## **Aleris 401(k) Plan for G.M.P. and Allied Workers, Local 210, Uhrichsville**

### **Notes to Financial Statements**

**December 31, 2016**

#### **1. Description of the Plan**

The following description of the Aleris 401(k) Plan for G.M.P. and Allied Workers, Local 210, Uhrichsville (the “Plan”) is provided for general information only. Participants should refer to the Plan document for a complete description of the Plan’s provisions.

##### **General**

The Plan, established on January 1, 2014, is a defined contribution plan covering all collectively bargained employees of Aleris Rolled Products, Inc. Newport Rolling Mill (the “Plan Sponsor”), a subsidiary of Aleris International, Inc. (the “Company”). An employee must have worked at least one year to be eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

##### **Plan Administration**

Overall responsibility for administering the Plan rests with the Plan Sponsor’s Benefits Committee, which is appointed by the Board of Directors of the Company. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the “Trustee”) is the Trustee of the Plan and is responsible for the management and control of the Plan’s assets.

##### **Contributions**

An employee’s contributions to the Plan on a pretax basis may not exceed certain Internal Revenue Service (“IRS”) maximum amounts. The maximum amount was \$18,000 in 2016 and 2015. Employees who were 50 years of age or older by the end of the Plan year, and were making the maximum elective contribution for the year, were eligible to make additional pretax contributions (“Catch-up Contributions”) of up to \$6,000 in 2016 and 2015. The Plan also provides that participants may roll over all or part of a qualified total distribution from another tax-qualified plan. Employee contributions to the Plan are not matched by the Company.

##### **Participant Accounts**

Each participant’s account is credited with the participant’s contributions and rollover contributions, if any, and actual earnings thereon. Participants direct their accounts into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

##### **Notes Receivable From Participants**

The Plan permits participants to borrow from their account a minimum of \$1,000 and up to the lesser of \$50,000, reduced by any outstanding loan balance during the prior one-year period, or 50% of their vested account balance. The number of outstanding loans is limited to one. Loans must be paid through payroll deductions over a period of time not to exceed five years, unless used for the purchase of a primary residence (in which case the loan repayment period will be the lesser of 10 years or a payment period consistent with commercial home loan practices). The loans are secured by the balance in the participant’s account and the interest rate for all loans is equal to the prime interest rate published in the Wall Street Journal, plus 1%, ranging from 4.25% to 4.75% as of December 31, 2016. A loan is deemed to be in default if principal and interest are not paid 90 days after the loan payment is due.

##### **Vesting Provision**

Participants are immediately vested in that portion of their account equal to the value of the elective deferral contributions and earnings thereon.

## **Aleris 401(k) Plan for G.M.P. and Allied Workers, Local 210, Uhrichsville**

### **Notes to Financial Statements (continued)**

#### **Benefits Provision**

Upon termination of service, death, disability, or retirement, a participant (or beneficiary) could elect to receive their vested balance in a rollover or lump-sum distribution, or upon termination of service or retirement, could elect to receive their vested balance in installments (as provided by the Plan).

#### **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all participant accounts shall be fully vested and nonforfeitable.

## **2. Summary of Significant Accounting Policies**

#### **Basis of Accounting**

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

#### **Notes Receivable From Participants**

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes and supplemental schedule. Actual results could differ from those estimates.

#### **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

#### **Investment Valuation and Income Recognition**

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

In conformity with Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

Level 1 – Fair value is based on unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

## **Aleris 401(k) Plan for G.M.P. and Allied Workers, Local 210, Uhrichsville**

### **Notes to Financial Statements (continued)**

Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### **Benefit Payments**

Benefits are recorded when paid.

#### **Evaluation of Subsequent Events**

Plan management has evaluated subsequent events through October 11, 2017, which is the date the financial statements were available to be issued.

Effective January 1, 2017, the Plan was amended to provide for employer Matching Contributions of 100% of a participant's elective deferral, not to exceed forty-five cents per hour for participants electing to defer and hired after December 31, 2015 or ten cents per hour for participants electing to defer and hired before January 1, 2016. In addition, the amendment provides for Other Employer Contributions of forty-five cents per hour worked for every participant hired after December 31, 2015 or ten cents per hour worked for every participant hired prior to January 1, 2016. The Matching Contribution and Other Employer Contributions will vest after three years of service.

There were no other subsequent events that have occurred through that date that have not already been reflected in the financial statements and /or disclosed in the notes.

### **3. Investments and Notes Receivable from Participants (unaudited)**

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2016, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Trustee.

### **4. Fair Value Measurements**

The fair value hierarchy distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) an entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The fair value hierarchy consists of three broad levels, which gives the highest priority to unadjusted quoted prices in active

## Notes to Financial Statements (continued)

markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy in ASC 820 are described in Note 2.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety. Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value:

**Pooled separate accounts:** Valued at fair value estimated by the issuer, which has been determined based on the unit values of the fund which are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation date.

**Registered investment companies (mutual funds):** Valued at quoted prices from an active market which represents the net asset value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2016 and 2015:

| Assets at Fair Value as of December 31, 2016 |            |           |         |         |

- (a) In accordance with ASC 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

### Notes to Financial Statements (continued)

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2016 and 2015:

|                                                  | As of December 31, |                  |
|--------------------------------------------------|--------------------|------------------|
|                                                  | 2016               | 2015             |
| Pooled separate accounts                         |                    |                  |
| Large U.S. equity (a)                            | \$ 10,711          | \$ 2,604         |
| Balanced funds (b)                               | 124,987            | 83,013           |
| Total assets measured at fair value based on NAV | <u>\$ 135,698</u>  | <u>\$ 85,617</u> |

- (a) **Large U.S. equity:** This asset class is generally comprised of investment options that invest in stocks, or shares of ownership in large, well-established, U.S. companies. These investment options typically carry more risk than fixed income investment options but have the potential for higher returns over longer time periods. They may be an appropriate choice for long-term investors who are seeking the potential for growth. There are no redemption restrictions or unfunded commitments on this investment. The Plan has the ability to redeem the investment at the NAV (or its equivalent) in the near term.
- (b) **Balanced funds:** This asset class is generally comprised of a combination of fixed income and equity investment options. These investment options may include balanced, asset allocation, target-date, and target-risk investment options. There are no redemption restrictions or unfunded commitments on this investment. The Plan has the ability to redeem the investment at the NAV (or its equivalent) in the near term.

### 5. Administrative Expenses

All administrative expenses are paid by the Plan, except for audit fees that are paid by the Plan Sponsor.

### 6. Tax Status

The Plan has not received a determination letter from the IRS. The plan administrator and the Plan's tax counsel believe the Plan is being operated in compliance with the applicable requirements of the Code and therefore believe the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 7. Transactions With Parties-in-Interest

Several investments of the Plan are investment funds managed by the Trustee. Purchases and sales of investment units of such funds qualify as party-in-interest transactions, as defined by ERISA. Loans to participants are also considered party-in-interest transactions as such participants are employed by the Plan Sponsor. These party-in-interest transactions are exempt from the prohibited rules under ERISA.
