Notes to Financial Statements

1. Description of Plan

General

The following description of the ARS Services Inc. 401(k) Profit Sharing Plan & Trust (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

Eligibility

The Plan is a defined contribution plan covering substantially all employees of ARS Services Inc. (the “Company”) who have attained the age of 21 and completed six months of service, except for union employees, non-resident aliens, and employees as a result of Internal Revenue Code (“IRC”) Section 410(b)(6)(c) transactions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Management is responsible for the oversight of the Plan and determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s board of directors.

Contributions

Each year, participants may contribute up to 75% of their pre-tax annual compensation, subject to Internal Revenue Service (“IRS”) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market fund as investment options for participants. The Company will make a safe harbor matching contribution to the account of each eligible participant in an amount equal to (a) 100% of the amount of the employee’s elective deferrals that do not exceed 3% of the employee’s compensation in the plan year, plus (b) 50% of the amount of the employee’s elective deferrals that exceed 3% but do not exceed 5% of the employee’s compensation in the plan year. During the year ended December 31, 2016, the Company made safe harbor matching contributions of \$202,929. Additional discretionary profit sharing contributions may be contributed at the option of the Company’s board of directors and are invested in a portfolio in investments as directed by the Company. During the year ended December 31, 2016, there were no discretionary profit sharing contributions made to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s matching and discretionary profit sharing contributions, (b) plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings, deferrals, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting

Participants are immediately vested in their voluntary contributions, as well as the Company’s safe harbor matching contribution, plus actual earnings thereon. Vesting in the Company’s discretionary profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years

ARS Services Inc. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

of service. A participant is vested in the Company's discretionary profit sharing contributions in accordance with the following schedule:

<i>Years of Service</i>	<i>Vesting Percentage</i>
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years or more	100%

Forfeitures

At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$670 and \$628, respectively. These accounts will be used either to pay administrative expenses or to reduce future employer contributions. During the year ended December 31, 2016, no forfeitures were used to pay administrative expenses or reduce employer contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 5.25% at December 31, 2016, which were commensurate with local prevailing rates at the time the loans were initiated. Principal and interest is paid ratably through payroll deductions within five years unless the loan is used for the purchase of a primary residence, which may be paid back with a period of no more than 30 years.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant, or a beneficiary in the case of death, will receive a distribution equal to the value of the participant's vested interest in his or her account. The participant may elect to take a distribution as a lump-sum payment, installment payments, or partial withdrawals, provided the minimum withdrawal is \$1,000. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service distributions may be made to a participant who has not separated from service, provided that the participant has attained the age of 59½. In-service distributions are permitted from all accounts. Distributions are not restricted to those accounts in which a participant is fully vested. There is no minimum distribution amount. Participants with account balances less than \$5,000 upon termination of service receive an automatic cash payout.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

ARS Services Inc. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities as of the date of the financial statements. Accordingly, actual results could differ from those estimates.

Newly Adopted Accounting Pronouncements

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value estimates by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, and was adopted in 2016. Part II has been applied retrospectively. Other than the elimination of the above mentioned information in the disclosure to the financial statements, the adoption of this guidance did not have a material effect on the Plan's financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Shares held in mutual and money market funds are traded on national securities exchanges and valued at the net asset value as of December 31, 2016 and 2015.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

ARS Services Inc. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 5, 2017, the date the financial statements were available to be issued.

3. Certification of Information by Reliance

Plan investments, investment income, and investment transactions were certified by Reliance. Therefore, in accordance with the request of the plan administrator and as allowed under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Reliance has certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) is complete and accurate.

<i>December 31,</i>	2016	2015

Notes to Financial Statements

4. Fair Value Measurements

The Plan follows the guidance of ASC Topic 820 “Fair Value Measurement,” which defines fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The methods described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan’s investment assets at fair value, as of December 31, 2016 and 2015. As required by ASC Topic 820, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Total mutual funds	\$ 3,717,541	\$ 3,717,541

Notes to Financial Statements

	Active Markets For Identical Assets (Level 1)	December 31, 2015 Total
Total mutual funds	\$ 3,052,156	\$ 3,052,156
Money market fund	103,099	103,099
Total Investments	\$ 3,155,255	\$ 3,155,255

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

6. Tax Status

The IRS has determined, by an opinion letter dated April 10, 2014, that the prototype plan and related trust are acceptable under Section 401 of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.
