ABRAMS, FENSTERMAN, FENSTERMAN, EISMAN, FORMATO, FERRARA & WOLF, LLP
401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN:

The following description of the Abrams, Fensterman, Fensterman, Eisman, Formato, Ferrara & Wolf LLP 401 (k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions. The Plan Administrator is Abrams, Fensterman, Fensterman, Eisman, Formato, & Ferrara LLP (the Company).

General: The Plan was established January 1, 1991, with several amended and restated provisions of the Plan effective thereafter. The Plan is a defined contribution plan formed under Internal Revenue Code section 401(k), covering substantially full-time employees of the Company except union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining. The Plan is subject to, and is in compliance with, the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as the provisions under Section 401(k) of the Internal Revenue Code. In January 2014, the Plan name was amended to Abrams, Fensterman, Fensterman, Eisman, Formato, Ferrara & Wolf, LLP 401 (k) Retirement Plan.

Eligibility: Employees of the Company are eligible to participate in the Plan on commencement of employment and may make elective deferral contributions immediately. To be eligible for employer contributions, the employee must complete one year of service, as defined, be at least 21 years of age and have worked not less than 1,000 hours. Enrollment for new eligible employees occurs on January 1 and July 1 of each year.

Plan Administration: The Company contracts with a third party, John Hancock Life Insurance Company (John Hancock) for the period of January 1 through June 14, 2014, and then with Guardian Retirement Solutions (Guardian) from June 16, through December 31, 2015, to be the custodian for the Plan. The Plan administrator is responsible for carrying out the duties imposed under ERISA.

Contributions: Each year, participants may elect to defer 100% of their annual covered compensation, up to a maximum annual limit as determined under the Internal Revenue Code (IRC). For 2016, this limit was $18,000 per participant, respectively, plus an additional $6,000 for participants 50 or older.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. These "rollover" contributions are placed in a separate account called a "participant rollover account."

Participants direct their own investment of contributions into various investment options offered by the Plan. The Plan currently offers numerous investment options for participants.

NOTE 1 - DESCRIPTION OF PLAN (continued):

Contributions: (continued)
The Company may make a discretionary matching contribution each year equal to a uniform percentage of each participant's salary reduction that they elect to defer. The Company is not obligated to do so, and the decision is determined annually. Matching contributions were accrued and amounted to approximately $225,000 for the year ended December 31, 2016.

Participant Accounts: Each participant's account is credited with their share of the Company's contributions, participant contributions, plan forfeitures and allocation of plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on account balances as defined by the plan. All amounts in participant accounts are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans: Participants are permitted to receive loans from the assets of the Plan subject to certain restrictions. Based on the terms of the Plan, participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of the value of the participants' vested account balance. A participant may have three loans outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. The prevailing interest rates for the year ended December 31, 2016 ranged from 4.25% to 4.50%. Interest earned was $4,610 for the year ended December 31, 2016 and is included in the accompanying statement of changes of net assets available for benefits. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the Plan Sponsor deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting for employer contributions is based on years of continuous service, with 100% vesting after six years of accredited service. Participants are immediately vested in participant contributions. Employer contributions are subject to a six-year graded vesting schedule as follows:

Years of Vesting Service	Vesting Percentage
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six or more years	100%

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits: Benefits are payable in a lump sum upon separation from service, death or disability. A participant may also elect to take a distribution over a specified period not to exceed the life or life expectancy of the participant (and a designated beneficiary). In-service distributions are available for hardship, or attainment of age 59½. In any event, payment of benefits must commence at the later of when the participant reaches age 70½ or termination of employment. Participants may also receive distributions from rollovers of prior qualified plans.

Forfeited Accounts: Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures are used to reduce employer contributions, matching contributions and/or administrative expenses. For the year ended December 31, 2016, the amount forfeited amounted to approximately $3,300 and was used to reduce a portion of the employer contributions and a portion of the plan administrative expenses during 2016.

Fees: The Plan is subject to an administrative fee, which is deducted from the participants' accounts and paid to the Plan's custodian. For the year ended December 31, 2016 administrative fees paid from the plan amounted to $71,564 and are reflected in the Statement of Changes in Net Assets Available for Benefits.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Preparation: The Plan reports its transactions on a cash basis, except that investments are reported at fair value in the statements of net assets available for benefits and changes in fair value of investments are shown as appreciation or depreciation in the statement of changes in net assets available for plan benefits. This modified cash basis is a comprehensive basis of accounting other than generally accepted accounting principles (GAAP). GAAP requires plan contributions and investment income to be reported when earned and plan expenditures to be recorded when incurred. In addition, GAAP requires disclosure of the fair value hierarchy that prioritizes the inputs of valuation techniques used to measure fair value and the modified cash basis does not require such disclosure.

Basis of Accounting: Investment annuity contracts held by a defined-contribution are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of Accounting: (continued): The Statement of Net Assets Available for Benefits presents the contract value of the investment annuity contracts. The net annuity gains / (losses) of the investment annuity contracts are presented using the contract value basis in the Statement of Changes in Net Assets Available for Benefits.

Basis of Preparation: The Plan reports its transactions on a cash basis, except that investments are reported at fair value in the statements of net assets available for benefits, and changes in fair value of investments are shown as appreciation or depreciation in the statements of changes in net assets available for plan benefits. This modified cash basis is a comprehensive basis of accounting other than generally accepted accounting principles ("GAAP"). GAAP requires plan contributions and investment income to be reported when earned and plan expenditures to be recorded when incurred. In addition, GAAP requires disclosure of the fair value hierarchy that prioritizes the inputs of valuation techniques used to measure fair value and the modified cash basis does not require such disclosure.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are comprised of pooled separate accounts which are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The valuations are made by the custodian and they are taken from published sources. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2016.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

1. **Pooled separate accounts:** Valued at the fair value of the shares in the pooled trusts, as determined by the fair value of the underlying investments/mutual funds.
2. **Guaranteed Investment Contract:** Valued at fair value by the insurance company by discounting the related cash flows based upon current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only.
3. **Insurance Annuities:** Valued at contract value by the insurance company by discounting the related cash flows based upon current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The preceding methods described may produce fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - INVESTMENTS:

Investments that comprise 5% or more of the fair value of the Plan's net assets:

	December 31, 2016	December 31, 2015
Stadion Conservative Fund	886,805	-
Vanguard 500 Index Fund	-	575,251
Stadion Balanced Fund	-	820,210
Stadion Moderate Growth Fund	634,459	548,304
Stadion Growth Fund	1,290,310	1,155,324

(-) Investment did not exceed 5% threshold as of the respective year -end.

NOTE 4 – INFORMATION CERTIFIED BY THE PLAN ADMINISTRATOR:

Under the Department of Labor's regulations, certain assets and related information held by a bank, trust company or similar institution, or an insurance company, that is regulated and subject to periodic examination by a state or federal agency does not have to be audited, provided the plan administrator exercises this option and the institution holding the assets certifies the required information. Guardian Insurance & Annuity Company, Inc has provided certification as to the completeness and accuracy of the investments presented in the accompanying statements of net assets available for plan benefits as of December 31, 2016 and 2015 and in the statement of changes in net assets available for benefits for the year ended December 31, 2016. The accompanying supplemental schedule also includes investment information certified by State Guardian Insurance & Annuity Company, Inc as being complete and accurate.

NOTE 5 - FAIR VALUE MEASUREMENTS:

Financial Accounting Standards Board provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access. Valuation adjustments are not applied to Level 1 securities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

NOTE 5 - FAIR VALUE MEASUREMENTS (continued):

Level 2 Pricing inputs are other than used in Level 1 which include the closing bid price for unlisted marketable securities which are available in active or inactive markets for identical investments or liabilities, other direct or indirect observable inputs that can be corroborated by market data or the use of models or other valuation methodologies as of the reporting date. Investments which are generally included in this category include state and municipal obligations in an active or inactive market that are valued using observable inputs other than quoted prices.

Level 3 Pricing inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. Investments that are included in this category generally include state and municipal obligations which are in an inactive market and valued utilizing risk assumptions based on unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and maximize the use of unobservable inputs.

NOTE 6 - TAX STATUS:

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the original determination letter, the plan sponsor and tax counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt. The Plan is in compliance with the reporting and other provisions of the ERISA and the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS:

As of December 31, 2016, certain plan investments included pooled separate accounts which were managed by Stadion Money Management Inc, the Plan's investment advisor. Additionally, during 2016, the Plan paid investment advisory fees of $16,846 to Stadion Money Management, Inc. During 2016, administrative fees of $8,141 were paid to Guardian Retirement Solutions, the custodian and recordkeeper of the Plan.

During 2016, insurance annuity fees of $46,577 were paid to the insurer of the Plan's insurance annuity contracts, Guardian Insurance & Annuity Company, Inc.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENT TO SCHEDULE H OF FORM 5500:

ABRAMS, FENSTERMAN, FENSTERMAN, EISMAN, FORMATO, FERRARA & WOLF, LLP
401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN:

The following description of the Abrams, Fensterman, Fensterman, Eisman, Formato, Ferrara & Wolf LLP 401 (k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions. The Plan Administrator is Abrams, Fensterman, Fensterman, Eisman, Formato, & Ferrara LLP (the Company).

General: The Plan was established January 1, 1991, with several amended and restated provisions of the Plan effective thereafter. The Plan is a defined contribution plan formed under Internal Revenue Code section 401(k), covering substantially full-time employees of the Company except union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining. The Plan is subject to, and is in compliance with, the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as the provisions under Section 401(k) of the Internal Revenue Code. In January 2014, the Plan name was amended to Abrams, Fensterman, Fensterman, Eisman, Formato, Ferrara & Wolf, LLP 401 (k) Retirement Plan.

Eligibility: Employees of the Company are eligible to participate in the Plan on commencement of employment and may make elective deferral contributions immediately. To be eligible for employer contributions, the employee must complete one year of service, as defined, be at least 21 years of age and have worked not less than 1,000 hours. Enrollment for new eligible employees occurs on January 1 and July 1 of each year.

Plan Administration: The Company contracts with a third party, John Hancock Life Insurance Company (John Hancock) for the period of January 1 through June 14, 2014, and then with Guardian Retirement Solutions (Guardian) from June 16, through December 31, 2015, to be the custodian for the Plan. The Plan administrator is responsible for carrying out the duties imposed under ERISA.

Contributions: Each year, participants may elect to defer 100% of their annual covered compensation, up to a maximum annual limit as determined under the Internal Revenue Code (IRC). For 2016, this limit was $18,000 per participant, respectively, plus an additional $6,000 for participants 50 or older.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. These "rollover" contributions are placed in a separate account called a "participant rollover account."

Participants direct their own investment of contributions into various investment options offered by the Plan. The Plan currently offers numerous investment options for participants.

NOTE 1 - DESCRIPTION OF PLAN (continued):

Contributions: (continued)
The Company may make a discretionary matching contribution each year equal to a uniform percentage of each participant's salary reduction that they elect to defer. The Company is not obligated to do so, and the decision is determined annually. Matching contributions were accrued and amounted to approximately $225,000 for the year ended December 31, 2016.

Participant Accounts: Each participant's account is credited with their share of the Company's contributions, participant contributions, plan forfeitures and allocation of plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on account balances as defined by the plan. All amounts in participant accounts are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans: Participants are permitted to receive loans from the assets of the Plan subject to certain restrictions. Based on the terms of the Plan, participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of the value of the participants' vested account balance. A participant may have three loans outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. The prevailing interest rates for the year ended December 31, 2016 ranged from 4.25% to 4.50%. Interest earned was $4,610 for the year ended December 31, 2016 and is included in the accompanying statement of changes of net assets available for benefits. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the Plan Sponsor deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting for employer contributions is based on years of continuous service, with 100% vesting after six years of accredited service. Participants are immediately vested in participant contributions. Employer contributions are subject to a six-year graded vesting schedule as follows:

Years of Vesting Service	Vesting Percentage
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six or more years	100%

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits: Benefits are payable in a lump sum upon separation from service, death or disability. A participant may also elect to take a distribution over a specified period not to exceed the life or life expectancy of the participant (and a designated beneficiary). In-service distributions are available for hardship, or attainment of age 59½. In any event, payment of benefits must commence at the later of when the participant reaches age 70½ or termination of employment. Participants may also receive distributions from rollovers of prior qualified plans.

Forfeited Accounts: Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures are used to reduce employer contributions, matching contributions and/or administrative expenses. For the year ended December 31, 2016, the amount forfeited amounted to approximately $3,300 and was used to reduce a portion of the employer contributions and a portion of the plan administrative expenses during 2016.

Fees: The Plan is subject to an administrative fee, which is deducted from the participants' accounts and paid to the Plan's custodian. For the year ended December 31, 2016 administrative fees paid from the plan amounted to $71,564 and are reflected in the Statement of Changes in Net Assets Available for Benefits.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Preparation: The Plan reports its transactions on a cash basis, except that investments are reported at fair value in the statements of net assets available for benefits and changes in fair value of investments are shown as appreciation or depreciation in the statement of changes in net assets available for plan benefits. This modified cash basis is a comprehensive basis of accounting other than generally accepted accounting principles (GAAP). GAAP requires plan contributions and investment income to be reported when earned and plan expenditures to be recorded when incurred. In addition, GAAP requires disclosure of the fair value hierarchy that prioritizes the inputs of valuation techniques used to measure fair value and the modified cash basis does not require such disclosure.

Basis of Accounting: Investment annuity contracts held by a defined-contribution are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of Accounting: (continued): The Statement of Net Assets Available for Benefits presents the contract value of the investment annuity contracts. The net annuity gains / (losses) of the investment annuity contracts are presented using the contract value basis in the Statement of Changes in Net Assets Available for Benefits.

Basis of Preparation: The Plan reports its transactions on a cash basis, except that investments are reported at fair value in the statements of net assets available for benefits, and changes in fair value of investments are shown as appreciation or depreciation in the statements of changes in net assets available for plan benefits. This modified cash basis is a comprehensive basis of accounting other than generally accepted accounting principles ("GAAP"). GAAP requires plan contributions and investment income to be reported when earned and plan expenditures to be recorded when incurred. In addition, GAAP requires disclosure of the fair value hierarchy that prioritizes the inputs of valuation techniques used to measure fair value and the modified cash basis does not require such disclosure.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are comprised of pooled separate accounts which are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The valuations are made by the custodian and they are taken from published sources. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2016.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

1. **Pooled separate accounts:** Valued at the fair value of the shares in the pooled trusts, as determined by the fair value of the underlying investments/mutual funds.
2. **Guaranteed Investment Contract:** Valued at fair value by the insurance company by discounting the related cash flows based upon current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only.
3. **Insurance Annuities:** Valued at contract value by the insurance company by discounting the related cash flows based upon current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The preceding methods described may produce fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - INVESTMENTS:

Investments that comprise 5% or more of the fair value of the Plan's net assets:

	December 31, 2016	December 31, 2015
Stadion Conservative Fund	886,805	-
Vanguard 500 Index Fund	-	575,251
Stadion Balanced Fund	-	820,210
Stadion Moderate Growth Fund	634,459	548,304
Stadion Growth Fund	1,290,310	1,155,324

(-) Investment did not exceed 5% threshold as of the respective year -end.

NOTE 4 – INFORMATION CERTIFIED BY THE PLAN ADMINISTRATOR:

Under the Department of Labor's regulations, certain assets and related information held by a bank, trust company or similar institution, or an insurance company, that is regulated and subject to periodic examination by a state or federal agency does not have to be audited, provided the plan administrator exercises this option and the institution holding the assets certifies the required information. Guardian Insurance & Annuity Company, Inc has provided certification as to the completeness and accuracy of the investments presented in the accompanying statements of net assets available for plan benefits as of December 31, 2016 and 2015 and in the statement of changes in net assets available for benefits for the year ended December 31, 2016. The accompanying supplemental schedule also includes investment information certified by State Guardian Insurance & Annuity Company, Inc as being complete and accurate.

NOTE 5 - FAIR VALUE MEASUREMENTS:

Financial Accounting Standards Board provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access. Valuation adjustments are not applied to Level 1 securities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

NOTE 5 - FAIR VALUE MEASUREMENTS (continued):

Level 2 Pricing inputs are other than used in Level 1 which include the closing bid price for unlisted marketable securities which are available in active or inactive markets for identical investments or liabilities, other direct or indirect observable inputs that can be corroborated by market data or the use of models or other valuation methodologies as of the reporting date. Investments which are generally included in this category include state and municipal obligations in an active or inactive market that are valued using observable inputs other than quoted prices.

Level 3 Pricing inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. Investments that are included in this category generally include state and municipal obligations which are in an inactive market and valued utilizing risk assumptions based on unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and maximize the use of unobservable inputs.

NOTE 6 - TAX STATUS:

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the original determination letter, the plan sponsor and tax counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt. The Plan is in compliance with the reporting and other provisions of the ERISA and the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS:

As of December 31, 2016, certain plan investments included pooled separate accounts which were managed by Stadion Money Management Inc, the Plan's investment advisor. Additionally, during 2016, the Plan paid investment advisory fees of $16,846 to Stadion Money Management, Inc. During 2016, administrative fees of $8,141 were paid to Guardian Retirement Solutions, the custodian and recordkeeper of the Plan.

During 2016, insurance annuity fees of $46,577 were paid to the insurer of the Plan's insurance annuity contracts, Guardian Insurance & Annuity Company, Inc.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENT TO SCHEDULE H OF FORM 5500:
