CONSERVE EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

Note 1 Description of Plan

The following description of the ConServe Employee Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Continental Service Group, Inc. d/b/a ConServe (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 80% of eligible pre-tax annual compensation, subject to statutory limitations, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at a deferral rate of 6% and their contributions are invested in a designated balanced fund unless they affirmatively elect not to participate in the Plan. For participants deferring less than 12% of eligible compensation, their deferral will automatically increase 1% on July 1st of each year until their deferral reaches 12% of eligible compensation, unless they elect otherwise.

The Plan allows for a discretionary employer match contribution, the Company contributed 25% of salary-reduction contributions up to a maximum of 4% of the participant's eligible compensation for 2016 and 2015. Additional discretionary contribution amounts may be contributed at the option of the Company. The Company declared an additional discretionary contribution of approximately $1,674,000 in 2016 which has been recorded as a portion of the receivable on the statement of net assets available for benefits as of December 31, 2016, net of forfeitures of approximately $82,100. To be eligible for either matching or discretionary contributions, the participant must have completed six months of service. Contributions are subject to certain limitations.

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with an allocation of: (1) the participant's contributions, (2) the Company's contributions, and (3) Plan earnings (losses). Deductions are made from the participant's account for a pro rata share of administrative expenses, if applicable. Allocations are based on participant earnings (losses) or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 **Description of Plan - Continued**

Vesting
Participants are immediately vested in their contributions and Company matching contributions plus actual earnings thereon. The Plan provides for vesting in the discretionary employer contributions of 20% after two years of service, 40% after three years of service, 60% after four years of service, 80% after five years of service and 100% after six years of service.

Notes Receivable from Participants
Participants may borrow from their account a minimum of $1,000 up to a maximum of $50,000 (less the highest outstanding loan balance in the previous 12 month period) or 50% of their vested account balance, whichever is less. The loans are secured by the participant's account and bear interest at a rate commensurate with the prevailing rates charged on similar loans under like circumstances by persons in the business of lending money, as determined by the Plan Administrator. Loans are to be repaid over a period not to exceed five years, or longer for the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions. The maximum number of Plan loans outstanding at any one time is three.

Payment of Benefits
The Plan provides for normal retirement benefits upon reaching age 65 and has provisions for early retirement, in-service, disability, death, hardship and termination benefits for those participants who are eligible to receive such benefits.

Upon termination of service, participants can elect to have a qualified rollover of their vested balance or receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the value of the terminating participant's vested account balance does not exceed $1,000, the participant's balance will be distributed automatically at that time.

Forfeitures
In accordance with the Plan document, forfeitures of non-vested discretionary employer contributions are used to reduce future employer contributions or to pay plan expenses. At December 31, 2016 and 2015, forfeited non-vested accounts totaled approximately $142,000 and $126,000, respectively. During the year ended December 31, 2016, employer contributions were reduced by approximately $67,000 from forfeited non-vested accounts.

Administrative Expenses
Administrative expenses may be paid for by the Plan or the Company.

Excess Contributions
At December 31, 2016 and 2015, the Plan recorded a liability of $13,308 and $9,406, respectively, for amounts required to be refunded by the Plan to participants for contributions made in excess of amounts allowed under the Internal Revenue Code.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

Note 2 Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan have been prepared using the accrual basis of accounting.

Subsequent Events
In preparing the financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through October 11, 2017, the date that the financial statements were available to be issued.

Use of Estimates
The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits
Benefits are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties
The Plan invests in investment securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with these investment securities, it is at least reasonably possible that changes in their values will occur in their near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 3 Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Note 3 **Investment Valuation and Income Recognition - Continued**

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and nonfinancial assets and liabilities. That guidance provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value:

Registered Investment Companies: Valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Common/Collective Trust: Valued at estimated fair value based on the underlying assets of the trust. The fair value of the underlying assets is obtained from information provided by the investment advisor using the audited financial statements of the common/collective trust at year end. There are no restrictions on redemptions of these investments.

Note 3 **Investment Valuation and Income Recognition - Continued**

Money Market Fund: Valued at the NAV of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of:

	Investments at Fair Value as of December 31, 2016		
	Level 1	**Level 2**	**Total**
Registered Investment Companies	**$ 19,893,372**	**$ -**	**$ 19,893,372**
Common/Collective Trust	**-**	**52,465**	**52,465**
Money Market Fund	**-**	**142,071**	**142,071**
Total Investments	**$ 19,893,372**	**$ 194,536**	**$ 20,087,908**

	Investments at Fair Value as of December 31, 2015		
	Level 1	**Level 2**	**Total**
Registered Investment Companies	$ 15,139,666	$ -	$ 15,139,666
Common/Collective Trust	-	52,318	52,318
Money Market Fund	-	125,718	125,718
Total Investments	$ 15,139,666	$ 178,036	$ 15,317,702

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 4 **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the accounts of all participants become fully vested and nonforfeitable.

Note 5 **Tax Status**

The Plan adopted a volume submitter profit sharing plan document sponsored by Rimkus, Marciano & Associates Inc. The volume submitter profit sharing plan has received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, as to the volume submitter profit sharing plan's qualified status. The volume submitter profit sharing plan opinion letter has been relied upon by the Plan. The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 **Financial Information Certified by the Custodian**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Trust Company, FSB, a division of Nationwide Bank, the custodian of the Plan, has certified to the completeness and accuracy of the investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, schedule of assets (held at end of year) as of December 31, 2016 (excluding participant loans), and net appreciation in fair value of investments reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2016.

Note 7 **Party-in-Interest Transactions**

Certain Plan investments are shares of registered investment companies and a money market fund managed by Nationwide Trust Company, FSB. Nationwide Trust Company, FSB, a division of Nationwide Bank, is the custodian of the Plan and, therefore, transactions involving these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.
