INDEPENDENT AUDITORS' REPORT

To the Plan Administrative Committee of

NORTHERN TIER ENERGY RETIREMENT SAVINGS PLAN

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of ***Northern Tier Energy Retirement Savings Plan*** (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2016, is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NORTHERN TIER ENERGY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2016 and 2015

(1) Plan description

The following description of the ***Northern Tier Energy Retirement Savings Plan*** (the "Plan") provides only general information. Participants should refer to the plan document for more detailed information.

- A. General** – The Plan is a defined contribution plan sponsored by Northern Tier Energy LLC and certain affiliated companies (collectively the "Company") covering corporate, refinery and certain retail employees who have attained the age of 21 and have three months of service with the Company or a predecessor company. Fidelity Management Trust Company ("Fidelity") serves as trustee of the Plan's assets. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").
- B. Contributions** – Contributions to the Plan are made by both participating employees and the Company. Non-highly compensated participants and highly compensated participants may contribute up to 25% of their gross compensation on a pre-tax or after-tax Roth basis, with certain exclusions, subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make an additional pretax "catch-up" contribution subject to IRC limitations. Participant contributions are matched by the Company at a rate of 100% of up to the participant's first 6% of compensation. Participants may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements. Effective September 1, 2016, new and returning participants becoming eligible to make salary deferrals under the Plan are automatically entered into a salary deferral election equal to 3% of eligible compensation, unless a different deferral election is made or an election not to defer is made.

The Company also makes a non-elective safe harbor contribution in addition to Company matching contributions equal to 3% of eligible compensation for all eligible employees within the company. Under the collective bargaining agreement associated with union employees the Company must also apply the same contribution rate for union employees that they would use for eligible employees within the Company. The Company may also elect to make a discretionary non-elective contribution. Discretionary contributions are a fixed contribution based on a participant's eligible compensation. All employees who have 1,000 hours of service during the plan year and are employed at the plan year end are eligible for discretionary contributions. No discretionary non-elective contributions were made for the 2016 plan year. Effective January 1, 2017 the Plan was amended to replace the non-elective safe harbor contribution with a safe harbor match of 175% of the first 6% of the participant's eligible compensation up to a maximum of 10.5%. The match occurs after the participant attains one year of service. Participants receiving the safe harbor contribution are immediately 100% vested in the contribution.

- C. Participant accounts** – Each participant's account is credited with the participant's contributions, the participant's allocation of Company contributions, and the participant's proportional allocation of the earnings of selected plan investments, including realized and unrealized gains and losses. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- D. Vesting** – Participants are fully vested in that portion of their account which relates to their contributions, Company safe harbor contributions and the income earned thereon. A participant's interest in Company matching contributions and earnings thereon vests as follows:

<u>Years of service</u>	<u>% Vested</u>
1	0%
2	0%
3 or more	100%

(1) Plan description (continued)

Participants become 100% vested in Company contributions upon death, total and permanent disability, or attainment of normal retirement age.

- E. Forfeitures** – If a forfeiting participant is re-employed within five years of termination and fulfills certain requirements, as set forth in the Plan, the participant's account will be restored. Forfeitures of Company contributions are used to reduce expenses, restore forfeited participant balances for employees who were re-employed within five years of termination, or to reduce future employer contributions. During 2016, \$328,584 of forfeitures was used to reduce employer contributions. As of December 31, 2016 and 2015, there were \$57,705 and \$103,557, respectively of unapplied forfeitures.
- F. Distribution of benefits** – Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants may elect a lump sum distribution. The Plan also allows in-service withdrawals from all accounts after attaining age 59½. Effective January 1, 2017, the Plan was amended to allow hardship withdrawals as determined by government regulations and the Plan.
- G. Notes receivable from participants** – A participant may borrow an aggregate amount up to the lesser of \$50,000 or 50% of the participant's vested account balance, subject to plan provisions. The minimum loan that may be taken is \$1,000. Loans must bear a reasonable rate of interest. Loans are collateralized by the participant's vested interest in the Plan and are supported by a promissory note. Loans must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a longer repayment period is allowed.

Participants may not have more than five outstanding loans at any given time. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Effective January 1, 2017, the Plan was amended to reduce the number of outstanding loans allowed from five to one. Any loans existing prior to the effective date shall continue under the pre-existing terms until repaid.

(2) Summary of significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, income and contributions are recognized when earned and expenses are recorded when incurred.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

The common collective trust, which is classified as an investment contract and held by a defined contribution plan is required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

(2) Summary of significant accounting policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits – Benefits are recorded when paid.

Plan expenses – Expenses related to the management of the Plan's investments and investment transactions and certain participant initiated transactional fees are paid by the Plan. Substantially all other expenses incurred in the administration of the Plan are paid by the plan sponsor.

Use of estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties – The Plan provides investment options, which may invest in any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

New accounting pronouncements – In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in ASU 2015-07 apply to reporting entities that measure an investment's fair value using the net asset value per share (or its equivalent) practical expedient. The ASU eliminates the requirement to classify the investment within the fair value hierarchy. In addition, the requirement to make certain disclosures for all investments eligible to be assessed at fair value with the net asset value per share practical expedient has been removed. Instead, such disclosures are restricted only to investments that the entity has elected to measure using the practical expedient. These investments should be disclosed as a reconciling item between the amounts reported in the fair value hierarchy table and the balance sheet. If an investment is measured using the net asset value per share as a practical expedient and that investment is in a fund that files a Form 5500, as a direct filing entity ("DFE"), disclosure of that investment's strategy will no longer be required. The table showing the unfunded commitment, redemption frequency and redemption notice period is still required. The Plan adopted ASU 2015-07 for the plan year ended December 31, 2016.

Subsequent events – The Plan's management has evaluated subsequent events through October 2, 2017, which is the date the financial statements of the Plan were available to be issued. Except as described in Note 1, there were no material subsequent events requiring disclosure.

(3) Fair value measurements

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the asset or liabilities.

Level 3: Inputs to the valuation methodology that are unobservable and supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Money market funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end that are readily determinable fair values of those shares as they are published daily and are the basis for current transactions.

Mutual funds: Valued at the NAV of the shares held by the Plan at year end as determined by quoted market prices.

Common collective trust: Valued at the NAV of units of a collective trust. The NAV, as provided by the fund manager, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The common collective trust is audited annually.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(3) Fair value measurements (continued)

The following table sets forth by level and by investment class, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 77,244,187	\$ -	\$ -	\$ 77,244,187
Total assets in the fair value hierarchy	77,244,187	-	-	77,244,187
Investments measured at net asset value (a)	-	-	-	3,459,787
Total Investments	<u>\$ 77,244,187</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 80,703,974</u>

The following table sets forth by level and by investment class, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market funds	\$ 1,177,698	\$ -	\$ -	\$ 1,177,698
Mutual funds	<u>63,551,943</u>	<u>-</u>	<u>-</u>	<u>63,551,943</u>
Total assets in the fair value hierarchy	64,729,641	-	-	64,729,641
Investments measured at net asset value (a)	-	-	-	2,180,056
Total Investments	<u>\$ 64,729,641</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 66,909,697</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(4) Information certified by the Plan's trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Plan's trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments, at fair value
- Notes receivable from participants
- Interest and dividends
- Interest income on notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NORTHERN TIER ENERGY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2016 and 2015

(5) Party-in-interest transactions

Section 3(14) of ERISA defines a party-in-interest to include, among other, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the trustee are considered party-in-interest transactions.

(6) Tax status

The Plan has adopted the volume submitter profit sharing plan document of Fidelity Management Trust Company. The volume submitter sponsor received a favorable opinion letter dated March 31, 2014 in which the Internal Revenue Service stated that the form of the volume submitter plan was in compliance with the applicable requirements of the IRC. The plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC, and that the related trust is therefore tax-exempt. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan did not recognize any interest and penalty expense for the period ended December 31, 2016. The Form 5500 remains subject to examination by the IRS for the years ended December 31, 2013 through December 31, 2016.

(7) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

(8) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for plan benefits on the financial statements to the Form 5500 as of December 31, 2016:

Net assets available for benefits on the financial statements	\$ 84,661,243
Adjustment from fair value to contract value for interest in the common collective trust relating to fully benefit-responsive investment contracts	<u>8,514</u>
Net assets available for benefits on the Form 5500	<u>\$ 84,669,757</u>

The following is a reconciliation of net increase in net assets on the financial statements to net income on the Form 5500 for the year ended December 31, 2016:

Net increase in net assets on the financial statements	\$ 14,072,111
Adjustment from fair value to contract value for interest in the common collective trust relating to fully benefit-responsive investment contracts for the year ended December 31, 2016	<u>8,514</u>
