Report on the Financial Statements

We were engaged to audit the accompanying financial statements of F-D-S Manufacturing Company, Inc. 401(k) Plan & Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by VOYA Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of and for the years ended December 31, 2016 and 2015, that the information provided to the Plan Administrator by the custodian is complete and accurate.

401(k) PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS
December 31, 2016

Note 1 Description of Plan

The following description of the F-D-S Manufacturing Company, Inc. 401(k) Plan & Trust (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan was established to provide retirement benefits for employees of F-D-S Manufacturing Company, Inc. (the "Company"). Employees become eligible to participate in the Plan following 1 year of continuous service, are 20 years or older and are credited with at least 1,000 hours of service, as defined in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees, which is made up of key officers of the Company, is responsible for oversight of the Plan.

Contributions - Each year, participants may voluntarily contribute up to 75% of pretax compensation, as defined in the Plan and subject to limitations by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Employer matching and additional profit sharing amounts may be contributed at the option of the Company. During the year ended December 31, 2016, no employer amounts were contributed to the Plan.

Participant Accounts and Vesting - Each participant's account is adjusted by the participant's contributions, employer matching contributions (if any), and allocations of (a) the employer profit sharing contributions (if any), (b) Plan earnings (losses) and, (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 6 years of credited service.

Notes Receivable from Participants - Loans to participants are not permitted.

Payment of Benefits - On termination of service due to death, disability, retirement, or other reason, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Note 1 Description of Plan (continued)

Forfeitures - The non-vested portions of participants' employer-derived account balance are treated as forfeitures. At December 31, 2016 and 2015, forfeited non-vested accounts totaled $2,976 and $2,973, respectively. These accounts can be used to offset plan expenses or may be used to reduce the employer matching contributions, if any.

Note 2 Summary of Accounting Policies

Date of Management's Review - Subsequent events were evaluated through October 10, 2017 which is the date the financial statements were available to be issued.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (U.S. GAAP), requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of these assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Recently Issued and Adopted Accounting Pronouncements - In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2015-12, Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Pension Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II eliminates the requirements for plans to disclose individual investments that represent 5 percent or more of net assets available for benefits, and the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. Part II also requires that investments be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics and risks. Part III provides a practical expedient to permit plans to measure investments and investment related activity as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively and Part III prospectively. Plan management adopted the standard effective January 1, 2016. The Plan's financial statements are presented to conform to the requirements of Parts I and II of the ASU, and thus certain amounts in 2015 have been reclassified to conform with 2016 and this FASB ASU. Part III of the ASU has no impact on the Plan's financial statements since the Plan does not hold investments valued by applying the practical expedient.

Note 2 Summary of Accounting Policies (continued)

Basis of Accounting - The accompanying financial statements have been prepared on the accrual method of accounting and include only assets, liabilities and changes in net assets of the Plan in conformity with U.S. GAAP.

Investment Valuation and Income Recognition - Investments are reported at fair value except for the Plan's fully benefit-responsive contract (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid. Any distribution to a participant who has a benefit which exceeds $5,000, shall require such participant's written (or in such other form as permitted by the Internal Revenue Service) consent if such distribution occurs prior to the time the benefit is "immediately distributable." A benefit is "immediately distributable" if any part of the benefit could be distributed to the participant (or surviving spouse) before the participant attains or would attain (or would have attained if not deceased) the later of the participant's normal retirement age or age 65.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 3 Party-in-Interest Transactions

Certain Plan investments are pooled separate accounts consisting of shares of mutual funds managed by Voya Retirement Insurance and Annuity Company (VOYA). VOYA is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transaction by the United States Department of Labor's (DOL) Rules and Regulations.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 4 Investments Certified By Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by VOYA, the Plan custodian, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

The custodian has certified as to the completeness and accuracy of all investment balances reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015, all of the investment activity reflected on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2016, and all investment information in the supplemental schedule.

Note 5 Fully Benefit-Responsive Investment Contracts

The Voya Fixed Account is a benefit-responsive investment contract. Investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Contributions to Voya Institutional Trust Company (Voya), a subsidiary of the custodian, under this contract are maintained in a general account that is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Voya. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. There are no reserves against contract value for credit risk.

There are no unfunded commitments. Under the terms of the contract, the Company must provide a minimum of 90-day notice to Voya prior to redemption of the contract. Voya is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by Voya but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting.

Note 5 Fully Benefit-Responsive Investment Contracts (continued)

Certain events might limit the ability of the Plan to transact at contract value with Voya. Such events include (1) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (2) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (3) premature termination of the contract. The Company does not believe that any events are probable of occurring that might limit the ability of the Plan to transact at contract value with Voya and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6 Fair Value Measurements

FASB Accounting Standards Codification (ASC) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

LEVEL 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

LEVEL 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 6 Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Money market account: Valued at ending cash balance at year-end.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is a quoted price in an active market and is classified within level 1 of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Money market account	$ 2,976	$	$	$ 2,976
Pooled separate accounts	2,677,834			2,677,834
	$ 2,680,810	$	$	$ 2,680,810

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Money market account	$ 2,973	$	$	$ 2,973
Pooled separate accounts	2,522,490			2,522,490
	$ 2,525,463	$	$	$ 2,525,463

Note 7 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 % vested in their employer contributions.

Note 8 Tax Status

The Company has adopted a Prototype 401(k) Plan and related trust. The Internal Revenue Service (IRS) by a letter dated March 31, 2014, has determined that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 9 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
