Note 1. Plan Description

The following description of AAR Aircraft Services Miami Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General: The Plan, as amended and restated, provides for employee contributions under the provisions of Section 401(k) of the Internal Revenue Code (“Code”) and covers employees of AAR Aircraft Services, Inc., Miami location (the “Company”), a subsidiary of AAR CORP. (the “Parent Company”). Under the Plan’s provisions, employees are eligible, as determined under the plan document, to participate in the Plan as of the first day of employment. Participation in the Plan is voluntary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions: Each year, participants may contribute a specific percentage of pre-tax or Roth (after-tax) annual compensation, as defined by the Plan, subject to annual limits as permitted under the Code. Participants may also roll over amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions (limited to \$6,000 in 2016). The Plan provides for automatic enrollment at a pre-tax deferred amount of 5 percent of annual compensation and automatic escalation of 1 percent each year on June 1st, unless the participant elects a different percentage or not to contribute to the Plan.

All Company contributions, subject to certain limitations, are available for withdrawal before retirement or termination of employment. The participants are permitted to borrow from their account with limitations. Participants should refer to the plan document for more complete information, which may be obtained from the Company.

Investment options: The participants elect to have contributions invested in one or more of the following investment options:

Vanguard Federal Money Market Fund: Seeks to provide current income while maintaining liquidity and a stable share price of \$1 by investing primarily in high-quality, short-term money market instruments.

Vanguard GNMA Fund Admiral Shares: Seeks to provide a high and sustainable level of interest income by investing in a broad range of mortgage-backed securities issued by the Government National Mortgage Association (“GNMA”), an agency of the U.S. government.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the participant's highest outstanding loan balance in the previous 12 months or 50 percent of their non-forfeitable account balance, whichever is less. Interest is charged at an annual rate of 1 percent above the federal prime rate in effect on the first business day of the month of loan issuance. The loan period can be a maximum of five years (ten years for purchase of a home). The loans are secured by the balance in the participant's account and bear interest at a rate of 4.50 to 4.75 percent at December 31, 2016 and 4.25 percent at December 31, 2015. Principal and interest are paid ratably through bi-weekly payroll deductions.

Participants' accounts: Each participant's account is credited with the participant's contributions and Company matching contribution and allocations of (a) the Company's discretionary contribution, and (b) Plan earnings, offset by an investment administrative charge and an allocation of admin expense that are paid by the Plan. Allocations are based on participant earnings or account balances or compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administration: Day-to-day administration of the Plan is the responsibility of the Retirement Plan Administrative Committee ("the Administrative Committee") comprised of at least three senior officers of the Parent Company. The Administrative Committee members are appointed by the Board of Directors. Investment policy and investment activities are the responsibility of the Retirement Plan Investment Committee consisting of at least three senior officers of the Parent Company appointed by the Board of Directors.

Vanguard Fiduciary Trust Company ("Vanguard") provides assistance in plan administration. Vanguard, as trustee and investment manager, performs administrative and recordkeeping services for the Plan in addition to coordinating the activities of the mutual funds.

AAR Aircraft Services Miami Retirement Savings Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting and benefits: Upon becoming eligible to participate in the Plan, employees have a non-forfeitable right to the portion of their account balance attributable to participant contributions, asset transfers/rollovers plus the related earnings or losses. The portion of the participant's account balance attributable to Company contributions plus related earnings or losses is subject to the following vesting schedule:

Years of Service	Vested Percentage	Forfeited Percentage
Less than one year	0%	100%
One year	34%	66%
Two years	67%	33%
Three years	100%	0%

In-service distributions, such as loans and hardships, are permitted within certain restrictions.

At retirement, participants are paid their entire account balance in a lump-sum or in equal installments over a period of not more than 15 years.

Funding policy: The Plan is funded by contributions from participants and the Company. The Company matches 20 percent of the employees' elected deferrals up to 5 percent of compensation, not to exceed the maximum allowable as a deduction under the provisions of Section 404 of the Code of 1986, as amended. The Company may, at its discretion, contribute additional profit sharing contributions to the Plan. For the year ended December 31, 2016, Company matching and profit sharing contributions amounted to \$201,188 and \$751,602, respectively.

Forfeited accounts: At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$24,161 and \$7,101, respectively. The plan document provides for these accounts to be used to pay plan expenses or reduce future Company contributions. During the year ended December 31, 2016, Company contributions were not reduced by forfeited non-vested accounts, and no forfeitures were used to pay plan expenses.

Note 2. Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisors and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates: These financial statements are prepared in accordance with accounting principles generally accepted in the United States of America that require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could be materially different from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses are paid by the Company and, accordingly, are not reflected in the accompanying financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through October 11, 2017, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Vanguard

The following is a summary of the Plan's asset and income information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Vanguard, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Vanguard that information provided to the Plan Administrator by Vanguard related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

Note 4. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	2016			
	Level 1 (1)	Level 2 (2)	Level 3 (3)	Total
Registered investment company securities	\$ 15,174,625	\$ -	\$ -	\$ 15,174,625
Investments at fair value	\$ 15,174,625	\$ -	\$ -	\$ 15,174,625

	2015			
	Level 1 (1)	Level 2 (2)	Level 3 (3)	Total
Registered investment company securities	\$ 12,789,768	\$ -	\$ -	\$ 12,789,768
Investments at fair value	\$ 12,789,768	\$ -	\$ -	\$ 12,789,768

- (1) Quoted prices in active markets for identical assets that we have the ability to access as of the reporting date.
- (2) Inputs other than quoted prices included within Level 1 that are directly observable for the asset or indirectly observable through corroboration with observable market data.
- (3) Unobservable inputs, such as internally developed pricing models or third party valuations for the asset due to little or no market activity for the asset.

Valuation Techniques Used to Determine Fair Value

Registered investment company securities: Valued at the daily closing price as reported by the fund. Registered investment company securities held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The registered investment company securities held by the Plan are deemed to be actively traded. There have been no changes in methodology used at December 31, 2016 and 2015.

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2016, there were no transfers in or out of Level 3.

Note 5. Related-Party Transactions

Certain Plan investments are shares of registered investment companies managed by an affiliate of Vanguard. Any purchases and sales of these funds are open market transactions at fair market value. Vanguard is the trustee as defined by the Plan and, therefore, these qualify as party-in-interest transactions. Fees paid by the Plan to Vanguard amounted to \$4,937 for the year ended December 31, 2016. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. In addition, certain administrative functions are performed by employees of the Company for which no compensation is received from the Plan.

Note 6. Tax Status of the Plan

The Internal Revenue Service has determined and informed the Company by a letter dated July 7, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of Section 401(a) of the Code. Therefore, the Plan is exempt from federal income taxes under Section 501(a) of the Code and no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time. Termination must have the approval of the Company's Board of Directors. In the event of termination of the Plan, the trust fund assets are appraised and each participant would become 100 percent vested in their Company contribution portion of their account as of the termination date.

Note 8. Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in these risks in the near term could materially affect investment account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Transfers In, Net

If a participant of the Plan becomes eligible for the AAR CORP. Retirement Savings Plan, a separate plan sponsored by the Parent, they will cease participation in the Plan and become eligible to participate in the AAR CORP. Retirement Savings Plan. When they become eligible to participate in the AAR CORP. Retirement Savings Plan, their account balance in the Plan is automatically transferred into the AAR CORP. Retirement Savings Plan. A similar transfer occurs when a participant of the AAR CORP. Retirement Savings Plan becomes eligible for this Plan. During the year ended December 31, 2016, the net amount of the transfers described above was a transfer in of \$32,608.
