Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Keystone Bakeries 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 and 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 of the financial statements, the Plan adopted new accounting guidance in 2016 related to disclosure of investments and presentation of fair value of certain investments on the statements of net assets available for benefits. Prior year disclosures have also been revised to reflect the retrospective application of adopting these changes in accounting.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2016 is required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

KEYSTONE BAKERIES 401(k) PROFIT SHARING PLAN

Notes to Financial Statements
December 31, 2016 and 2015

(1) Description of Plan

The following description of Keystone Bakeries 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document, including plan amendments, for a more complete description of the Plan's provisions.

General

This Plan is a defined contribution plan for employees of Maplehurst Bakeries, LLC (Maplehurst) (the Company). Effective January 1, 2014, Granny's Kitchen, LLC (Granny's) and Freed's Bakery, LLC (Freed's) were merged into Maplehurst. The Plan covers all full-time employees of the Company who are employed at the Granny's and Freed's plants, who have attained age 18 and have completed thirty days of service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan participates in the Weston Foods US, Inc. Savings Plan Master Trust (the Master Trust). The Pension and Benefits Committee of Weston Foods US, Inc. (Committee) is responsible for oversight of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 20 percent of pretax annual eligible compensation subject to limits imposed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes employer matching contributions equal to 100 percent of the first 3 percent of a participant's eligible wages and 50 percent of the next two percent of contributions up to a total match of 4 percent of eligible wages. The Company may also make discretionary employer contributions, none of which were made during the 2016 and 2015 plan years.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan, Continued

Vesting

Participants are immediately vested in their contributions and any prior safe harbor matching contributions plus actual earnings thereon. Employer matching contributions become 100 percent vested after 2 years of service. Discretionary employer contributions vest over a 6 year graduated vesting schedule.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest rates that range from 4.25 to 4.50 percent, which are commensurate with local prevailing rates. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

Upon retirement, death, disability or termination, a participant may elect to receive either a lump sum amount, equal to the value of the participant's vested interest in his or her account, or installment payments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2016 and 2015, forfeited nonvested accounts totaled \$9,044 and \$7,559, respectively. These accounts are used to reduce future employer contributions or to pay administrative expenses of the Plan. In 2016 and 2015, employer contributions were reduced by \$3,090 and \$3,405, respectively, from forfeited nonvested accounts.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(2) Summary of Significant Accounting Policies, Continued

Investment Valuation and Income Recognition

The Plan retains an interest in the Master Trust which holds investments in various funds (see Note 5).

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Notes 4 and 5 for discussion of fair value measurements.

Purchases and sales of securities are recognized on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

(2) Summary of Significant Accounting Policies, Continued

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosure for Investments in Certain Entities That Calculate Net Asset Value (NAV) per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to categorize, within the fair value hierarchy (Notes 4 and 5), all investments for which fair value is measured using the NAV per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. The Plan elected early adoption of ASU 2015-07 for the year ended December 31, 2016 and the update was retrospectively applied to December 31, 2015. Prior year disclosures in Note 5 have been revised to reflect the retrospective application. The impacting of adopting this update is reflected in the financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient* (ASU 2015-12). ASU 2015-12 simplifies accounting and reporting for employee benefit plans, by among other matters:

- designating contract value as the only required measure for fully benefit-responsive investment contracts;
- requiring that participant-directed and nonparticipant-directed investments of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways;
- removing the requirement to disclose investments that represent 5 percent or more of net assets available for benefits;
- eliminating the requirement to disclose the investment strategy for investments measured using the net asset value per share (or its equivalent) if that investment is in a fund that files a Form 5500, as a direct filing entity;
- permitting the fair value measurement note to be presented by only general type.

(2) Summary of Significant Accounting Policies, Continued

Recent Accounting Pronouncements, Continued

ASU 2015-12 is effective for plans with fiscal years beginning after December 15, 2015. The amendments in Parts I and II should be applied retrospectively for all financial statements presented. The amendments in Part III should be applied prospectively. The Plan adopted ASU 2015-12 in 2016, with the prior period retrospectively adjusted. The adoption of ASU 2015-12 had no effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 4, 2017, the date the financial statements were available to be issued.

(3) Financial Information Certified by the Trustee (Unaudited)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company (the Trustee) as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. The Trustee has certified the following as complete and accurate:

The Plan's assets are as follows at December 31:

	2016	2015
Investment in Master Trust, at fair value	\$ 3,787,006	\$ 3,651,070
Notes receivable from participants	\$ 248,230	\$ 277,293

The Plan's share of investment income was as follows for the years ended December 31:

	2016	2015
Plan's interest in Master Trust investment income	\$ 249,409	\$ 21,490
Interest income on notes receivable from participants	\$ 10,652	\$ 10,889

Notes to Financial Statements December 31, 2016 and 2015

(4) Fair Value Measurements

FASB Accounting Standards Board (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2016 and 2015.

Plan's interest in the Master Trust: See Note 5.

The methods described in Note 5 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

KEYSTONE BAKERIES 401(k) PROFIT SHARING PLAN

Notes to Financial Statements December 31, 2016 and 2015

(5) Interest in the Master Trust (Unaudited)

The Plan's investments are held in the Master Trust, which was established for the investment of assets of the Plan and other Weston Foods US, Inc. sponsored defined contribution retirement plans. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by the Trustee. The administration of the Plan is overseen by the Committee, which is appointed by George Weston Limited Board of Directors.

The value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2016 and 2015, the Plan's interest in the investments of the Master Trust is approximately 4 percent. The investments in the Master Trust are allocated to the individual plans based upon the individual participant balances of those participants that are included in each respective plan.

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee of the Master Trust as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements.

The Trustee has certified the accuracy and completeness of the investment in the net assets of the Master Trust at December 31, 2016 and 2015 and the investment income for the years then ended.

The following table presents the investments of the Master Trust at December 31:

	2016	2015
Registered investment companies	\$ 90,900,529	\$ 86,143,790
Money market fund	1,587,855	2,137,862

(5) Interest in the Master Trust (Unaudited), Continued

(a) In accordance with ASU 2015-07, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to total master trust investments.

There were no significant transfers among investment levels for the years ended December 31, 2016 and 2015.

The following table summarized investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2016 and 2015:

	Fair Value at		Unfunded	Redemption	Redemption
	December 31,	2015	Commitments	Frequency	Notice Period

(6) Related Party Transactions and Party-In-Interest Transactions

Plan investments are investments in the Master Trust managed by the Trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of investments. Additionally, the Company pays certain administrative expenses related to the Plan's operations.

(7) Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

(8) Tax Status

The Plan uses a prototype plan document sponsored by Fidelity. The Internal Revenue Service (IRS) has determined and informed Fidelity by a letter dated March 31, 2008, that the non-standard prototype plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's statements of net assets available for benefits.

(10) Transfer to Affiliated Plan

During 2016 and 2015, transfers of assets from the Plan to the Maplehurst Bakeries, LLC 401(k) Savings Plan were \$285,638 and \$325,628, respectively.
