Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Bridgestone APM Company 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company, a member of the Principal Financial Group, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, we do not express an opinion on the 2016 financial statements referred to in the first paragraph.

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter—2015 Financial Statements

The financial statements of the Plan as of December 31, 2015, were audited by predecessor auditors. Their report, dated October 12, 2016, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

BRIDGESTONE APM COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

Note 1—Description of the Plan

The following description of the Bridgestone APM Company 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provision.

General

Effective May 1, 1994 (restated October 12, 2014), Bridgestone APM Company (the “Company”) adopted this defined contribution plan qualifying under Sections 401(a) and 401(k) of the Internal Revenue Code (the IRC). The Plan covers all full-time employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions

Participants may elect to contribute from 1% to 60% of their eligible compensation, but not more than the maximum amounts allowed by the Internal Revenue Service (the IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows participants to make rollover contributions from other qualified retirement plans. For participants who have completed one year of service, the Company will make matching contributions equal to 50% of the first 6% of eligible compensation contributed by each participant. The Company may also make a qualified nonelective contribution each year, although it did not elect to make such a contribution in 2016. Participants direct the investment of contributions into various investment option offered by the Plan. Contributions are subject to certain IRS limitations.

Effective January 1, 2016, the Plan was amended to provide for automatic enrollment at a contribution rate of 6% when the new employee first become eligible to participate in the Plan, unless the employee elects otherwise. There is no automatic increase provided for in the amendment.

Participant accounts

Each participant's account is credited with the participant's contributions, the Company’s matching contributions, an allocation of the Company’s nonelective contributions (when made) based on participant compensation, and Plan earnings based on the investment options selected by the participant. Participant accounts are charged for certain administrative expenses as described below. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in all contributions and earnings thereon at all times.

Notes receivable from participants

Notes receivable from participants can be authorized to participants for a minimum of \$1,000 and up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The \$50,000 maximum amount is reduced by the highest outstanding note receivable balance during the one-year period ending on the day before the new note receivable is made. The notes receivable from participants bear interest at rates commensurate with local prevailing rates as determined based on current bank lending rates. Principal and interest are paid ratably through payroll deductions, primarily over a period not to exceed five years unless for qualified principal residence. The notes receivable are secured by the balance in the participant’s account.

Payment of benefits

Distributions are not permitted while participants are employed, except in the case of “hardship” as defined by the IRS for participants’ deferral contributions and earnings thereon, distributions of a participant’s rollover contributions or upon attainment of age 59½. Participants are prohibited from making elective deferrals into the Plan for six months after receipt of a hardship withdrawal. Upon termination of service, a participant may receive a lump-sum amount equal to the value of his or her account or, if the participant’s account balance is greater than \$5,000, may elect to receive the benefit in the form of one of various annuity options permitted by the Plan agreement. If a participant's balance is less than \$5,000 and a distribution election is not made, the full value of the account will be distributed in a single lump-sum, either directly to the participant if the balance does not exceed \$1,000, or to an individual retirement account if the balance is between \$1,000 and \$5,000.

Administrative expenses

Certain administrative fees are charged by the trustee and deducted from participants’ accounts. These fees, which are asset-based and calculated monthly, are netted with net (depreciation) appreciation in fair value of investments in the statement of changes in net assets available for benefits. Participants initiating a note receivable against their account balance are charged a transaction fee as well as quarterly maintenance fee for the term of the note receivable. Inactive participants are charged a quarterly account fee. Other expenses, including fees for professional services, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules.

Note 2—Summary of significant accounting policies

Basis of accounting

The Plan maintains its records on the accrual basis, whereby income is recognized when earned and expenses are recognized when the obligations are incurred.

Investment valuation and income recognition

Investments are reported at fair value, (except for fully benefit-responsive investment, which is valued at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly fashion between market participants at the measurement date. See Note 4 for further discussion and disclosure related to fair value measurements. Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the Plan.

Purchases and sales of investments are recorded on trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of mutual funds includes the Plan’s gains and losses on mutual funds bought and sold as well as held during the year end.

Notes receivable from participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Notes receivable from participants are written off when deemed uncollectible.

Note 2—Summary of significant accounting policies – continued

Contributions

Contributions from participants are recorded when withheld from their compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Recently issued accounting pronouncement

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (ASU 2015-12). Part I clarifies fully benefit-responsive investment contracts are limited to direct investments between the Plan and the issuer. Part I also eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measurement for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset. Part III is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015 with early adoption permitted. The Plan adopted the applicable provisions of ASU 2015-12 for the December 31, 2015 plan year. The adoption of Parts I and II of this guidance did not have a significant impact on the Plan's financial statements.

Subsequent events

The Plan has evaluated subsequent events through October 3, 2017, the date the financial statements were available to be issued, and has determined there are no subsequent events that require disclosure.

Note 3—Investments

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held and notes receivable from participants as of December 31, 2016 and 2015, and net realized and unrealized appreciation in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2016, were obtained or derived from information supplied to the plan administrator and certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, a member of the Principal Financial Group (Principal), as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been examined by independent auditors.

Note 4—Fair value measurements

Except for the Plan's fully benefit-responsive investment contract, the Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification Topic, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 4—Fair value measurements – continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds – valued at the quoted closing market price on an active market held by the Plan at the end of the year. Mutual funds held by the Plan are open end mutual funds that are registered with the Securities and Exchange Commission.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets that are measured at fair value.

Description	Total	Fair Value Measurements at December 31, 2016 Using		
		Level (1)	Level (2)	Level (3)
Mutual funds	\$ 26,789,662	\$ 26,789,662	\$ 0	\$ 0
Total investment assets at fair value	\$ 26,789,662	\$ 26,789,662	\$ 0	\$ 0

Description	Total	Fair Value Measurements at December 31, 2015 Using		
		Level (1)	Level (2)	Level (3)
Mutual funds	\$ 23,963,801	\$ 23,963,801	\$ 0	\$ 0
Total investment assets at fair value	\$ 23,963,801	\$ 23,963,801	\$ 0	\$ 0

Note 5—Fully benefit-responsive investment contract with insurance company

The Plan has a fully benefit-responsive investment contract with Principal. Principal maintains the contributions in an investment contract. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measure attributable for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

BRIDGESTONE APM COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2016 and 2015

Note 5—Fully benefit-responsive investment contract with insurance company – continued

Contract value, as reported by Principal to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2016 and 2015 was \$3,290,952 and \$2,816,024, respectively. The credit interest rate is based on the Composite Crediting Rate. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on completing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that causes a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6—Related party and party-in-interest transactions

Certain Plan investments held in mutual funds are managed by Principal. Principal is the Plan's trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included as an addition to net appreciation (depreciation) in the fair value of investments. The Plan made direct payments to the trustee in the amount of \$32,344 during 2016.

BRIDGESTONE APM COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2016 and 2015

Note 7—Federal income tax status

The Plan is designed based on a prototype plan established by Principal. The IRS has provided an opinion to Principal by a letter dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the IRC. The form has been amended since receiving the letter. Although, the Plan has not requested a letter of determination from the IRS, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 9—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
