The plan administrator has obtained a certification from the trustee as of December 31, 2016 and 2015 and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at year end) as of December 31, 2016, is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WESTERN REFINING & AFFILIATED COMPANIES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2016 and 2015

(1) Description of the Plan

The following description of the **Western Refining & Affiliated Companies 401(k) Plan** (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

- A. **General** – The Plan is a defined contribution plan established for the benefit of employees of the subsidiaries and affiliates of Western Refining, Inc. (collectively referred to as the "Company"). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").
- B. **Administration of Plan assets** – The Plan is administered by an Administrative Committee appointed by the Company's Board of Directors. The Plan's assets, which consist of mutual funds, money market funds, a stable value fund and a self-directed brokerage account, are held by the trustee of the Plan. Contributions are held and managed by the trustee, which invests, as directed by participant, the cash received, interest, and dividend income and makes distributions to participants.
- C. **Eligibility** – Employees of the Company are eligible to make elective deferrals; employees who have also completed 12 months of eligible service are eligible to receive employer safe harbor matching contributions and discretionary non-elective profit sharing contributions.
- D. **Contributions** – Each year, participants can make contributions to the Plan. Pre-tax contributions can be made up to 60% of eligible compensation, subject to certain Internal Revenue Code ("IRC") limitations. The maximum elective deferral for the year ended December 31, 2016 was \$18,000. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$6,000 for the year ended December 31, 2016. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Effective September 1, 2016, new and returning participants becoming eligible to make salary deferrals under the Plan are automatically entered into a salary deferral election equal to 3% of eligible compensation, unless a different deferral election is made or an election not to defer is made.

The Company's safe harbor matching contribution is equal to a percentage of the participant's eligible compensation contributed to the Plan. For employees in El Paso who are covered under the Collective Bargaining Agreement with the International Union of Operating Engineers Local 351 the determination of safe-harbor matching contributions is equal to 250% of the first 4% of a participant's compensation contributed to the Plan. For employees covered under the collective bargaining agreement at the Albuquerque Wholesale Terminal with the Chauffeurs, Teamsters and Helpers, Albuquerque, New Mexico Local Union 492 the determination of the safe-harbor match is equal to 133.4% of the first 6% of compensation not to exceed 8% of a participant's compensation contributed to the Plan. All other employees covered under the Plan receive safe harbor matching contributions equal to 133.4% of the first 6% of compensation not to exceed 8% of a participant's compensation contributed to the Plan. Effective January 1, 2017 the Plan was amended to replace the current determination of the safe harbor matching contribution to 175% of the first 6% of the participant's eligible compensation up to a maximum of 10.5% after the participant attains one year of service. Participants receiving the safe harbor contribution are immediately 100% vested in the contribution.

NOTES TO FINANCIAL STATEMENTS

December 31, 2016 and 2015

(1) **Description of the Plan (continued)**

The Company may also decide each plan year to make a discretionary non-elective profit sharing contribution to the Plan on behalf of different groups of participants. If the Company elects to do so, each plan year the Company shall identify the members of each allocation group and the amount to be contributed to each group. For each group, such contribution is allocated based upon a non-integral formula in the same ratio as each participant's compensation bears to total compensation of all participants in the group. The participant must be employed on the last day of the contribution period to be eligible to receive the discretionary non-elective profit sharing contribution. There were no profit sharing contributions made to the Plan for years ended December 31, 2016 and 2015.

- E. Participant accounts** – Each participant's account is credited with the participant's contribution, the safe harbor matching contribution, the discretionary non-elective profit sharing contribution, and an allocation of Plan earnings. Allocations of Plan earnings are based on participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- F. Vesting** – Participants are immediately vested in their elective deferrals, the Company's safe harbor matching contributions, and the discretionary non-elective profit sharing contribution.
- G. Notes receivable from participants** – Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with prevailing rates at the time the loan is made as determined by the Plan Administrator. Principal and interest are ratably paid each pay period through payroll deductions.
- H. Payment of benefits** – Participants may take distributions from the Plan under the following circumstances: (i) at age 59½, (ii) at age 55 with 10 years of service (for previous Giant Plan participants and only from source lines specified in the Plan's adoption agreement), (iii) upon termination of service, and (iv) at retirement, death or hardship as defined by government regulations and the Plan.
- I. Forfeitures** – At December 31, 2016 and 2015, forfeited nonvested accounts totaled \$2,724 and \$34,052, respectively. Forfeited balances of terminated participants' non-vested accounts are used to reduce participant transaction fees and reduce employer contributions. During 2016, \$36,213 was used to reduce participant transaction fees and \$0 was used to reduce future employer contributions.
- J. Administrative expenses** – Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain Plan expenses are paid by the Company. Investment expenses are paid by fees associated with each investment fund.
- K. Participants' investment options** – Upon enrollment in the Plan, a participant must direct deferrals and employer contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via direct phone or Internet access.

NOTES TO FINANCIAL STATEMENTS

December 31, 2016 and 2015

(2) Summary of significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, income and contributions are recognized when earned and expenses are recorded when incurred.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and the reported amounts of additions to and deductions from net assets. Actual results may differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

The stable value fund, which is classified as an investment contract and held by a defined contribution plan is required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued interest.

Payment of benefits – Benefits are recorded when paid.

New accounting pronouncements – In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in ASU 2015-07 apply to reporting entities that measure an investment's fair value using the net asset value per share (or its equivalent) practical expedient. The ASU eliminates the requirement to classify the investment within the fair value hierarchy. In addition, the requirement to make certain disclosures for all investments eligible to be assessed at fair value with the net asset value per share practical expedient has been removed. Instead, such disclosures are restricted only to investments that the entity has elected to measure using the practical expedient. These investments should be disclosed as a reconciling item between the amounts reported in the fair value hierarchy table and the balance sheet. If an investment is measured using the net asset value per share as a practical expedient and that investment is in a fund that files a Form 5500, as a direct filing entity ("DFE"), disclosure of that investment's strategy will no longer be required. The table showing the unfunded commitment, redemption frequency and redemption notice period is still required. The Plan adopted ASU 2015-07 for the plan year ended December 31, 2016.

Subsequent events – The Plan's management has evaluated subsequent events through October 2, 2017, which is the date the financial statements of the Plan were available to be issued.

(3) Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or collaborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability and inputs that are observable for the asset or liability either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value and net asset value. Besides the adoption of ASU 2015-17 described in Note 1 in the new accounting pronouncement section, there have been no changes in the methodologies used at December 31, 2016 and 2015.

Money market funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end that are readily determinable fair values of those shares as they are published daily and are the basis for current transactions.

Mutual funds: Valued at the NAV of shares held by the Plan at year end that are readily determinable fair values of those shares as they are published daily and are the basis for current transactions.

Self-directed brokerage account: The self-directed brokerage account includes mutual funds and cash. Mutual funds are valued at the NAV of shares held by the Plan at year end that are readily determinable fair values of those shares as they are published daily and are the basis for current transactions.

Stable Value Funds: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(4) Information certified by the Plan's trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Plan's trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments, at fair value
- Notes receivable from participants
- Interest and dividends
- Interest income on notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

COMPANIES 401(k) PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2016 and 2015

(5) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

(6) Tax status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated November 4, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

(7) Party-in-interest transactions

Plan investments are managed by Fidelity Management Trust Company and, therefore, the transactions qualify as exempt party-in-interest transactions. The net administrative fee paid to Fidelity Management Trust Company was \$50,615 for the year ended December 31, 2016. The Company is the Plan Sponsor and provides all matching contributions to the Plan; consequently, these transactions qualify as party-in-interest transactions.

(8) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported in the financial statements to the Form 5500 as of December 31, 2016 and 2015:

	<u>2016</u>	<u>2015</u>
Net assets available per the financial statements	\$ 229,162,869	\$ 214,593,272
Less: Employer and participant contributions receivable	<u>(637,092)</u>	<u>(607,586)</u>
Net assets available for benefits per the Form 5500	<u>\$ 228,525,777</u>	<u>213,985,686</u>

The following is a reconciliation of the net increase in net assets as reported in the financial statements to the Form 5500 for the year ended December 31, 2016:

Net increase per the financial statements	\$ 14,569,597
Add: Employer and participant contributions receivable for 2015	607,586
Less: Employer and participant contributions receivable for 2016	<u>(637,092)</u>
Net income on the Form 5500	<u>\$ 14,540,091</u>

(9) Risks and uncertainties

The Plan provides for various investment fund options, which in turn invest in any combination of stocks, bonds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
