Participants – The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the participant's vested balance. Such loans bear interest at available market financing rates and must be repaid to the Plan within a five-year period, unless the loan is used for the purchase of a residence in which case the maximum repayment period is established by the Plan administrator, but not to exceed ten years. The Plan administrator establishes the specific terms and conditions of such loans.

NOTE 3 – CHANGES IN ACCOUNTING STANDARDS

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II have been applied retrospectively. Management elected early adoption of parts I & II in 2015.

NOTE 4 – PLAN TERMINATION AND/OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its employees; however, it reserves the right to terminate and/or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

NOTE 5 – CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by Reliance regarding the current value of assets held as of December 31, 2016 and 2015, and transactions entered into during 2016 was used in the preparation of the accompanying financial statements and supplemental schedules.

The following table summarizes the fair values of investment funds that were certified by Reliance as of December 31:

	2016	2015
Certified:		
Common collective trust	$ 7,951,779	$ 5,735,022
Mutual Funds	53,618,509	46,831,439
Notes receivable from participants	595,805	617,360
	$ 62,166,093	$ 53,183,821

Reliance has certified the following income amounts for 2016:

Income from fully benefit-responsive investment contract	$ 68,299
Dividends and interest from investments	1,683,535
Interest from notes receivable	24,143
Net unrealized and unrealized appreciation of investments	2,335,360
	$ 4,111,337

NOTE 6 – FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a hierarchy to prioritize the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest ranking to fair values determined using unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest ranking to fair values determined using methodologies and models with unobservable inputs (Level 3). Observable inputs are those that market participants would use in pricing the assets based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumption about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1- Values are unadjusted quoted prices for identical assets or liabilities in active markets accessible at the measurement date.

Level 2- Inputs included in quoted prices for similar assets or liabilities in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves.

Level 3- Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Plan's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

In accordance with generally accepted accounting principles, the following tables represent the Plan's fair value hierarchy for its financial assets and liabilities (cash and investments) measured at fair value on a recurring basis of as December 31, 2016 and 2015.

Fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 53,618,509	$ -	$ -	$ 53,618,509
Total investments at fair value	$ 53,618,509	$ -	$ -	$ 53,618,509

NOTE 6 – FAIR VALUE MEASUREMENTS (Continued)

Fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 46,831,439	$ -	$ -	$ 46,831,439
Total investments at fair value	$ 46,831,439	$ -	$ -	$ 46,831,439

NOTE 7 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following reconciles net assets available for plan benefits per the financial statements at December 31, 2016 to Form 5500:

	2016	2015
Net assets available for plan benefits per financial statements	$ 67,487,401	$ 57,651,580
Employer contribution receivable	(5,321,308)	(4,467,759)
Net assets available for plan benefits per Form 5500	$ 62,166,093	$ 53,183,821

The following reconciles contributions received per the financial statements for the year ended December 31, 2016 to Form 5500:

Contributions received per financial statements	$ 6,761,318
Employer contribution receivable 2015	4,467,759
Employer contribution receivable 2016	(5,321,308)
Contributions received per Form 5500	$ 5,907,769

The following reconciles the change in net assets per the financial statements for the year ended December 31, 2016 to Form 5500:

Change in net assets per financial statements	$ 9,835,821
Employer contribution receivable 2015	4,467,759
Employer contribution receivable 2016	(5,321,308)
Change in net assets per Form 5500	$ 8,982,272

NOTE 8 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has entered into a fully benefit-responsive investment contract with Reliance. The fully benefit-responsive investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Invesco Stable Value Trust is fully benefit-responsive, contract value is the relevant measurement and presented on the face of the statement of net assets available for benefits. Contract value, as reported to the Plan by Reliance, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed-upon with the issuer, but it may not be less than zero percent.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.
