INDEPENDENT AUDITOR'S REPORT

To the Trustee and Management of
Surgical Referral Service, Ltd. 401(k) Profit Sharing Plan and Trust:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Surgical Referral Service, Ltd. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the *Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Great-West Life & Annuity Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Sponsor that the trustee holds the Plan's investment assets and executes investment transactions. Plan Sponsor has obtained a certification from the Custodian as of and for the years ended December 31, 2016 and 2015, that the information provided to the Plan Sponsor by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

NOTE A – DESCRIPTION OF PLAN

The following description of the Surgical Referral Service, Ltd. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants and readers should refer to the Plan document and Summary Plan Description (SPD) for a more detailed description of the Plan provisions. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

General

The Plan is a defined contribution plan covering all qualified employees of Surgical Referral Service, Ltd. and its related entities (the "Plan Sponsor") who are at least 21 years of age and have completed one year of service. Participants are eligible to receive employer elective contributions (matching and profit sharing) when they have completed one year of service. Once participants have met the eligibility requirements they will enter the plan on January 1 or the date 6 months later, coincident with or next following satisfaction of the eligibility requirements. The Plan became effective January 1, 1993 and has been periodically amended to conform to new laws and regulations under ERISA.

Contributions

Employee contributions are voluntary and limited to the maximum allowed under the Internal Revenue Code. There are two types of salary deferral allowed under the Plan: Pre-Tax 401(k) deferrals and Roth 401(k) deferrals. Participants who have attained the age 50 before the end of the Plan year are eligible to make catch up contributions.

The Plan Sponsor may make a discretionary matching contribution equal to a uniform percentage of participant's salary deferrals. Each year, the Plan Sponsor will determine the amount of the discretionary percentage, but will not exceed 6 percent of a participant's compensation. There were no discretionary matching contributions for the years ending December 31, 2016 and 2015.

The Plan Sponsor may make a discretionary profit sharing contribution to eligible employees. The profit sharing contributions for the years ending December 31, 2016 and 2015 were $216,129 and $264,924, respectively.

Additionally, the Plan may accept rollover contributions. Participants will always be 100% vested in their rollover accounts; however those funds will be affected by any investment gains or losses. The plan received $72,686 and $2,187 in rollover contributions for the years ended December 31, 2016 and 2015, respectively.

Participants' Accounts

Each participant's account is credited with the respective participant's contributions, any employer contributions (match and profit sharing), and allocated Plan earnings, as set forth in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's set of accounts.

NOTE A – DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants become 100% vested in the Plan Sponsor discretionary contributions (profit sharing and matches on elective deferrals) upon completion of 6 years of service.

The participant's vested percentage in their account attributable to matching and profit sharing contributions is determined under the follow schedule:

Years of Vesting Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Hardship Withdrawals

Hardship withdrawals may be made to satisfy certain immediate financial needs, according to specific types of costs and set conditions designated in the Plan. Hardship distributions can only be made from accounts which are 100% vested.

Payment of Benefits

Generally, benefits are paid to participants upon termination of service due to death, retirement, or separation of service. Account balances less than $5,000 are subject to payment in a lump-sum upon termination. While the account and timing of payments will vary depending on the option selected, the total payment will have the same dollar value equivalent to the value of the participant's account at retirement.

Plan Termination

Although the Plan Sponsor has not expressed intent to terminate the Plan, it may do so at any time. If the Plan is terminated, participants become 100 percent vested in their accounts and the net assets would be distributed to the participants according to the balances in the participants' accounts.

Forfeitures

If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan as forfeitures. Forfeitures may be used by the Plan to pay for administrative expenses and or to reduce any discretionary employer contributions. Forfeitures available for use by the Plan Sponsor were $17,687 and $11,649 for the years ending December 31, 2016 and 2015, respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis method of accounting in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Adoption of New Accounting Standard

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Part III is not applicable to the Plan.

Part (I) addresses the reporting of fully benefit-responsive contracts held by defined contribution plans and health and welfare benefit plans. Prior to implementing ASU No. 2015-12-I, a Plan must measure a fully benefit-responsive contract at contract value and show an adjustment that reconciles contract value to fair value on the face of the Plan's financial statements. ASU No. 2015-12-I changes this requirement. After implementation, a plan must report fully benefit-responsive contracts only at contract value.

Part (II) simplifies the required disclosures by employee benefit plans regarding portfolio investments. More specifically, these amendments modify current disclosure requirements, as follows:

- The disclosure requirements regarding individual investments that represent 5 percent or more of net assets available for benefits is eliminated;
- The disclosure requirement regarding net appreciation or depreciation of investments by type, whether participant-directed or nonparticipant-directed, is eliminated. The disclosure requirement regarding net appreciation or depreciation of investments by general type of investment is also eliminated. Instead, a plan must disclose only the net appreciation or depreciation in the aggregate;
- The disclosure requirements regarding the disaggregation of investments are amended. Plans within the scope of Topic 960, Defined Benefit Pension Plans, Topic 962, Defined Contribution Pension Plans, and Topic 965, Health and Welfare Benefit Plans, must continue to classify investments by general type, but the requirement to disclose investments on the basis of their nature, characteristics, and risks under Topic 820, Fair Value Measurement, is eliminated; and
- The disclosure of the significant investment strategy that pertains to an investment is no longer required if: the plan measures the investment at net asset value per share under the practical expedient in FASB ASC 820-10-35-59, and the investment is in a fund that files U.S. Department of Labor Form 5500 as a direct filing entity.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires Management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value based on quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold during the year, assets held during the year, and interest and dividend income.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Plan Sponsor, as provided by the plan document. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Certain administrative fees and expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the value in investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE C – CERTIFIED INVESTMENT INFORMATION

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, investment information and related activity certified as accurate and complete by a qualified institution need not be subjected to independent audit.

The Plan administrator has obtained a certification from Great-West Life & Annuity Insurance Company, as trustee of the Plan, that the following information included in the Plan's financial statements and supplemental schedule is complete and accurate:

- Investments as of December 31, 2016 and 2015;
- Plan transactions related to investment income and securities transactions for the years ended December 31, 2016 and 2015;
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2016.

NOTE C – CERTIFIED INVESTMENT INFORMATION – (continued)

Accordingly, at the request of the Plan administrator, the Plan's independent certified public accountants performed no procedures on investment information and related activity, other than to agree the information to the trust statements certified by the Plan's trustee and provided to them by the Plan administrator.

NOTE D – FAIR VALUE OF MARKET INVESTMENTS

The Accounting Standards Codification for *Fair Value Measurements* (ASC 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2:

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE D – FAIR VALUE OF MARKET INVESTMENTS (continued)

Group annuity contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for the financial statement reporting purposes only. In determining the reasonableness of the methodology, the Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing market data (for example, swap curve rate).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 5,935,693	$ -	$ -	$ 5,935,693
Fixed Annuity Contract	-	702,390	-	702,390
Investments, at fair value	$ 5,935,693	$ 702,390	$ -	$ 6,638,083

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 5,148,819	$ -	$ -	$ 5,148,819
Fixed Annuity Contract	-	633,400	-	633,400
Investments, at fair value	$ 5,148,819	$ 633,400	$ -	$ 5,782,219

The Plan also holds other assets not measured at fair value on a recurring basis, including contributions receivable and unallocated cash. The fair value of these assets approximates the carrying amounts in the accompanying financial statements due to either the short maturity of the instruments or the use of the interest rates that approximate market rates for instruments of similar maturity.

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Certain plan assets are in investment funds managed by Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions under ERISA guidelines.

Certain administrative expenses of the Plan are paid directly by the Plan Sponsor and are not charged to the Plan.

NOTE F – TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Plan by letter dated March 31, 2008, that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

US GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax position taken by the plan, and has concluded that as of December 31, 2016, there are no uncertain position taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. For federal purposes, the tax returns essentially remain open for possible examination for a period of three years after the respective filing deadlines of those returns. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE G – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan assets include a group annuity contract with Great-West Life & Annuity Insurance Company. The group annuity contract, Key Guaranteed Portfolio Fund, is a fixed account that is part of the general account of Great-West Life & Annuity Insurance Company. The methodology for calculating the interest credit rate is based on the earnings of the underlying assets in the entire medium long-term new portfolio compared to the minimum interest crediting rate (which will never be less than 0% as stated in the contract), and prevailing market conditions. Interest crediting rate is reset quarterly. At December 31, 2016 and 2015, the Key Guaranteed Portfolio Fund's fair value equaled its contract value of $702,390 and $633,400, respectively.

The average yield earned by the Plan is derived by averaging the quarterly gross interest rates for the fund over the year. The actual average yield earned by the Plan is derived by averaging the Plan's quarterly interest rates. That average for 2016 and 2015 was 1.16% and 1.20%, respectively.

NOTE H – SUBSEQUENT EVENTS

The management of the Plan has evaluated events subsequent to the statement of net assets available for benefits date of December 31, 2016, through October 6, 2017, the date the financial statements were available to be issued. On December 5, 2016, the Plan was amended as of January 1, 2017 to add Veterinary Imaging Services, LLC as a controlled group member of the Plan.

It has been concluded that there are no effects that provide additional evidence about conditions that existed at the statement of net assets available for benefits date that require recognition in the financial statements or related note disclosures in accordance with FASB ASC 855, *Subsequent Events.*
