BELLOFRAM CORPORATION HOURLY 401(k) UNION PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2016 and 2015

NOTE A - DESCRIPTION OF PLAN

The following description of the Bellofram Corporation Hourly 401(k) Union Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a qualified defined-contribution plan. Any full-time employee of Bellofram Corporation (the Company) covered by the International Brotherhood of Teamsters Local 416 collective bargaining agreement, credited with three months of service who has attained age 18, is eligible to participate in the Plan on the first day of the quarter following the date on which eligibility requirements are met.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Reliance Trust Company (the Trustee) is the Trustee of the Plan, holds the Plan's investment assets, and executes transactions therein based upon specific authorization of the Plan's participants.

Employee Contributions to the Plan

Each year, participants may contribute up to 100% of creditable compensation, as defined in the Plan, not to exceed the maximum salary deferral permitted by the Internal Revenue Code (IRC), which is \$18,000 for 2016 and 2015. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans.

Employer Contributions to the Plan

Matching contributions are determined based upon amounts specified in the union contract and are recognized as of December 31 of each year.

Each year, the employer may elect to make a discretionary profit-sharing contribution equal to a percentage of participant compensation. No discretionary contributions were made in 2016 or 2015.

Vesting

Plan participants are vested with respect to the employer matching contributions, discretionary profit-sharing contributions, and earnings thereon, in accordance with the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Participants are immediately vested in their salary deferral and voluntary employee contributions plus earnings thereon.

The benefit payable to a participant or their designated beneficiary is determined by the value of the vested portion of the participant's rollover account, employee contribution account, and employer contribution account as of the valuation date.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, and (b) Plan earnings; these contributions and earnings are invested in Reliance Trust Company funds as directed by the participant. Allocations are based on participant contributions or account balances, as defined.

Payments of Benefits

Retirement, Death, Termination: At normal or deferred retirement, payment will be made in a lump sum. In the event of a participant's death, payment will be made to the participant's spouse (if any) or to a beneficiary as designated by the participant and his or her spouse (if any). If a participant terminates employment, payment of benefits will be made immediately.

Withdrawals: In-service withdrawals are permitted at the attainment of age 59½. Additionally, hardship withdrawals, as defined in the regulations issued under section 401(k) of the Internal Revenue Code (IRC), are permitted.

Forfeitures

Forfeitures of employer matching contributions are reallocated as of the last day of the Plan year in which the forfeiture occurred.

Notes Receivable from Participants

The Plan permits loans to participants of up to 50% of their vested account balance, not less than \$1,000 and not to exceed \$50,000. Loan transactions are treated as a transfer between the investment account and the notes receivable from the participant's account. Loans bear a reasonable rate of interest as determined by the Plan Administrator. Loan terms cannot exceed five years with the exception of loans for the purpose of purchasing a principal residence, which can be for a term not to exceed ten years.

If a participant fails to repay a loan according to its terms, the Trustee will declare the loan in default. Upon default, the outstanding balance of the note shall be considered a deemed distribution to the participant or beneficiary for tax purposes.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed in the preparation of these financial statements. These policies conform to accounting principles generally accepted in the United States of America, and have been applied on a consistent basis.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and changes thereon.

Investment Valuation and Income Recognition

Investments in the mutual fund investments are valued at quoted market prices, as reported to the Plan by the Trustee, which represents the net asset value of shares held by the Plan at year-end. The stable value fund is stated at net asset value.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2016 and 2015

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recognized when earned. In addition to interest and dividends, investment income includes unrealized and realized gains and losses of the Plan's investments.

Participant notes receivable are valued at their outstanding balances, which approximate fair value.

Notes Receivable from Participants

Notes receivables from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016 and 2015, no allowance for credit losses has been recorded. If a participant does not make loan payments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on terms of the Plan document.

Contributions

Participant contributions are recognized when participants' amounts are withheld from wages. Employer matching contributions are recognized as of December 31.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are paid by the Plan.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events

The Plan Administrator has evaluated all activity of the Plan through October 10, 2017, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements or notes.

Reclassifications

Certain reclassifications have been made to the prior year financial statements to conform to the current year presentation. These reclassifications had no effect on previously reported changes in net assets.

NOTE C - FAIR VALUE MEASUREMENTS

FASB ASC 820 establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described in the table below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- **Quoted prices for similar assets or liabilities in active markets;**
- **Quoted prices for identical or similar assets or liabilities in inactive markets;**
- **Inputs other than quoted prices that are observable for the asset or liability;**
- **Inputs that are derived principally from or corroborated by observable market data by correlation or other means.**

If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. (Level 1)

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Notes receivable from participants of the Plan qualify as party-in-interest transactions.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G - INCOME TAX STATUS

The Plan has adopted the Trustee's prototype plan, which at July 16, 2014 had received a favorable determination from the IRS. The prototype plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
