Plan Administrator
Mind Springs Employee Retirement Plan
Glenwood Springs, Colorado

As part of our audit of the financial statements of Mind Springs Employee Retirement Plan (the Plan) as of and for the year ended December 31, 2016, we wish to communicate the following to you.

AUDIT SCOPE AND RESULTS

Auditor's Responsibility Under Auditing Standards Generally Accepted in the United States of America

An audit performed in accordance with auditing standards generally accepted in the United States of America is designed to obtain reasonable, rather than absolute, assurance about the financial statements. Our audits were performed in accordance with such standards except as requested by you in accordance with the alternative method of reporting permitted by the Department of Labor. In performing auditing procedures, we establish scopes of audit tests in relation to the financial statements taken as a whole. Our engagement does not include a detailed audit of every transaction. Our engagement letter more specifically describes our responsibilities.

These standards require communication of significant matters related to the financial statement audit that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process. Such matters are communicated in the remainder of this letter or have previously been communicated during other phases of the audit. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.

An audit of the financial statements does not relieve management or those charged with governance of their responsibilities. Our engagement letter more specifically describes your responsibilities.

Limited Scope Audit as Permitted by the U.S. Department of Labor

Our audit of the Plan was conducted in accordance with auditing standards generally accepted in the United States of America except as requested by the plan administrator in accordance with the alternative method of reporting as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the *Employee*

Praxity MEMBER GLOBAL ALLIANCE OF INDEPENDENT FIRMS

Retirement Income Security Act of 1974 (ERISA). Under this scope exception, we did not audit investment and notes receivable from participant amounts and transactions prepared and certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee, in accordance with DOL regulation. Accordingly, we were not able to express an opinion on the Plan's financial statements taken as a whole.

In addition, we were not able to express an opinion on whether supplementary information related to investment amounts and transactions prepared and certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee, in accordance with DOL regulation is fairly stated, in all material respects, in relation to the Plan's financial statements as a whole.

Qualitative Aspects of Significant Accounting Policies and Practices

Significant Accounting Policies

The Plan's significant accounting policies are described in Note 2 of the audited financial statements.

- No matters are reportable

Financial Statement Disclosures

The following areas involve particularly sensitive financial statement disclosures for which we are prepared to discuss the issues involved and related judgments made in formulating those disclosures:

- Determination of fair values of investments

Audit Adjustments

During the course of any audit, an auditor may propose adjustments to financial statement amounts. Management evaluates our proposals and records those adjustments which, in its judgment, are required to prevent the financial statements from being materially misstated. Some adjustments proposed were not recorded because their aggregate effect is not currently material; however, they involve areas in which adjustments in the future could be material, individually or in the aggregate.

Areas in which adjustments were proposed include:

Proposed Audit Adjustments Recorded

Other Information in Documents Containing Audited Financial Statements

The Plan's audited financial statements are included in Form 5500, *Annual Return/Report of Employee Benefit Plan,* filed with the DOL's Employee Benefits Security Administration. As part of our procedures, we read the Form 5500 to determine if financial information discussed in

sections outside the financial statements materially contradicts the audited financial statements. If we identify any such matters, we bring them to management's attention and review subsequent revisions.

We are providing this letter in connection with your audits of the financial statements of Mind Springs Employee Retirement Plan (the Plan) as of and for the years ended December 31, 2016 and 2015, and supplemental schedule as of December 31, 2016. We confirm that we are responsible for the fair presentation of the financial statements in conformity with accounting principles generally accepted in the United States of America and for the fair presentation of the accompanying supplemental schedules in conformity with the Department of Labor's Rules and Regulations under ERISA. We are also responsible for adopting sound accounting policies, establishing and maintaining effective internal control, and preventing and detecting fraud.

We understand that you will not express an unmodified opinion on the financial statements of the Plan for the periods ended December 31, 2016 and 2015, because at our request you did not audit investment information provided by the trustee.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, the following:

1. We have fulfilled our responsibilities, as set out in the terms of our engagement letter dated December 14, 2016, for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America.

2. We acknowledge our responsibility for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

3. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.

4. We have reviewed and approved a draft of the financial statements and related notes referred to above, which you prepared in connection with your audit of our financial statements. We acknowledge that we are responsible for the fair presentation of the financial statements and related notes.

5. We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware. Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with accounting principles generally accepted in the United States of America. We understand the term related party refers to an affiliate; employer, management, fiduciaries, and members of their immediate families, and

any other party with which the Plan may deal if the Plan can significantly influence, or be influenced by, the management or operating policies of the other. The term affiliate refers to a party that directly or indirectly controls, or is controlled by, or is under common control with the Plan

6. We have disclosed any significant unusual transactions the Plan has entered into during the period, including the nature, terms and business purpose of those transactions and whether such transactions involved related parties.

7. We have provided you with:

   (a) Access to all information of which we are aware that is relevant to the preparation and fair presentation of the financial statements such as records, documentation and other matters.

   (b) Additional information that you have requested from us for the purpose of the audit.

   (c) Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.

   (d) All minutes of Retirement Plan Committee meetings held through the date of this letter.

   (e) All significant contracts.

8. All transactions have been recorded in the accounting records and are reflected in the financial statements.

9. We have informed you of all current risks of a material amount that are not adequately prevented or detected by plan procedures with respect to:

   (a) Misappropriation of assets.

   (b) Misrepresented or misstated assets or liabilities.

10. We understand the potential penalties for failure to disclose reportable tax transactions to the taxing authorities and have fully disclosed to BKD any and all known reportable tax transactions.

11. We acknowledge that any delay in filing the audit report and the Form 5500 on a timely basis is our responsibility, and the penalties, if any, associated with such delays are our responsibility.

12. We have no knowledge of any known or suspected:

   (a) Fraudulent financial reporting or misappropriation of assets involving management or employees who have significant roles in internal control.

   (b) Fraudulent financial reporting or misappropriation of assets involving others that could have a material effect on the financial statements.

13. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from participants, former participants, regulators, third-party servicers or others.

14. Except as reflected in the financial statements, there are no:

    (a) Plans or intentions that may materially affect carrying values of assets and liabilities.

    (b) Material transactions omitted or improperly recorded in the financial records.

    (c) Material gain/loss contingencies requiring accrual or disclosure, including those arising from environmental remediation obligations.

    (d) Events occurring subsequent to the date of the statement of net assets available for benefits through the date of this letter requiring adjustment or disclosure in the financial statements.

    (e) Agreements to purchase assets previously sold.

    (f) Reportable transactions as defined in Section 103(b)(3)(H) of ERISA.

15. We have disclosed to you all known instances of noncompliance or suspected noncompliance with laws and regulations whose effects should be considered when preparing financial statements.

16. The Plan or the Plan Sponsor is not aware of any pending or threatened litigation or claims whose effects should be considered when preparing the financial statements. Neither the Plan nor the sponsor has sought or received attorney's services related to pending or threatened litigation or claims during or subsequent to the audit period. Also, we are not aware of any litigation or claims, pending or threatened, for which legal counsel should be sought.

17. Adequate allowances have been provided for any material losses from uncollectible receivables.

18. The fair values of financial (and nonfinancial) assets (and liabilities) recognized in the financial statements or disclosed in the notes thereto are reasonable estimates based on the methods and assumptions used. The methods and significant assumptions used result in measurements of fair value appropriate for financial statement recognition and disclosure purposes and have been applied consistently from period to period, taking into account any changes in circumstances. The significant assumptions appropriately reflect market participant assumptions.

19. The Plan and the trust established under the Plan are qualified under the appropriate section of the Internal Revenue Code, and we intend to continue them as a qualified Plan and trust. We do not have any intention at present to terminate the Plan. Required nondiscrimination testing under the appropriate Code Sections has been completed for the Plan, and any excess contributions have been disposed of in accordance with regulations.

20. The Plan instrument has not been amended during the year.

21. The Plan has not requested or obtained a determination letter as the Internal Revenue Service does not currently provide that service for 403(b) plans. We believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax.

22. The Plan has complied with the fidelity bonding requirements of ERISA.

23. The Plan has made no investments during the year that violate the terms of the Plan or Trust Agreement.

24. We have informed you of the existence of any unrecorded transactions, side agreements or other arrangements (either written or oral).

25. Except as disclosed in the financial statements, the Plan has:

    (a) Satisfactory title to all recorded assets, and they are not subject to any liens, pledges or other encumbrances.

    (b) Complied with all aspects of contractual agreements, for which noncompliance would materially affect the financial statements.

26. The financial statements disclose all significant estimates known to us. Significant estimates are estimates at the date of the statement of net assets available for benefits which could change materially within the next year. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.

27. The Plan has not been designated as a potentially responsible party (PRP or equivalent status) by the Environmental Protection Agency (EPA) or other cognizant regulatory agency with authority to enforce environmental laws and regulations.

28. With respect to any nonattest services you have provided us during the year, including – preparing a draft of the report and related notes:

    (a) We have designated a qualified management-level individual to be responsible and accountable for overseeing the nonattest services.

    (b) We have established and monitored the performance of the nonattest services to ensure that they meet our objectives.

    (c) We have made any and all decisions involving management functions with respect to the nonattest services and accept full responsibility for such decisions.

    (d) We have evaluated the adequacy of the services performed and any findings that resulted.

29. We have reviewed the reports of all transactions processed by third-party servicers, and, based on our review, we believe the transactions shown in the reports are valid and in accordance with our instructions to the third-party processor. We also have had no communications from any of the Plan's service organizations regarding any fraud, noncompliance with laws and regulations or uncorrected misstatements.

30. We have complied with the Department of Labor's regulations concerning the timely remittance of participant contributions.

31. We have apprised you of all communications, written or oral, with regulatory agencies concerning the operation of the plan.

32. As applicable, we have complied with the Department of Labor's regulations concerning the services provider fee disclosures in accordance with Sec. 408(b)(2).

33. With regard to supplementary information:

(a) We acknowledge our responsibility for the presentation of the supplementary information, including its form and content, in conformity with relevant regulatory requirements or other applicable criteria.

(b) We believe the supplementary information is fairly presented, both in form and content, in accordance with relevant regulatory requirements or other applicable criteria, in material respects.

(c) The methods of measurement and presentation of the supplementary information are unchanged from those used in the prior period.

(d) We believe the significant assumptions or interpretations underlying the measurement and/or presentation of the supplementary information are reasonable and appropriate.

(e) The supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

(f) If the supplementary information is not presented with the audited financial statements, we acknowledge we will make the audited financial statements readily available to intended users of the supplementary information no later than the date such information and the related auditor's report are issued.

34. We understand the values of the assets and liabilities recorded in the financial statements could change rapidly, resulting in material future adjustments to investment values that could negatively impact the Plan. We acknowledge that you have no responsibility for future changes caused by the current economic environment and the resulting impact on the Plan's financial statements. Further, the plan sponsor is solely responsible for all aspects of managing the Plan, including questioning the quality and valuation of investments.

35. Mind Springs, Inc. is an exempt organization under Section 501(c) of the Internal Revenue Code. Any activities of the organization or any related entities of which we are aware that would jeopardize the organization's tax-exempt status have been disclosed to you.

36. To the best of our knowledge and belief, the net assets available for plan benefits as of December 31, 2016 and 2015 represent all assets relevant to the plan and there are no assets that have been improperly excluded.

37. We have evaluated whether there are conditions or events known or reasonably knowable, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year of the date of this letter without consideration of potential mitigating effects of management's plans not yet fully implemented and concluded substantial doubt does not exist or exists.

Mind Springs Employee Retirement Plan

Notes to Financial Statements

December 31, 2016 and 2015

Note 1: Description of the Plan

The following description of Mind Springs Employee Retirement Plan (the Plan) provides only general information. Effective July 19, 2013, Colorado West Employee Retirement Plan filed with the Colorado Secretary of State to change its name to Mind Springs Employee Retirement Plan. Participants should refer to the plan document and *Summary Plan Description*, which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Colorado West, Inc. d/b/a Mind Springs, Inc. Regional Mental Health, Inc. (the Organization) for the benefit of substantially all of its employees, if they work on average more than 20 hours per week. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal) serves as the Plan recordkeeper and trustee.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Organization make annual contributions of up to 100% of eligible compensation. Employee rollover and catch-up contributions are also permitted. The Plan does allow for special code section 403(b) catch-up contributions for those participants with 15 years of service. The Plan also allows for the Organization to make matching contributions for employees age 21 or older that have one year of service. The Organization makes matching contributions of 100% of employees' salary deferral amounts up to 2.5% of the participant's eligible compensation. The Organization may make discretionary contributions to the Plan, as determined by the Organization's Board of Directors. For 2016 and 2015, the Organization did not make any discretionary contributions to the Plan. The Plan also allows for eligible participants to designate all or any portion of their deferral as a Roth Elective Deferral Contribution. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various mutual funds and a guaranteed investment contract. Each participant has the option of directing his or her contributions into any of the investment accounts and may change the allocation daily; however, for certain investment accounts, in an effort to reduce market timing and excessive trading, certain restrictions may apply.

Notes to Financial Statements

December 31, 2016 and 2015

Participant Accounts

Each participant's account is credited with the participant's contribution, the Organization's matching contribution and discretionary contribution, if any, and Plan earnings. An individual participant's account is charged a fee for obtaining a participant loan, including on-going maintenance of the loan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Organization's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after three qualifying years of continuous service. The nonvested balance is forfeited upon termination of service. Forfeitures may be used to offset the Organization's discretionary contributions. Forfeitures of $2,942 and $1,817 were used to offset the Organization's discretionary contributions during 2016 and 2015, respectively. At December 31, 2016 and 2015 there was $0 of unallocated forfeitures.

Payment of Benefits

Upon termination of service, an employee with an account balance of $5,000 or less will receive a lump-sum amount equal to the value of his or her vested account. An employee with an account balance greater than $5,000 may elect to receive a lump-sum amount or remain in the Plan and continue to participate in investment earnings.

Participants may withdraw amounts from their accounts subject to certain limitations imposed by the Plan. Such withdrawals are also subject to certain taxes and penalties as assessed by the Internal Revenue Service (IRS).

Forfeited Accounts

At December 31, 2016 and 2015, forfeited nonvested accounts totaled $0. Forfeitures may first be used to pay administrative expenses. Forfeitures that have not been used to pay administrative expenses shall be applied to reduce the earliest plan sponsor contributions made after the forfeitures are determined. Also, in 2016 and 2015 administrative expenses of $0 were paid from forfeited nonvested accounts and plan sponsor contributions were reduced by $2,942 and $1,817, respectively.

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the plan administrator. Participant loans totaling $35,600 and $56,150 were issued in 2016 and 2015, respectively.

Plan Termination

Although it has not expressed an intention to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for the benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Mind Springs Employee Retirement Plan

Notes to Financial Statements

December 31, 2016 and 2015

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts which are reported at contract value). Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. Participant loans are valued at amortized cost, which approximates fair value.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Plan or the Organization, at the Organization's discretion.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the last day of the plan year.

Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

Note 3: Certification of Plan Trustee

The Organization has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2016 and 2015
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2016 and 2015
- Investment information included in the accompanying schedule of assets (held at year-end) as of December 31, 2016

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Investment Contract with Principal

In 2009, the Plan entered into a fully benefit-responsive investment contract with Principal. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate guaranteed by the Plan.

As described in the basis of accounting disclosure, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not limited to, the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The following represents the disaggregation of contract value between types of investment contracts held by the Plan:

	2016	2015
Traditional investment contract(s)	$ 541,806	$ 466,438

Note 5: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan has an investment contract that is managed by Principal, which is the recordkeeper for the Plan. The Plan's investment contract is maintained in Principal's general account.

The Plan invests in certain funds of the Plan trustee. The Plan paid $11,547 and $17,340 of recordkeeping fees to Principal during 2016 and 2015, respectively.

The Sponsor provides certain administrative services at no cost to the Plan.

Note 6: Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2016 and 2015:

	2016			
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 5,003,414	$ 5,003,414	$ -	$ -

	2015			
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 3,829,403	$ 3,829,403	$ -	$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2016. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. The Plan holds no Level 2 securities. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Realized and unrealized gains and losses included in net increase in net assets available for benefits for the years ended December 31, 2016 and 2015 are reported in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Tax Status

The Plan, together with the investment vehicles, is intended to be a tax-sheltered annuity plan under Section 403(b) of the Internal Revenue Code of 1986, as amended. The Plan has not requested or obtained a determination letter, as the Internal Revenue Service does not currently provide that service for 403(b) plans. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and not subject to tax.
