Report of Independent Auditors

To the Plan Administrator and Participants,
Varidesk, LLC 401(k) Plan

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the Varidesk, LLC 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, collectively, the custodian, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – 2015 Financial Statements

We have compiled the accompanying statement of net assets available for benefits as of December 31, 2015. We have not audited or reviewed this financial statement and, accordingly, do not express an opinion or provide any assurance about whether the financial statement is in accordance with accounting principles generally accepted in the United States of America.

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule, which is composed of the Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2016, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2016 and 2015

1. Description of Plan

The following brief description of the Varidesk, LLC 401(k) Plan ("the Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution retirement plan sponsored by Varidesk, LLC. (the "Company") for the benefit of the employees and was established on October 1, 2014. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA") of 1974.

Effective January 1, 2015, the Plan was amended and restated to bring the Plan into compliance with the Pension Protection Act of 2006.

Effective July 22, 2015, the Plan was amended to recognize service with Gemmy Industry Corporation, a predecessor employer of the Plan.

Effective January 1, 2016, the Plan was amended to reduce the minimum age requirement to participate in the Plan from 21 to 18 and to remove bonuses, commissions, and supplemental checks from the definition of Plan compensation.

Eligibility
Employees are eligible to participate in the Plan upon reaching the age of 18. Upon meeting the eligibility requirements, employees are automatically enrolled in the Plan at a pre-tax deferral rate of 3%.

Contributions
Participants may contribute up to 100% of pretax annual compensation, as defined by the Plan, subject to Internal Revenue Service ("IRS") limitations. Participants may elect to have those contributions made as either pre-tax or after-tax (Roth) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into the various investment options offered by the Plan.

At the discretion of the Board of Directors, the Company may elect to contribute a matching contribution to eligible participants equal to 25% of participant deferrals, up to a maximum of 6% of plan compensation. For the year ended December 31, 2016, the Company elected to provide this matching contribution.

Participant Accounts
Each participant's account is credited with the participant's contributions; the Company's matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant accounts are value daily to reflect income earned.

1. Description of Plan (continued)

Vesting
Participants are always vested in their rollover contributions, deferral contributions, and any earnings thereon. Any matching contributions received vest according to the table below. Any contributions and earnings forfeited due to vesting can be used to offset future employer contributions and reduce plan administrative expenses.

Years of Service	Vested Percentage
Less than 1 year	0%
1 years	33%
2 years	66%
3 years	100%

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Participants may not have more than one loan outstanding at any time. The loans are secured by the balance in the participant's account. The interest rates for loans are set at Prime plus 2 percent. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits
Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to all or a portion of the value of the participant's vested interest in his or her account, in the form of a lump-sum distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A participant may withdraw part of the vested interest in his or her account in the event of an immediate and heavy financial hardship.

Forfeited Accounts
For the year ended December 31, 2016, a total of $1,463 was forfeited by participants. The Plan utilized $1,110 during the year ended December 31, 2016 to reduce employer contributions. Unallocated forfeiture balances of $548 and $150 were available to offset future employer contributions or Plan expenses as of December 31, 2016 and 2015, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared under the accrual method of accounting in conformity with U.S. generally accepted accounting principles ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation
Investments in mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. The Plan trustee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian, and insurance company. See Note 4 for discussion of fair value measurements.

The Plan's investment in the Key Guaranteed Portfolio Fund, a fully-benefit responsive investment contract, is reported at contract value, which is the relevant measurement for this type of investment.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments
Benefits are recorded when paid.

Expenses
The Company pays certain administrative expenses incurred by the Plan. Certain investment and administration fees are deducted directly from participant's investment returns. Transaction costs borne by the Plan are charged to the individual participant who initiated the transaction to which the charge relates by reducing the participant's account balance.

Recently Adopted and New Accounting Pronouncements
In May 2015, the Financial Accounting Standards Board ("FASB") issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The ASU removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. The Plan adopted ASU 2015-07 during the plan year ended December 31, 2015.

2. Summary of Significant Accounting Policies (continued)

Recently Adopted and New Accounting Pronouncements (continued)
In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. The ASU simplifies the required disclosures related to employee benefit plans. Part I eliminates the requirement to measure and disclose the fair value of fully benefit responsive contracts, including common collective trust assets. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by type. Part II also requires plans to continue to disaggregate investments that are measured using fair value by general type, however plans are no longer required to also disaggregate investments by nature, characteristics and risks. Furthermore, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The Plan adopted ASU 2015-12 during the plan year ended December 31, 2015.

Subsequent Events
Subsequent events have been evaluated through the date of the report of independent auditors, which is the date the financial statements were available to be issued. There were no items that would require recognition in the financial statements or disclosure in the notes to the financial statements.

3. Information Certified by the Custodian (unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the Plan Sponsor instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, collectively, the custodian, of the Plan, as complete and accurate, except for comparing such information certified by the custodian with information included in the plan's financial statements and supplemental schedules:

As of December 31,		**2016**		*Compiled 2015*
Investments:				
Mutual funds, at fair value	**$**	**696,391**	$	287,956
Guaranteed investment contract, at contract value		**82,081**		36,362
Total investments		**778,472**		324,318
Notes receivable from participants	**$**	**1,352**	$	-

For the year ended December 31,		**2016**
Net appreciation in fair value of investments	**$**	**30,031**
Interest and dividend income		**20,663**
Interest income on notes receivable from participants		**50**

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB accounting guidance are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Mutual funds:	$ 696,391	$ -	$ -	$ 696,391
Total investments at fair value	$ 696,391	$ -	$ -	$ 696,391

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Mutual funds:	$ 287,956	$ -	$ -	$ 287,956
Total investments at fair value	$ 287,956	$ -	$ -	$ 287,956

5. Guaranteed Investment Contract

The Plan has a fully benefit responsive group annuity contract with an insurance company, which is called the Key Guaranteed Portfolio Fund. The insurance company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses.

Since the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

5. Guaranteed Investment Contract (continued)

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2016 and 2015 was 1.16% and 1.31%, respectively. The actual average yield earned by the Plan for the group annuity contract is derived by averaging the Plan's quarterly interest rates. The average for 2016 and 2015 was 1.16% and 1.31%, respectively.

6. Related-Party and Party- In- Interest Transactions

The Plan invests in mutual funds and a guaranteed investment contract issued and managed by Great-West Life and Annuity Insurance Company and its subsidiaries. Certain subsidiaries provide administration and recordkeeping services to the Plan while another serves as the Plan custodian. These specific investments issued by or managed by Great-West Life and Annuity Insurance Company qualifies as party in interest transactions. The Plan made direct payments to the record keeper and custodian totaling $2,454 during the year ended December 31, 2016. These costs incurred by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. The plan sponsor pays directly any other fees related to the Plan's operations.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

8. Income Tax Status

The Plan has adopted a volume submitter 401(k) and profit sharing plan with cash or deferral arrangement sponsored by America's 401(k), Inc., which received a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, stating that the Plan, as then designed, was acceptable under Section 401(a) of the Code, and therefore, the related trust is exempt from taxation. The Plan itself has not received a determination letter from the IRS. However, Plan management believes the Plan, as adopted and amended, is operating within the guidelines of the Internal Revenue Code (IRC). Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

9. Risk and Uncertainties

The Plan offers a variety of investment options to participants. These investment options are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investments in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
