## **INDEPENDENT AUDITOR'S REPORT**

The 401(k) Fiduciary Committee  
Hitachi Computer Products Savings and Retirement Plan

### **Report on the Financial Statements**

We were engaged to audit the accompanying financial statements of Hitachi Computer Products Savings and Retirement Plan, (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on the 2016 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements.

### **Basis for Disclaimer of Opinion**

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan administrator that Fidelity Management Trust Company holds the Plan's assets and executes transactions. The Plan administrator has obtained certification from the trustee as of December 31, 2016, and for the year then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

### **Disclaimer of Opinion**

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, we do not express an opinion on the 2016 financial statements.

### **Other Matter – Supplemental Schedule**

The supplemental information, schedule of assets (held at end of year) as of December 31, 2016, is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental information is the responsibility of Plan management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental information.

### **Other Matter – 2015 Financial Statements**

The financial statements of the Plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditor not to perform, and they did not perform any auditing procedures with respect to the information certified by Fidelity Management Trust Company. Their report, dated October 11, 2016, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements; and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by Fidelity Management Trust Company, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

### **Report on Form and Content in Compliance with DOL's Rules and Regulations 2016**

The form and content of the information included in the 2016 financial statements and supplemental information, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

# **HITACHI COMPUTER PRODUCTS SAVINGS AND RETIREMENT PLAN**

## **NOTES TO FINANCIAL STATEMENTS**

**December 31, 2016 and 2015**

### **Note 1 – Description of the Plan**

Hitachi Computer Products (America), Inc. (the Employer or Company) sponsors the Hitachi Computer Products Savings and Retirement Plan (the Plan). The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution plan established for the benefit of the Company's employees, except for employees covered by a collective bargaining agreement, unless the agreement requires the employees to be included under the Plan, leased employees, nonresident aliens who receive no United States source income from the Employer, interns, and residents of Puerto Rico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the 401(k) Fiduciary Committee, which is a committee appointed by the Company's board of directors. Fidelity Management Trust Company (the Trustee) serves as the trustee of the Plan, processes and maintains the records of the participant data, and holds the Plan assets.

#### Eligibility

Nonexcluded employees who have reached 21 years of age are eligible to participate in the Plan. Participants are automatically enrolled in the Plan on the first day of the month after satisfying eligibility requirements.

#### Contributions

Participants may contribute from 1% to 60% of their annual compensation, as defined, as pretax deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Prior to July 15, 2013, eligible employees were automatically enrolled with a 3% deferral rate, which was increased by 1% each year to a maximum of 6%, unless elected otherwise by the participant. Effective July 15, 2013, eligible employees are automatically enrolled in the Plan with a 6% deferral rate. Annually, on April 1, deferral percentages are automatically increased by 1% up to a maximum of 10%, unless elected otherwise by the participant. The first annual increase will not apply to a participant within the first six months following the date the participant was automatically enrolled. Eligible employees who do not wish to participate in the Plan may affirmatively elect to opt out, or they may elect a different deferral percentage.

The Plan also provides for discretionary Employer matching contributions. During 2016, the Company matched 100% of the first 3% and 50% of the next 3% of a participant's eligible compensation, as defined. Employer matching contributions are based on deferrals made each payroll period.

Additional amounts may be contributed by the Employer under the Plan's nonelective Employer contribution provisions at the discretion of the Company's board of directors. In order to be eligible for Employer nonelective contributions, participants must be employed on the last day of the contribution period, unless due to death, disability, or retirement. Nonelective Employer contributions, which were made quarterly, totaled \$1,036,784 for the year ended December 31, 2016.

Contributions are subject to certain limitations.

#### Participant accounts

Each participant's account is credited with participant contributions, Employer matching contributions, and allocations of Employer nonelective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in Employer contributions is based upon years of continuous service as follows:

| <u>Years of Service</u>  | <u>Vesting<br/>Percentage</u> |
|--------------------------|-------------------------------|
| Less than one year       | 0%                            |
| One, but less than two   | 33%                           |
| Two, but less than three | 66%                           |
| Three years or more      | 100%                          |

Participants automatically become 100% vested upon early retirement (attainment of age 55 and three years of service), retirement (age 65), disability, or death. Participants who terminate for any other reason are entitled to the vested amount of their accounts.

#### Notes receivable from participants

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance during the preceding 12-month period, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.25% to 9.75%, which is based on rates determined by the Plan administrator to be reasonable at the time of origination. Only one loan may be outstanding at any given time. Principal and interest is paid ratably through payroll deductions.

#### Payment of benefits

Upon retirement, termination, disability or death, a participant, or his or her beneficiary in the event of death, may elect to receive a lump-sum amount or installment payments equal to the value of the participant's vested interest in his or her account. Additionally, participants may take in-service distributions upon reaching age 59½. Upon termination, automatic distributions are required for balances of less than \$5,000. Automatic distributions above \$1,000 made without the participant's consent are rolled into an individual retirement account designated by the Plan administrator. Generally, certain minimum distributions are required for participants who have separated from service and have reached age 70½.

The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

### Forfeitures

Forfeitures may be used to pay Plan administrative expenses or reduce Employer contributions. For the year ended December 31, 2016, forfeitures in the amount of \$40,069 were used to pay Plan administrative expenses. The Plan had \$54,393 and \$75,325 in unallocated forfeitures at December 31, 2016 and 2015, respectively.

### Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets.

## **Note 2 – Summary of Significant Accounting Policies**

### Basis of accounting

In previous years, the Plan prepared its financial statements using the modified cash basis of accounting. This year, however, the accompanying 2016 financial statements are prepared using accounting principles generally accepted in the United States of America. The 2015 financial statements, presented for comparison, are the same as originally issued, as management determined the accrual basis would not have resulted in material modifications to the 2015 financial statements.

### Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

### Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

### Refund of excess contributions

The Plan failed to pass the Average Deferral Percentage (ADP) test and had participants with deferrals over the Internal Revenue Code (the Code) 402(g) limit, as well as participants with annual additions over the Code 415 limit for the year ended December 31, 2016. Refunds of excess contributions are reported as a liability in the accompanying statements of net assets available for benefits and as a reduction of participant contributions in the statement of changes in net assets available for benefits. The Plan distributed the 2016 excess contributions to the applicable participants prior to March 15, 2017.

### Payment of benefits

### **Note 4 – Fair Value Measurements**

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

|         |                                                                                                                                                                                                                                                                                                                                                                                                                         |
|---------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1 | Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.                                                                                                                                                                                                                                                                                     |
| Level 2 | Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities. |
| Level 3 | Significant unobservable inputs.                                                                                                                                                                                                                                                                                                                                                                                        |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2016 and 2015. During the year ended December 31, 2016, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodologies used for assets measured at fair value:

*Commingled pool* – A commingled pool that is composed primarily of fully benefit responsive investment contracts that is valued at the net asset value (NAV) of units of the bank collective trust based on the fair market value of the underlying investments. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

*Mutual funds* – Valued at quoted market prices, which represent the NAV of shares held by the Plan at year-end.

*Self-directed brokerage accounts* – Accounts primarily consist of cash equivalents and common stock. Cash equivalents are valued at amortized cost, which approximates fair value. Common stock is valued at closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31:

\* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

#### Note 5 – Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2016 and 2015. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

#### Note 6 – Related Party and Party-in-Interest Transactions

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

Certain investments are managed by the Trustee. These transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan also made direct payments to service providers which were not covered by revenue sharing.

#### Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Employer contribution portion of their accounts.

**Note 8 – Tax Status**

The Company adopted a Volume Submitter Profit Sharing Plan (the VSPS Plan) sponsored by Fidelity Management & Research Company. The Internal Revenue Service has determined and informed the VSPS Plan sponsor by a favorable opinion letter dated March 31, 2014, the VSPS Plan is designed in accordance with the applicable sections of the Code. The VSPS Plan's opinion letter is being relied on by the Plan. Although the Plan has been amended since receiving the opinion letter, Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

**Note 9 – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported on the statements of net assets available for benefits.
