## 1. Description of Plan

The following description of Comfort Home Care 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan sponsored by Comfort Home Care, LLC (the Company). Employees of the Company who have attained 21 years of age are eligible to participate in the Plan after completing one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### Contributions and Vesting

Participants may contribute up to 100% of eligible compensation, as defined in the plan document, to the Plan, subject to the limitations established by the Internal Revenue Code (the Code). In addition, participant contributions may also consist of rollovers from other qualified retirement plans. Participants are immediately vested in their elective deferrals and any rollover contributions.

The Plan allows for an employer discretionary non-elective contribution. To date, the Company has not approved a non-elective contribution to the Plan. A participant's vested interest in their account derived from employer contributions is based on a five-year vesting schedule.

### Participant Accounts

Individual accounts are maintained for each participant and are credited with the participant's and employer's contributions and an allocation of investment income. A participant's account shall be reduced by any distributions, investment losses and certain administrative expenses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

### Investments

Upon enrollment in the Plan, a participant may direct his or her account balance among the various investments offered by the Plan. The Plan currently offers several mutual funds and a money market fund.

### Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 reduced by the excess of the participant's highest outstanding balance of all loans during the prior year or 50% of their account balance. In the event a participant's vested account balance is less than $20,000, the maximum loan amount shall not exceed the lesser of $10,000 or 100% of the participant's vested account balance. Loan terms range from 1 to 5 years but may be longer if used for the purchase of a primary residence. Loans are secured by the balance of the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

### Benefits Paid to Participants

Amounts contributed to participant accounts by rollover from other qualified retirement plans may be distributed to participants at any time. No other amounts may be distributed to participants from their accounts prior to their termination of employment, death, disability or the attainment of age 59½, unless the participant has incurred a hardship, as defined by the Code.

Distributions of account balances are made in the form of lump sum distributions. A participant who terminates employment with a vested account balance of $5,000 or less and elects to receive a distribution will receive an automatic rollover to an individual retirement account.

## 2. Summary of Significant Accounting Policies

### Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting and are presented in conformity with U.S. generally accepted accounting principles.

### Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities, at the date of the financial statements. Actual results could differ from those estimates.

### Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurement.

Net appreciation in the fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

**Payment of Benefits**

Benefit payments to participants are recorded upon distribution.

**Subsequent Events**

Management has considered transactions or events occurring through October 6, 2017, which is the date that the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

## 3. Fair Value Measurement

Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

*Mutual funds:* Valued at the quoted net asset value of shares held by the Plan at year-end.

*Money market fund:* Consists of investments in money market accounts valued at $1 per share.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

| | **Level 1** | **Level 2** | **Level 3** | **Total** |
|---|---|---|---|---|
| Mutual funds | **$ 2,840,043** | **$ -** | **$ -** | **$ 2,840,043** |

| Total | **$ 2,987,147** | **$ -** | **$ -** | **$ 2,987,147** |

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 2,031,711 | $ - | $ - | $ 2,031,711 |

## 4. Parties-in-Interest

The Company provides certain accounting and administrative services to the Plan for which no fees are charged. The employees that provide these services are also participants of the Plan. Administration expenses consist of direct fees paid by the Plan for the investment management services, recordkeeping and trust services.

## 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## 6. Tax Status

The Company has adopted a prototype plan, which has received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. As a qualified plan, the Plan is exempt from federal and state income taxes.

## 7. Information Prepared and Certified by Trustee

All Plan asset information disclosed in the accompanying financial statements and supplementary schedule, including investments held at December 31, 2016 and 2015, and the net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2016, was certified as complete and accurate by the trustee of the Plan. This information is included in the following:

- Statements of Net Assets Available for Benefits
- Statement of Changes in Net Assets Available for Benefits
- Schedule H, line 4i – Schedule of Assets (Held at End of Year)

## 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. Upon termination, participants will become fully vested in their employer contributions.
