Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company (the "Trustee") except for comparing that information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the Trustee, as of and for the years ended December 31, 2016 and 2015, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of the Plan

The following description of the Aaronson Rappaport Feinstein & Deutsch, LLP 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering eligible employees directly employed by Aaronson Rappaport Feinstein & Deutsch, LLP (the "employer"). Employees are eligible to participate upon completion of one month of service and attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Trust Fund
A trust fund has been established by the execution of a trust agreement with a trustee, and is maintained for the purpose of this Plan. The assets of the trust are held, invested and disposed of by the trustee, in accordance with the terms of the trust agreement, for the benefit of the participants and their beneficiaries.

Contributions
Contributions made by participants are based upon a salary deferral agreement. Participants may elect to defer up to 50% of their pre-tax compensation, subject to Plan Committee rules and certain statutory limitations ($18,000 in 2016 and in 2015). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $6,000 in 2016 and in 2015. Participants may also rollover amounts from other qualified defined benefit or deferred contribution plans.

The Plan also provides the option for Roth 401(k) contributions. Under this option, a participant pays the federal and state income taxes on the amount contributed at the time of contribution. Any earnings on Roth 401(k) contributions are not taxed as long as the participant's distribution is a qualified distribution.

Vesting
Participants are immediately vested in their salary deferral contributions and rollovers, plus earnings thereon.

Note 1. Description of the Plan – continued

Participant Accounts
Each participant's records are in the form of a salary deferral contribution account and rollover account. Each participant's account is credited with the participant's contribution and allocations of other Plan additions and deductions. Allocations are based on participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits
Amounts in the participant's account are available for distribution upon retirement, death, disability, termination of employment, termination of the Plan, attainment of age 59-1/2 or hardship.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the employer. Expenses that are paid by the employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other participant requested services fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Plan Termination
Although it has not expressed any intent to do so, the employer has the right to terminate the Plan at any time subject to the provisions of ERISA.

Notes Receivable from Participants
Participants may borrow from their accounts. The maximum loan amount is the lesser of $50,000 or 50% of the participant's vested account balance. Notes receivable from participants are secured by the balance in the participant's account and bear an interest rate equivalent to that charged by major financial institutions in the community for comparable loans at the time the loan is made as determined by the Plan Administrator. Notes receivable from participants as of December 31, 2016 and 2015 bear interest rates ranging from 4.25% to 7.75%.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Note 2. Summary of Significant Accounting Policies – continued

New Accounting Pronouncements

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965). Part I eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts but will continue to require certain disclosures that help users understand the nature and risks of fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Plan has adopted ASU 2015-12 in 2016 and has applied ASU 2015-12 retrospectively, as required and as reflected in the Statements of Net Assets Available for Benefits and in the notes to the financial statements. Certain historical disclosures that are no longer required have been removed. The adoption did not have a material effect on the 2015 financial statements.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividends date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions.

Note 2. Summary of Significant Accounting Policies – continued

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits
Benefits are recorded when paid.

Note 3. Tax Status

The Plan adopted a volume-submitter plan sponsored by Fidelity Management & Research Company. The volume-submitter plan received an opinion letter dated March 31, 2014 from the Internal Revenue Service, stating the volume-submitter plan, as then designed, meets the requirements of the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan committee and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more-likely-than-not, based on the technical merits, to be sustained upon examination by the relevant tax authority. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 4. Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2016	2015
Investments, at fair value:		
Money market fund	$ 555,114	$ 521,771
Mutual funds	14,736,973	13,316,057
Total investments	15,292,087	$ 13,837,828

	2016
Investment income	
Net appreciation in fair value of investments	385,651
Dividends and interest	638,274
Total investment income	1,023,925

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 6. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds issued and managed by Fidelity Investments.

Fidelity Workplace Services LLC is the record keeper of the Plan.

Fidelity Management Trust Company is the trustee of the Plan.

Fidelity Workplace Services LLC and Fidelity Management Trust Company are subsidiaries of Fidelity Investments.

Note 7. Fair Value Measurements

The Plan's investments are stated at fair value in accordance with a fair value hierarchy that prioritizes the inputs, which are summarized as follows:

Level 1
Valuation is based upon quoted prices for identical securities in active markets.

Level 2
Valuation is based upon inputs other than quoted prices for similar securities in active markets and quoted prices for identical or similar securities in markets that are not active.

Level 3
Valuation is based upon inputs that are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Money market fund and mutual funds are valued at the net asset value (NAV) of shares held by the plan at year end. There have been no changes in the valuation methodologies used at December 31, 2016 and 2015.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 7. Fair Value Measurements – continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Fair Value December 31, 2016	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Note 8. Subsequent Events

Subsequent events were evaluated by management through October 5, 2017, which is the date the financial statements were available to be issued.

Effective September 1, 2017, the Plan's cost of administration provision was amended. Amounts a service provider agrees to credit to the Plan in recognition of the service provider's compensation for Plan services will be allocated to a suspense account from which the Plan Administrator may pay the Plan expenses and/or allocate amounts to participants and beneficiaries' accounts pro rata based on their account balances excluding amounts invested in a loan.
