NOTE 1 – PLAN DESCRIPTION

The following description of Hotel Valencia Corporation 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions. The Plan Document is controlling at all times.

General

The Plan Sponsor is Hotel Valencia Corporation and other adopting employers are Southern Star Courts Management Corporation, Hotel Alessandra Management, LLC, and Citrus Hotels Corporation, all of which are collectively hereafter referred to as the Employer and Company.

The Plan was established with an effective date of January 1, 2004, for the benefit of substantially all employees of Hotel Valencia Corporation (the "Company").

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA). As defined in the Plan Document, employees who have completed 90 days of service are eligible to participate in the Plan. Once an employee becomes eligible to participate in the Plan, the employee may enroll into the Plan on the first day of the quarter following the month the employee becomes eligible unless the Company is notified otherwise by the employee.

Contributions

Each year, participants may contribute from 1% to 100% of their pretax annual compensation, as defined in the Plan, through salary deductions; however, annual contributions may not exceed the maximum allowed under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows Participants to make Roth 401(k) deferrals which are subject to federal income taxes in the year of deferral. However, these deferrals are not subject to federal income taxes when distributed to participants. Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

The Plan includes a Roth 401(k) feature which allows employees to contribute funds on a post-tax elective deferral basis, in addition to, or instead of, pre-tax elective deferrals. The Roth 401(k) feature allows for tax free growth and distribution provided the post-tax contributions have been invested for a least 5 years and the employee has reached the age of 59 and a half.

The Company's safe harbor matching contributions are equal to 100% of the participant's salary deferrals up to 3% of their compensation plus 50% of their salary deferrals between 3% and 5% of their compensation. For the year ended December 31, 2016, the Company made safe harbor matching contributions totaling $255,904.

Additionally, the Company may make discretionary profit sharing contributions which are allocated to participant based on the relative compensation of all participants eligible to receive a discretionary profit sharing contribution. For the year ended December 31, 2016, no discretionary profit sharing contributions were made.

NOTE 1 – PLAN DESCRIPTION – CONTINUED

Participant Accounts

Separate accounts are maintained for each participant. Participant accounts are credited with the participant contributions, rollover contributions, and allocations of Company contributions and investment earnings and losses, and charged with withdrawals and administrative fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, safe harbor matching contributions, and actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions plus actual earnings thereon is based on years of continuous service. However, if a participant dies, or becomes disabled prior to attaining the normal retirement age, or attains early or normal retirement age as defined by the Plan, the participant's account becomes 100% vested if still employed by the Company as of such date. A participant is 20% vested after two years of credited service, increasing 20% each year thereafter until becoming fully vested after the sixth year of credited service.

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their accounts among various investment options provided under the Plan. Participants may change their investments elections at any time, as well as transfer existing balances between investment funds.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested account balance. Loan transactions are treated as a transfer between investment funds and the loan fund. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Only one loan may be outstanding at any time for each participant. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability or normal retirement, a participant or their beneficiary may elect to receive an amount equal to the value of the participant's full account balance, regardless of years of credited service. For termination due to other reason, participants may receive the sum of their contributions and any earnings thereon, plus the vested portion of Company contributions. Payments of benefits are made, at the election of the participant, either in the form of a lump-sum distribution or payment in equal periodic installments.

Withdrawals

A hardship withdrawal, if approved can be made on pretax contributions to satisfy certain immediate and heavy financial needs, as defined, up to the amount of the participant's vest balance, in which case, the participants' contributions to the Plan must be suspended for six months after receipt of the hardship withdrawal. An unrestricted withdrawal can be made at the age of 59 ½ or upon normal retirement age of 65 on all or a portion of the participants' vested account.

NOTE 1 – PLAN DESCRIPTION – CONTINUED

Forfeitures

At December 31, 2016 and 2015, forfeited non-vested accounts totaled $195 and $248, respectively. Forfeitures are first allocated the Plan's administrative expenses. Any remaining forfeitures of Company contributions are used to reduce Company matching contributions. In 2016, forfeitures used to reduce administrative expenses totaled $59.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement for the portion of the net asset available for benefits attributable to fully benefit-responsive investment contracts. Contract value is the amount participants would receive if they were to initiate permitted transaction under the terms of the Plan. As described further in Note 4, the Plan's investment contract is considered to be fully benefit-responsive and is therefore stated at contract value.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates. Estimates that have the most impact on the financial statements primarily related to the fair value of investments and collectability of notes receivable from participants. Plan management believes those estimates and assumptions provide a reasonable basis for fair presentation of the financial statements.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfers a liability in an orderly transaction between market participants at the measurement date. The net change in fair value of investments is reported in the statement of changes in net assets available for benefits in the period of the change.

Purchases and sales of securities are recorded on a trade-date basis. Expenses related to the purchase or sale of investments are added to cost or deducted from proceeds. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

> Level 1 – Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
>
> Level 2 – Inputs, excluding those included in Level 1, are either observable prices for identical assets or liabilities in inactive markets, observable prices for similar assets are liabilities, or other inputs derived principally from or corroborated by, observable market data at the measurement date.
>
> Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016.

Pooled Separate Accounts: Investments in pooled separate accounts are represented by a "unit of account" and per unit values whose value is the result of the accumulated values of the underlying investments. These underlying investments are public investment vehicles valued using the NAV provided by the administrator of the mutual fund investments. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. As the Pooled Separate Accounts are valued using NAV as a practical expedient, disclosure of fair value levels is not required.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS – CONTINUED

The following table summarizes investments measured at NAV as a practical expedient as of December 31, 2016 and 2015, respectively.

December 31, 2016	*Fair Value*	*Unfunded Commitments*	*Redemption Frequency (if currently eligible)*	*Redemption Notice Period*
Pooled Separate Accounts	$4,910,221	n/a	Daily	30 days
December 31, 2015	*Fair Value*	*Unfunded Commitments*	*Redemption Frequency (if currently eligible)*	*Redemption Notice Period*
Pooled Separate Accounts	$4,345,429	n/a	Daily	30 Days

NOTE 4 – ADMINISTRATION OF PLAN ASSETS

The Plan's assets are held by Massachusetts Mutual Life Insurance Company (the "Custodian" or "Mass Mutual"). Administrative functions for the Plan year ended December 31, 2016 were performed by Loren D. Stark Company, Inc. ("LDSC"). Certain administrative expenses, including loan administration fees, are paid by the participants. Other administrative expenses, such as accounting and legal fees, are paid by the Company.

NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive investment contract with Mass Mutual. Mass Mutual maintains the contributions in a guaranteed interest general account. The account is credited with earnings on the underlying investments and charged for participant's withdrawals and administrative expenses. Mass Mutual is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As described in Note 2, because the insurance contracts are fully benefit-responsive, contract value is the relevant measurement attributable for that portion of the net assets available for the benefits attributable to the insurance contract. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

There are no reserves against contract value for credit risk of a contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not limited to the following: (1) amendments to the plan documents (including complete or partial termination); (2) breach of the investment contract by the Plan Sponsor; (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 6 – PARTIES-IN-INTEREST

The Plan has notes receivable from participants at December 31, 2016 and 2015. As a result, these notes and all transactions related to these notes qualify as parties-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

Certain Plan investments are shares of pooled separate accounts and investment contracts with insurance company which are managed by the Custodian and, therefore, these transactions qualify as party-in-interest transaction. These transactions are exempt from being prohibited transactions by ERISA.

The Plan incurs expenses related to general administration, recordkeeping and investment advisory services. Expenses such as commissions and broker fees, charged by the Custodian are paid by the Plan. Fees paid by the Plan to the Custodian for these services total $2,734 for the year ended December 31, 2016. These transactions are exempt from being prohibited transactions by ERISA.

NOTE 7 – FEDERAL INCOME TAX STATUS

The Plan is a Prototype Plan sponsored by LDSC. LDSC received a determination letter from the Internal Revenue Service, dated March 31, 2014, which states that the prototype document satisfies the applicable provision of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and operated in complete compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 – INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Custodian.

Notes Receivable from Participants	255,366	352,068
Investment Income/(Loss)	400,640	(38,538)

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan terminations, participants would become fully vested in their employer contributions.

NOTE 10 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities for its participants. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
