The Musical Arts Association

Report on the Financial Statements

We have audited the accompanying financial statements of The Musical Arts Association 403(b) Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2016 and 2015, and changes therein for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

THE POWER OF BEING UNDERSTOOD
AUDIT | TAX | CONSULTING

RSM US LLP is a limited liability partnership and the U.S. member firm of RSM International, a global network of independent audit, tax and consulting firms.

Other Matter - Report on Supplementary Information
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2016 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1. Description of Plan

The following description of The Musical Arts Association 403(b) Retirement Plan (the Plan) provides general information about the Plan, which began on April 1, 2009, and its provisions. The Musical Arts Association (the Association) is the Plan sponsor. Participants should refer to the Plan document and summary plan description for more complete information.

General: The Plan is a defined contribution plan covering eligible hall and office employees of the Association. Effective April 1, 2010, most full-time orchestra members also became covered by the Plan. A participant shall be eligible to participate in allocations of employer contributions upon completing one year of eligible service and having attained 18 years of age. Employee contributions shall commence as soon as administratively practicable on or after the date on which the participant's election is effective, which is the start of a calendar quarter upon hire date.

The Association is responsible for the general administration of the Plan. Principal Trust Company is the trustee of the Plan. Principal Financial Group is the recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Each year, eligible hall and office participants may contribute a percentage or specified dollar amount of pretax annual compensation as defined in the Plan up to the dollar limit imposed under Internal Revenue Code (the Code) Section 402(g) for a respective calendar year. Participants who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions.

The Association shall make, on behalf of eligible hall and office employees who are participants in the Plan, the following contributions: (1) Basic Retirement Contribution equal to 2% of the participant's compensation for the contribution period; (2) Supplemental Retirement Contribution equal to 0%–4% of the participant's compensation for the contribution period, with the percentage based on the participant's years of age at April 1, 2009, for participants who were accruing benefits under The Musical Arts Association Retirement Plan on March 31, 2009; and (3) Matching Retirement Contribution up to 2% of the participant's compensation they contributed to the Plan during the contribution period.

Effective April 1, 2010, the Association shall make a contribution to the Plan on an orchestra member's behalf equal to 7.875% of their contractual weekly minimum salary.

Effective January 1, 2011, the Association shall also make (1) a supplemental contribution to the Plan on an orchestra member's behalf equal to 0%–10% of their contractual weekly minimum salary, with the percentage based on the participant's age at January 1, 2011, for orchestra members who were eligible musicians on January 1, 2011; and (2) a contribution to the Plan on an orchestra member's behalf equal to 10% of their broadcast fees.

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options frequently. Some investment options limit the frequency of trading, require a minimum threshold amount, or charge a fee, all in order to minimize the related costs to the respective fund and, in turn, help maximize its total return. The Association's contributions are allocated in the same manner as that of the participant's elective contributions.

The Plan includes a self-directed brokerage option for orchestra member participants. Under this option, eligible orchestra members may direct contributions into various mutual funds.

Participant accounts: Each participant's account is credited with the participant's contributions, the Association's contributions, and allocations of Plan earnings. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of expenses related to purchases, sales, or transfers of the participant's investments are based on the participant account balances, as defined or based on elected investment options. The benefit to which a participant is entitled is that which can be provided from the vested portion of the participant's account.

Note 1. Description of Plan (Continued)

Vesting: Participants are immediately vested in their contributions and the allocation of Plan earnings thereon. For hall and office employees, vesting in the Association's contributions and the allocation of Plan earnings thereon is based on continuous years of vesting service, beginning with 20% vesting after two years of vesting service and increasing in various increments to 100% vesting after five years of vesting service. Orchestra member participants are immediately vested in the Association's contributions and the allocation of Plan earnings thereon.

Forfeited accounts: Upon termination of employment, participants forfeit the nonvested portion of their account. If a participant is rehired within a five-year period, any such forfeited balance is reinstated to their account. Any nonvested forfeited balances are used to reduce required Association contributions or to pay plan administrative expenses. The unallocated forfeitures balance as of December 31, 2016 and 2015 was approximately $500 and $33,400, respectively, and forfeitures used to reduce Association contributions for 2016 and 2015 were $61,596 and $7,897, respectively.

Notes receivable from participants: A participant may apply to the administrator for a loan from their respective account. A participant's loan may not exceed 50% and $50,000 of the participant's vested balance. A participant with an outstanding loan may not apply for another loan until the existing loan is paid in full and may not refinance an existing loan or obtain a second loan for the purpose of paying off the existing loan. The term of any loan to a participant shall be no greater than five years, except in the case of a loan used to acquire any dwelling unit, which within a reasonable period of time is to be used as a principal residence. The loans are secured by the balance in the participant's account. The interest rate charged shall be commensurate with current interest rates charged by persons in the business of lending money. Principal and interest are paid ratably over the loan period at least quarterly.

Payment of benefits: Participants who have separated from service with the Association will have the vested portion of their account balance paid to them or their beneficiary in a lump sum or via a direct rollover to another eligible retirement plan. The timing of payment to the participant or their beneficiary varies based on the reason for separation from service, the value of the vested account balance, and the participant's age.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions from the Plan prior to requesting a hardship withdrawal.

Administrative expenses: Administrative expenses may be paid by the Plan or the Association, at the discretion of the Association. The Association paid approximately $27,000 for recordkeeping, trustee, audit, consulting and legal services for both of the years ended December 31, 2016 and 2015. Expenses related to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate.

Plan termination: Although the Association has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all rights and benefits would become fully vested and would not thereafter be subject to forfeiture.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments held by the Plan reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Investment purchases and sales are recorded on the trade date basis. Net appreciation (depreciation) includes the Plan's gains and losses for investments bought and sold as well as held during the year. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted loans are treated as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan administrator has evaluated events for potential recognition and/or disclosure through October 12, 2017 the date the financial statements were available to be issued.

Note 3. Investments

The following is a summary of the Plan's investment information as of December 31, 2016 and 2015, included throughout the Plan's financial statements and supplemental schedule.

	2016	2015
Investments, at fair value:		
Mutual funds	$ 15,422,857	$ 12,829,056
Self-directed brokerage accounts	446,062	365,348
	$ 15,868,919	$ 13,194,404
Investment, at contract value:		
Guaranteed investment contract	$ 672,086	$ 842,966

Note 4. Fair Value Measurements

Accounting standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015. The Association is responsible for determining the Plan's valuation policies and analyzing information provided by the investment custodian that is used to determine the fair value of the Plan's investments.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities & Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Consist of various mutual funds, which are valued in a similar manner to mutual funds described above.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value as of December 31:

	2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,422,857	$ -	$ -	$ 15,422,857
Self-directed brokerage accounts	446,062	-	-	446,062
Total assets at fair value	$ 15,868,919	$ -	$ -	$ 15,868,919

	2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,829,056	$ -	$ -	$ 12,829,056
Self-directed brokerage accounts	365,348	-	-	365,348
Total assets at fair value	$ 13,194,404	$ -	$ -	$ 13,194,404

Note 5. Guaranteed Investment Contract

The Plan invests in a traditional fully benefit-responsive guaranteed investment contract, which is stated at contract value on the statements of net assets available for benefits in the amount of $672,086 and $842,966 as of December 31, 2016 and 2015, respectively. The issuer maintains the contributions in a general account. The account is credited with participant contributions plus earnings and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer which may not be less than 1.0% or greater than 3.0%. Such interest rates are reviewed and may be reset on a semiannual basis.

The terms of the contract include limitations on the Plan's ability to transact at contract value. A surrender charge of 5% of the contract value is assessed when a transfer from the guaranteed investment contract to another investment option exceeds a threshold defined within the contract, or when sufficient notice of intent to exit the investment option is not provided by the Plan sponsor. The Plan administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

This guaranteed investment contract shall terminate on the date when no guaranteed interest balances have been established that are accepting deposits and there are no guaranteed interest balances with a value greater than zero under this contract. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6. Income Taxes

The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. As of December 31, 2016 and 2015, the Plan administrator has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by U.S. federal tax authorities for years prior to 2013.

Note 7. Parties-in-Interest Transactions

Certain of the Plan's investments are in mutual funds and a guaranteed investment contract managed by the trustee of the Plan or its affiliates. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. Fees paid to the trustee for the year ended December 31, 2016 were $2,759.

Note 8. Subsequent Event

On June 9, 2017, the Association amended the Plan to permit eligible orchestra members to contribute to the Plan a percentage or specified dollar amount of pretax annual compensation as defined by the Plan up to the dollar limit imposed by the Code Section 402(g) for a respective calendar year. Also, eligible orchestra members who have attained age 50 before the close of the Plan year are permitted to make catch-up contributions.
