## Notes to Financial Statements

---

### 1. Description of Plan

The following description of the ModusLink Global Solutions Savings and Retirement 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

#### **General**

The Plan is a defined contribution plan covering eligible employees of ModusLink Global Solutions and participating subsidiaries (collectively, the "Company"). Fidelity Management Trust Company ("FMT") serves as the trustee for the Plan's investments, Fidelity Workplace Services LLC ("FWS") serves as recordkeeper of the Plan and the Company serves as the plan administrator. The Plan's effective date is October 1, 1973 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employees of the Company are eligible to participate in the Plan following the attainment of age 21. Employees are automatically enrolled into the Plan at a deferral rate of 3% a minimum of thirty days after they become eligible. The auto deferral rate was increased to 4% effective January 2016.

The Plan was amended and restated effective June 24, 2015 to adopt an updated prototype plan and incorporate previous amendments and regulatory compliance updates.

#### **Participant Contributions**

Participants may voluntarily contribute up to 80% of their pretax compensation in any plan year, not to exceed the annual amount set by law. Participants that have attained age 50 or are projected to attain age 50 before the close of the calendar year may make additional catch up contributions.

#### **Employer Contributions**

The Company may make a discretionary employer matching contribution to the Plan on behalf of participants calculated as a percentage of voluntary contributions set by board resolution. The approved matching percentage was 33.33% of the first 6% of participant contributions in 2016 and 2015. Voluntary contributions in excess of 6% of eligible compensation were not subject to matching in 2016 and 2015.

#### **Rollover Contributions**

The Plan may receive any amounts received by an employee as a distribution from another qualified plan, provided that the receipt of such amounts does not adversely affect the qualified tax status of the Plan. Participants are fully vested in these amounts.

### ***Vesting***

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The majority of participants vest in the discretionary employer matching contributions based on years of service as follows:

| <i>Years of Vesting Service</i> | <i>Percent Vested</i> |
|---------------------------------|-----------------------|
| Less than 1 year                | 0%                    |
| 1 year                          | 33%                   |
| 2 years                         | 67%                   |
| 3 or more                       | 100%                  |

Participants who are not otherwise fully vested will become fully vested in all contributions upon attainment of age 55, death, total disability prior to termination of service or upon termination of the Plan. Certain participants of former employers acquired by the Company fall under other vesting schedules under which participants are immediately vested.

### ***Participant Accounts***

Each participant's account is credited with the participant's voluntary contributions, discretionary employer matching contributions, administrative expenses, if applicable, and an allocation of plan earnings. Plan earnings are allocated based on the underlying investments in a participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

### ***Payment of Benefits***

The Plan provides for distribution of the vested balance of a participant's account to a participant, spouse or designated beneficiary upon reaching the normal retirement date, 59½ years of age, disability or death. All distributions are subject to the applicable provisions of the plan agreement.

### ***Hardship Withdrawals***

In accordance with a uniform and nondiscriminatory policy adopted by the plan administrator, a participant may withdraw a portion of his or her vested balance to meet immediate and heavy financial needs, subject to certain limitations outlined in the Plan.

### ***Notes Receivable from Participants***

The Plan allows a participant to borrow a minimum of \$1,000 and up to the lesser of \$50,000 or 50% of his or her vested account balance. The loan is secured by the participant's vested balance. Each loan bears interest at a fixed rate determined by the plan administrator and must be repaid to the Plan within a five year period, unless the loan is used for the purchase of a principal residence in which case the maximum repayment period may be ten years. Outstanding loans carry an interest rate which is commensurate with prevailing rates for similar loans at the time each loan was made and are repaid ratably through payroll deductions.

Participant notes receivable are stated at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as

administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

### ***Investment Elections***

Each participant shall direct the investment of his or her account. Participants may select from a selection of mutual funds or a money market fund.

### ***Forfeitures***

When termination of participation in the Plan occurs, the nonvested portion of the participant's account, as defined by the Plan, represents forfeitures. Forfeitures are utilized to pay administrative expenses or to reduce future discretionary employer matching contributions. As of December 31, 2016 and 2015, the Plan held \$13,034 and \$32,387, respectively, of forfeited nonvested amounts. For the years ended December 31, 2016 and 2015, forfeitures of \$27,335 and \$45,079 were used to reduce discretionary employer matching contributions.

### ***Administration***

The general administration of the Plan is governed by the Company. Loan, distribution and outside mutual fund fees are paid by the Plan. The Company pays for audit and legal fees and other administrative costs, if any. Any expenses paid by the Company and excluded from these financial statements.

## **2. Summary of Significant Accounting Policies**

### ***Basis of Accounting***

The financial statements of the Plan are prepared on the accrual basis of accounting.

### ***Recently Adopted Accounting Pronouncements***

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update (ASU) 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Parts I and III are not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, and was adopted in 2016. Part II has been applied retrospectively. Other than the elimination of the abovementioned information in the disclosures to the financial statements, the adoption of this guidance did not have a material effect on the Plan's financial statements.

### *Use of Estimates*

In preparing the financial statements in conformity with accounting principles generally accepted in the United States of America, the Plan's management is required to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein and disclosures. Accordingly, actual amounts could differ from those estimates.

### *Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Shares held of mutual and money market funds traded on national security exchanges are valued at the net asset value as of December 31, 2016 and 2015.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### *Payment of Benefits*

Benefits are recorded when paid.

### *Subsequent Events*

The Company has evaluated subsequent events through October 10, 2017, the date which the financial statements were available to be issued.

## **3. Fair Value Measurement**

The Plan follows the provisions of ASC Topic 820, "*Fair Value Measurement*", which defines fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

**Level 1** - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

**Level 2** - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

**Level 3** - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised by the Plan in determining fair value is greatest for instruments

## Notes to Financial Statements

categorized in Level 3. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The methods described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value. As required by ASC Topic 820, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

### 4. Information Certified By the Plan Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform, and they did not perform, any auditing procedures with respect to the following information certified by FMTC except for comparing such information certified by FMTC to information included in the Plan's financial statements and supplemental schedule. The Plan Administrator has obtained certifications from FMTC for 2016 and 2015 that such information is complete and accurate.

### 5. Tax Status

The Plan uses a prototype plan document. The prototype plan received its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since the prototype plan received its opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore no provision or liability for income taxes has been included in the financial statements.

### 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to amend, including discontinuing its contributions, or terminate the Plan at any time. Termination of the Plan will be subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

During the Plan year ended December 31, 2015, decisions were made by the Company to reduce its workforce. As a result, a partial termination of the Plan occurred. All affected participants became 100% vested in their benefits.

### 7. Party-In-Interest Transactions

Certain plan investments are shares of mutual funds managed by FMTC. The Plan also issues loans to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

### 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
