RADIOLOGY AFFILIATES OF CENTRAL NEW JERSEY, P.C. EMPLOYEE PROFIT SHARING PLAN

Notes to the Financial Statements As of December 31, 2016 and 2015 For the Year Ended December 31, 2016

1. DESCRIPTION OF THE PLAN

The following description of the Radiology Affiliates of Central New Jersey, P.C. Employee Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the summary plan description for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which was established effective June 30, 1972 by Radiology Affiliates of Central New Jersey, P.C. (the Company). The Plan covers all eligible employees of the Company who have attained 21 years of age. All employees of the Company are eligible to participate in the Plan except for residents of Puerto Rico, employees covered by a collective bargaining agreement for which retirement benefits have been the subject of good faith negotiations, leased employees, and nonresident aliens with no income from a U.S. source. Eligible employees may participate in the Plan upon completion of one year with 1,000 hours of service. Once eligibility requirements are attained, participants may begin to contribute on the first day of the year or six months after (i.e. January 1st or July 1st). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended and restated effective November 9, 2015.

Participant Contributions

Participants may contribute up to 75% of their annual W-2 compensation, as defined by the Plan, not to exceed the maximum allowable contributions under the Internal Revenue Code (the Code). The maximum allowable pre-tax contribution totaled \$18,000 for the year ended December 31, 2016. Participants may also elect a portion of their deferrals as a Roth contribution. If they elect to make Roth deferrals, the amount of their contribution will be included in income for tax purposes, and the income tax withholding amounts will be deducted from the remainder of their pay, not from the Roth deferral amount. Employees who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Code, which totaled \$6,000 for the year ended December 31, 2016. Participants are permitted to make rollover contributions into the Plan.

Company Contributions

The Company may, at its discretion, elect to match a portion of the eligible participant's contributions on a Plan year basis. For the year ended December 31, 2016, the Company provided a discretionary matching contribution of 50% of participant contributions up to 4% of their eligible compensation, which totaled \$246,579.

Prior to December 21, 2012, the Company made matching contributions in accordance with the 2012 Plan agreement. After December 21, 2012, the Plan was amended to replace the matching contributions with safe harbor contributions for eligible participants.

The Company also makes safe harbor non-elective contributions to eligible participants. For the year ended December 31, 2016, employees received a safe harbor match of 3% of their eligible compensation, which totaled \$413,473.

RADIOLOGY AFFILIATES OF CENTRAL NEW JERSEY, P.C. EMPLOYEE PROFIT SHARING PLAN

Notes to the Financial Statements As of December 31, 2016 and 2015 For the Year Ended December 31, 2016

1. DESCRIPTION OF THE PLAN – cont'd.

Company Contributions – cont'd.

In addition, employees are eligible to receive non-elective profit sharing contributions made at the discretion of the Board of Directors each year upon satisfaction of the eligibility requirements. Profit sharing contributions are allocated pro rata based on each employee's compensation in relation to the compensation of all participants eligible to receive the contribution.

Participants must be employed by the Company on the last day of the year to receive the non-elective profit sharing contribution. For the year ended December 31, 2016, the Company contributed \$829,436 as qualified non-elective profit sharing contributions.

Participant Accounts

Each participant's account is participant-directed and is credited with the participant's contributions, withdrawals, and allocations of Company contributions, plan earnings and administrative expenses in accordance with the investment options selected by the participant. Any earnings, losses, and administrative expenses are allocated to participant accounts based upon the balance in each account. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting

Participants are immediately vested in their contributions, safe harbor contributions, and discretionary matching contributions made by the Company, plus earnings thereon. For Company matching contributions made prior to December 21, 2012, and non-elective profit sharing contributions, vesting is based on years of continuous service, as defined by the Plan, according to the following graduated vesting schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	25%
3	50%
4	75%
5	100%

Participants become fully vested in their Company contributions upon attainment of normal retirement age, total disability or become deceased.

Notes to the Financial Statements As of December 31, 2016 and 2015 For the Year Ended December 31, 2016

1. DESCRIPTION OF THE PLAN – cont'd.

Forfeitures

Forfeitures of Company contributions may be used to pay administrative expenses or reduce future Company contributions. Forfeitures become available to the Plan as of the earlier of the last day of the Plan year in which a former employee incurs five consecutive one-year breaks in service or a distribution of the participant's entire vested account balance occurs. Forfeitures available as of December 31, 2016 and 2015 totaled \$4,688 and \$6,499, respectively. Forfeitures totaling \$4,548 were used to reduce qualified non-elective profit sharing contributions for the year ended December 31, 2016.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balance, not to exceed \$50,000, without regard to the intended use of the funds. The minimum note amount is \$1,000 and each participant may not exceed two loans outstanding at a given time. The notes are collateralized by the participant's vested account balance and are accounted for as a specific investment of the borrowing participant's account. Note repayments are to be made at least quarterly with interest based on rates comparable to those offered by financial institutions at the time of note origination. Notes for reasons other than the purchase of a primary residence are to be repaid within five years. Notes used to purchase a primary residence can be repaid over a ten year period.

Payment of Benefits

Upon termination of service due to death, disability, retirement (age 65), early retirement (55 years of age and 6 years of service) or attainment of age 59 ½, a participant or their beneficiary, in the event of death, is entitled to a distribution of their vested account balance. Distributions from the Plan are payable in the form of a lump sum payment or installment payments; however, distributions of accounts with balances less than \$1,000 must be in the form of a lump-sum distribution. Prior to retirement, distributions from the Plan are payable in the form of a lump sum payment. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed by the participant may be withdrawn for a hardship purpose. Distributions are subject to the applicable provisions of the Plan agreement. Certain income taxes and penalties may apply to withdrawals or distributions prior to age 59 ½. As of December 31, 2016 and 2015, there were no net assets of the Plan allocated to the accounts of participants who had elected to withdraw from the Plan that had not received such distributions as of year-end.

Plan Expenses

Expenses incurred in the administration of the Plan are required to be paid by the Trustee with assets of the Plan unless the Company, at its discretion, elects to pay them. During the year ended December 31, 2016, the Company paid the majority of direct expenses related to the Plan's operations. Administrative expenses totaling \$4,064 were paid directly from the Plan for the year ended December 31, 2016. Loan and distribution fees are paid by the Plan and its participants. Investment related expenses are included in net appreciation of fair value of investments.

Notes to the Financial Statements As of December 31, 2016 and 2015 For the Year Ended December 31, 2016

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual method of accounting.

Recently Issued Accounting Pronouncement and Accounting Changes

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I and III are not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management has adopted Part II for the year ended December 31, 2016.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in financial instruments that are exposed to risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur in the near term and materially affect the amounts reported in the statements of net assets available for benefits.

RADIOLOGY AFFILIATES OF CENTRAL NEW JERSEY, P.C. EMPLOYEE PROFIT SHARING PLAN

Notes to the Financial Statements As of December 31, 2016 and 2015 For the Year Ended December 31, 2016

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurement

Accounting Standards Codification (ASC) 820, *Fair Value Measurement* (ASC 820), defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to the Financial Statements As of December 31, 2016 and 2015 For the Year Ended December 31, 2016

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont’d.

Fair Value Measurement – cont’d.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interest bearing cash: Shares of a money market portfolio are valued using amortized cost which approximates fair value.

Interests in registered investment companies: Valued at the closing price of the shares held by the Plan at year-end. Funds are traded on an active market.

Self-directed funds: Valued at the closing price of shares held by the Plan at year-end. Individual securities within the accounts are traded on an active market.

Cash surrender value of life insurance policies: Cash surrender values of life insurance policies are valued at their redemption values.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2016 and 2015.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ 243,699	\$ -	\$ -	\$ 243,699
Interest in registered investment companies	15,353,777	-	-	15,353,777

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based on the terms of the Plan agreement.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through September 1, 2017, the date the financial statements were available to be issued, and determined there were no material events that warrant disclosure.

3. INVESTMENTS

All investment information (excluding cash surrender value of life insurance policies on the statements of net assets available for benefits and the related change in value on the statement of changes in net assets available for benefits) disclosed in the accompanying financial statements and supplemental schedule, including assets held as of December 31, 2016 and 2015, and interest and dividend income and net appreciation in fair value of investments for the year ended December 31, 2016, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee of the Plan, Fidelity Management Trust Company.

The following investment information was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the Trustee of the Plan. The fair value of the life insurance policies are not certified.

	2016	2015
Investment values certified by the Trustee:	\$ 33,170,180	\$ 29,110,878
<hr/>		
	2016	2015
Information not certified by the Trustee:		
Cash surrender value of life insurance policies	\$ 237,104	\$ 223,541

4. SELF-DIRECTED FUNDS

The Plan offers a self-directed program to participants allowing them to invest their account balances in any investment, as permitted by the Plan and in accordance with ERISA. Under this type of arrangement, participants can direct investments into the self-directed program in addition to, or in lieu of, the various investment alternatives offered by the Plan. The Plan's investment in self-directed accounts, consisting principally of interests in registered investment companies, cash and common stock, totaled \$17,407,679 and \$15,472,062 as of December 31, 2016 and 2015, respectively. Interest and dividends on self-directed funds totaled \$489,062 for the year ended December 31, 2016. Unrealized and realized gain (net) on self-directed funds totaled \$752,022 for the year ended December 31, 2016.

RADIOLOGY AFFILIATES OF CENTRAL NEW JERSEY, P.C. EMPLOYEE PROFIT SHARING PLAN

Notes to the Financial Statements As of December 31, 2016 and 2015 For the Year Ended December 31, 2016

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their accounts.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Investments Institutional Operations Company, Inc., who acts as Custodian for the Plan. The Custodian is a related entity to the Trustee. The Plan loans funds to its participants according to the applicable provisions of the Plan agreement. The Company provides the Plan with certain accounting and administrative services for which no fees are charged. All such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. INCOME TAX STATUS

The Plan has adopted a standardized prototype plan which received a favorable opinion letter from the Internal Revenue Service dated July 23, 2014, stating that the Plan is qualified in accordance with applicable sections of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan was amended and restated subsequent to receiving the opinion letter; however, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740, *Income Taxes* (ASC 740), prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. As the Plan is tax exempt and has no unrelated business taxable income, the provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2016 and 2015.

The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits for any periods in progress.
