Notes to Financial Statements

December 31, 2016

1. Description of the Plan

The following description of the Aleris 401(k) Plan for USW, Local 7993, Ashville (the “Plan”) is provided for general information only. Participants should refer to the plan document for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all collectively bargained employees of Aleris Rolled Products, Inc. (the “Plan Sponsor”), a subsidiary of Aleris International, Inc. (the “Company”), at the Ashville, Ohio aluminum plant, except for those employees classified as ineligible (as defined). The Plan is designed to conform to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan allows for participation upon ninety days of eligible service.

Plan Administration

Overall responsibility for administering the Plan rests with the Company’s Benefits Committee, which is appointed by the Board of Directors of the Company. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the “Trustee”) is the Trustee of the Plan and is responsible for the management and control of the Plan’s assets.

Contributions

An employee may contribute up to 100% of their total compensation to the Plan but may not exceed certain Internal Revenue Service (“IRS”) maximum amounts. The maximum amount was \$18,000 in 2016 and 2015. Employees who were 50 years of age or older by the end of the Plan year, and were making the maximum elective contribution for the year, were eligible to make additional pretax contributions of up to \$6,000 in 2016 and 2015 (“Catch-up Contributions”). Catch-up Contributions are not matched by the Company. The Plan also provides that participants may roll over all or part of a qualified total distribution from another tax-qualified plan.

The matching contribution for participants is an amount equal to 100% of the first 3% of an employee’s salary deferral contributions. This matching contribution is determined each payroll period.

The Company also makes an annual contribution each Plan year (“Retirement Contribution”) based on a participant’s age as of the last day of the Plan year, as follows:

- Participant’s age less than 40 – 1.25% of annual compensation as defined by the Plan
- Participant’s age 40 – 54 – 1.75% of annual compensation as defined by the Plan
- Participant’s age 55 or older – 2.75% of annual compensation as defined by the Plan

The Retirement Contribution paid in 2017 and 2016 for the years ended December 31, 2016 and 2015 totaled \$93,667 and \$94,849, respectively.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, Company contributions, rollover contributions, and allocations of actual earnings thereon. Participants direct their accounts into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Aleris 401(k) Plan for USW, Local 7993, Ashville

Notes to Financial Statements (continued)

Notes Receivable From Participants

The Plan permits participants to borrow from their account a minimum of \$1,000 and up to the lesser of \$50,000 or 50% of their vested account balance. Loans must be paid through payroll deductions, unless the participant is on short-term disability, in which case the participant may elect to make loan payments through means other than direct payroll deductions. Loans are paid over a period of time not to exceed five years, unless used for the purchase of a primary residence (in which case the loan repayment period will be the lesser of 10 years or a payment period consistent with commercial home loan practices). Participants can only have one loan outstanding under the Plan at any time. The loans are secured by the balance in the participant's account and each loan shall bear a reasonable fixed rate of interest as determined by the plan administrator, ranging from 4.25% to 4.75% as of December 31, 2016. A loan is deemed to be in default if principal and interest are not paid 90 days after the loan payment is due.

Vesting Provision

Participants are immediately vested in their employee contributions and actual earnings thereon. Participants do not vest in Company contributions until completion of three years of service, at which time they are 100% vested.

Forfeited Accounts

Upon termination of employment, participants forfeit their nonvested balances. If a participant is rehired and becomes an eligible employee under the Plan, they may have their forfeited account balance reinstated subject to repayment of their distributed vested balance in accordance with Plan provisions. Forfeited balances are used: first, to restore participant's forfeitures; second, to reduce expenses of the Company incurred in the operation of the Plan; and third, to reduce future Company contributions. There was \$3,794 and \$1,522 remaining in the forfeiture account as of December 31, 2016 and 2015, respectively. For the year ended December 31, 2016, \$5,434 was used to reduce Company contributions or pay administrative expenses.

Withdrawals During Employment

A participant may withdraw any part of their vested account resulting from voluntary after-tax contributions during the year. For each Plan year, a participant may make only one such withdrawal between January 1 and June 30 and one such withdrawal between July 1 and December 31. A participant may also withdraw any part of their vested account resulting from rollover contributions during the year, limited to two withdrawals in any twelve-month period. A participant who has attained age 59½ may withdraw any part of their vested account that results from elective deferral contributions or matching contributions at any time. A participant may make only two such withdrawals in any calendar year. A participant may withdraw any part of their vested account that results from elective deferral contributions in the event of financial hardship due to an immediate and heavy financial need (as defined). Participants who applied for withdrawal of before-tax contributions are suspended from making further contributions for the next six months.

Benefits Provision

When a participant reaches normal retirement, becomes disabled or is deceased, the full value of the account balance is payable to the participant (or beneficiary, if the participant is deceased). The forms of payment available include annuities, installments and lump-sum payments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all participant accounts shall be fully vested and nonforfeitable.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Notes Receivable From Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

In conformity with Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

Level 1 – Fair value is based on unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Aleris 401(k) Plan for USW, Local 7993, Ashville

Notes to Financial Statements (continued)

Benefit Payments

Benefits are recorded when paid.

Evaluation of Subsequent Events

Plan management has evaluated subsequent events through October 11, 2017, which is the date the financial statements were available to be issued, and has determined that there were no subsequent events that have occurred through that date that have not already been reflected in the financial statements and /or disclosed in the notes.

3. Investments and Notes Receivable from Participants (unaudited)

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2016, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Trustee.

4. Fair Value Measurements

The fair value hierarchy distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) an entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The fair value hierarchy consists of three broad levels, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy in ASC 820 are described in Note 2.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety. Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value.

Pooled separate accounts: Valued at fair value estimated by the issuer, which has been determined based on the unit values of the fund which are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation date.

Common/collective trust fund: Valued at fair value estimated by the issuer, which has been determined by the market value of its underlying investments.

Registered investment companies (mutual funds): Valued at quoted prices from an active market which represents the net asset value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Aleris 401(k) Plan for USW, Local 7993, Ashville

Notes to Financial Statements (continued)

Notes to Financial Statements (continued)

- (a) **Large U.S. equity:** This asset class is generally comprised of investment options that invest in stocks, or shares of ownership in large, well-established, U.S. companies. These investment options typically carry more risk than fixed income investment options but have the potential for higher returns over longer time periods. They may be an appropriate choice for long-term investors who are seeking the potential for growth. There are no redemption restrictions or unfunded commitments on this investment. The Plan has the ability to redeem the investment at the NAV (or its equivalent) in the near term.
- (b) **International equity:** This asset class is comprised of investment options that invest in stocks, or shares of ownership in companies with their principal place of business or office outside the United States. These investment options often carry more risk than U.S. equity investment options but may have the potential for higher returns. They may be an appropriate choice for long-term investors who are seeking the potential for growth. There are no redemption restrictions or unfunded commitments on this investment. The Plan has the ability to redeem the investment at the NAV (or its equivalent) in the near term.
- (c) **Fixed income:** This asset class is generally comprised of investment options that invest in bonds, or debt of a company or government entity (including U.S. and Non-U.S.). It may also include real estate investment options that directly own property. These investment options typically carry more risk than short-term fixed income investment options (including, for real estate investment options, liquidity risk), but less overall risk than equities. There are no redemption restrictions or unfunded commitments on this investment. The Plan has the ability to redeem the investment at the NAV (or its equivalent) in the near term.
- (d) **Balanced funds:** This asset class is generally comprised of a combination of fixed income and equity investment options. These investment options may include balanced, asset allocation, target-date, and target-risk investment options. There are no redemption restrictions or unfunded commitments on this investment. The Plan has the ability to redeem the investment at the NAV (or its equivalent) in the near term.
- (e) **Short-term fixed income:** This asset class is generally comprised of short-term, fixed-income investment options that are largely liquid and are designed to not lose much value. These investment options may include stable value, money market, short-term bond, and guaranteed interest accounts. They are considered to be among the least risky forms of investment options. However, they typically have a lower rate of return than equities or longer-term fixed income investment options over long periods of time. There are no redemption restrictions or unfunded commitments on this investment. The Plan has the ability to redeem this investment at the NAV (or its equivalent) at the measurement date.

5. Administrative Expenses

All administrative expenses are paid by the Plan, except for audit fees that are paid by the Plan Sponsor.

6. Tax Status

The IRS determined and informed the Company by a letter dated July 15, 2011, that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (the "Code"). The Plan was amended and restated since the date of the determination letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain qualification. The Plan administrator and the Plan's tax counsel believe the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Aleris 401(k) Plan for USW, Local 7993, Ashville

Notes to Financial Statements (continued)

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Transactions With Parties-in-Interest

Several investments of the Plan are investment funds managed by the Trustee. Purchases and sales of investment units of such funds qualify as party-in-interest transactions, as defined by ERISA. Loans to participants are also considered party-in-interest transactions as such participants are employed by the Plan Sponsor. These party-in-interest transactions are exempt from the prohibited rules under ERISA.
