LIBERTY AUTO CITY, INC. PROFIT SHARING AND 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

1 - Description Of Plan

The following description of the Liberty Auto City, Inc. Profit Sharing and 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The company covered by the Plan is Liberty Auto City, Inc., referred to herein as Employer.

General
The Plan is a defined contribution plan covering substantially all employees who meet certain age and service requirements, excluding those covered by collective bargaining agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Pension Protection Act of 2006.

Contributions
Each year, participants may contribute a portion of their annual compensation, subject to certain limitations under the Internal Revenue Code and as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan also allows for employer matching and non-elective contributions.

Participant Accounts
Each participant's account is credited with participant contributions, employer match contributions, and allocations of (a) employer non-elective contributions as determined by the plan sponsor and (b) plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions, plus earnings thereon. Vesting in employer contributions, plus earnings thereon, is based upon years of service as defined in the Plan. A participant is 100% vested in employer matching and non-elective contributions after three and six years of service, respectively.

Payment of Benefits
Upon termination of service, a participant may elect to receive an amount up to the value of the participant's vested interest in his or her account, payable either in a lump sum or in installment payments as described by the Plan.

Forfeitures
Forfeited balances of terminated participants' nonvested accounts may be applied to the payment of the Plan's administrative expenses or used to reduce amounts otherwise required to be contributed to the Plan. The forfeiture account totaled $3,342 and $2,883 at December 31, 2016 and 2015, respectively.

Notes Receivable from Participants
Participants may borrow a minimum of $1,000 and a maximum of $50,000 or 50% of their account balance, whichever is less. A participant may not have more than one loan outstanding at any time. Loans shall be repaid within five years or if the proceeds are used to purchase the principal residence of the participant, within a reasonable period of time. Loan repayments must be made through salary reduction each pay period. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Interest rates ranged from 4.25% to 4.50% at December 31, 2016. Interest rates on all loans were 4.25% at December 31, 2015.

Administrative Expenses
All Plan expenses, including without limitation, expenses and fees of the recordkeeper, third-party administrator, investment manager, and custodian shall be charged against and withdrawn from the Plan's trust fund and recorded as expenses of the Plan unless the employer chooses to pay such expenses. The expenses are allocated proportionately based on the value of the account balances in the Plan. In addition, transaction-based fees are deducted from participant accounts.

Plan Amendments
The Plan was amended on January 1, 2016 to change plan entry dates. The Plan was restated on January 1, 2015 to comply with various laws and regulations. There were no significant effects on benefits or net assets individually or in aggregate.

2 - Summary Of Significant Accounting Policies

Estimates
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes Receivable from Participants
Notes receivable from participants are reported at their unpaid principal balances. Interest income is recorded when received. Delinquent participant notes receivable are reported as taxable income to the participant upon default. The taxable amount is equal to the outstanding loan balance plus accrued interest through the date of default. Defaulted loans are included in notes receivable from participants at the unpaid principal balance until the participant has a distributable event and the loan balance is offset against other benefits.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan assets maintained in cash are not insured by the Federal Deposit Insurance Corporation. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. The investments at fair value consist of pooled separate accounts measured at fair value using the net asset value per share practical expedient.

Payment of Benefits

Benefits are recorded upon payment.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2015-07, "Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)" (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, "Fair Value Measurement". Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate fair value using the net asset value practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with early application permitted.

In July 2015, the FASB issued Accounting Standards Update 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965), (ASU 2015-12): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient" (ASU 2015-12). This three-part update simplifies current benefit plan accounting. Part I requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value. Part II eliminates the requirement of benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements. Part II also requires the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. Further, the amendments in this update eliminate the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value (NAV) per share. Part I and II are effective retrospectively for fiscal years beginning after December 15, 2015. Part III of this update provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures. This portion of the update is effective prospectively for fiscal years beginning after December 15, 2015.

The accounting and disclosures in these financial statements and notes follow the applicable portions of ASU 2015-07 and ASU 2015-12. The adoption was applied retrospectively.

Subsequent Events Review

The plan administrator has evaluated subsequent events through October 12, 2017, the date when the financial statements were available to be issued.

3 - Market Risk

The Plan invests in a variety of investments. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

4 - Plan Termination

Although it has not expressed any intent to do so, the employer has a right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

5 - Information Certified By The Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2016 and 2015, and for the year ended December 31, 2016. Accordingly, the Plan's custodian, John Hancock Life Insurance Company U.S.A., has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

(a) Investments and notes receivable from participants, as shown in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015.

(b) Investment income and interest income on notes receivable from participants, as shown in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2016.

(c) Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2016.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information provided by the custodian to the related information included in the financial statements and supplemental schedule.

6 - Tax Status

The Plan adopted a prototype plan. The prototype plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income examination for years prior to December 31, 2013.

7 - Related Party Transactions

John Hancock Life Insurance Company U.S.A. acts as the custodian and recordkeeper for the Plan. The Plan invests in pooled separate accounts managed by John Hancock Life Insurance Company U.S.A.; therefore, the transactions related to these investments qualify as party-in-interest transactions. Amounts paid by the Plan to John Hancock Life Insurance Company U.S.A. totaled $1,049 in fees and $12,719 in commissions for the year ended December 31, 2016. Additional investment expenses may have been paid to John Hancock Life Insurance Company U.S.A. and netted against investment income.

8 - Prohibited Transactions

During 2016, the employer withheld contributions and loan repayments from participants' compensation that were not remitted to the Plan within the time period described by 29 CFR 2510.3-102 which is in violation of ERISA. The Plan is currently working with the Plan custodian to rectify these problems, which should include the employer making contributions into the Plan, paying lost earnings, and paying any applicable excise taxes resulting from these prohibited transactions.
