Godwin Pumps of America, Inc. Profit Sharing Plan and Trust
Rye Brook, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Godwin Pumps of America, Inc. Profit Sharing Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Matrix Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of December 31, 2016 and 2015 and for the year ended December 31, 2016 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As described in Note 1, effective December 31, 2016, the Plan was merged into the Xylem Retirement Savings Plan. Our opinion is not modified with respect to this matter.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

GODWIN PUMPS OF AMERICA, INC. PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of the Godwin Pumps of America, Inc. Profit Sharing Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's information.

General - The Plan is a defined contribution plan covering substantially all employees of Xylem Dewatering Solutions, Inc. (formerly known as Godwin Pumps of America, Inc.) (the "Company", "Employer" or "Plan Sponsor"), who have six months or more of service.

Matrix Trust Company serves as the trustee ("Matrix" or the "Trustee") of the Plan and Kaufmann and Goble Associates, Inc. is the recordkeeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective December 31, 2016 the Plan was merged into the Xylem Retirement Savings Plan (the "RSP") and net assets of the Plan totaling \$49,035,619 were transferred to the RSP.

In January of 2015, Broadridge Financial Solutions, Inc. ("Broadridge"), signed an agreement to acquire the trust/custodial organization of Wilmington Trust, effective April 11, 2015. Matrix, a Broadridge company, replaced Wilmington Trust as the Trustee on the effective date.

Eligibility - All employees of the Employer who are not covered by a collective bargaining agreement (union employees) or leased employees become eligible to participate in the Plan after completing six months of service with the Employer and must be age 20.5 or older. Participation in the Plan begins on the earlier of the first day of the Plan year or the first day of the seventh month of the Plan year coinciding with or next following the date in which the eligibility requirements are met.

Contributions - Under the provisions of the Plan document, allowable contributions are outlined as follows:

Participant Contributions - Each year, participants may contribute up to the maximum percentage of compensation and dollar amount permissible under the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan is required to return contributions received during the Plan year in excess of the IRC limits. There were no excess contributions that were returned to participants during 2016 and 2015.

Employer Contributions - The Company contributes 50% of the first 6% of base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the discretion of the Company's senior management. On September 21, 2017, the Company made a net profit-sharing contribution of \$277,923 which the Company elected to contribute to the RSP for the benefit of the Plan participants for the year ended December 31, 2016. The annual profit sharing contribution is usually a specific percent of eligible profit sharing compensation. In some instances it can be a certain total contribution amount, and each participant's amount is determined by multiplying their pro-rata share of eligible profit sharing compensation by the total contribution amount.

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of the Company's discretionary contributions, participant forfeitures, and Plan's investment earnings and charged with withdrawals and an allocation of Plan's investment losses. Allocations are based on

participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments - Participants direct the investment of their contributions into various investment options offered by the Plan. Company contributions are automatically invested according to each participant's contribution investment direction. The Plan offers 16 mutual funds and a stable value fund as investment options for participants.

Vesting - Participants are vested immediately in their contributions, plus actual earnings thereon. The Company contribution portion of the participant's account is vested based on their number of years of service. A year of service is any year in which the participant works 1,000 hours during the Plan year. An employee is 100% vested in Company contributions with six or more years of continuous service at the rate of 20% per year starting in the employee's second year of service.

Benefits to Participants - On termination of service with the Company, a participant may request a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Direct Rollover of Certain Distributions - With respect to an eligible rollover distribution, the participant may elect, at the time and in a manner as defined by the Plan document for such purpose, to have the Plan make a direct rollover of all or part of such withdrawal or distribution to an eligible retirement plan which accepts such rollover.

If a participant's account balance is greater than \$1,000 but does not exceed \$5,000 and the participant fails to make an affirmative election to either receive the lump sum payment or have it directly rolled over to another qualified plan within the election period, the account balance will be automatically rolled over to an Individual Retirement Account ("IRA") established in the participant's name.

If a participant's account balance is \$1,000 or less and the participant fails to make an affirmative election to either receive the lump sum payment or have it directly rolled over to another qualified plan or an IRA within the election period, the account balance will be automatically paid out to the participant.

Forfeited Accounts - At December 31, 2015, forfeited nonvested accounts totaled \$24,180. Forfeited amounts can be used to reduce employer contributions or pay Plan expenses. During the year ended December 31, 2016, employer contributions were reduced by \$84,494 from forfeited nonvested accounts.

Notes Receivable from Participants - Participants may borrow from their accounts (a "loan") up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed, as determined quarterly by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Loan terms shall not exceed 60 months unless the loan is used to purchase the principal residence of the participant, in which case the loan term may not exceed 114 months. Participants may not have more than two loans outstanding at any time.

Administrative and Investment Management Expenses - Expenses reasonably expected to be incurred to administer the Plan, including the Plan's recordkeeping and trustee fees and loan origination fees associated with notes receivable from participants, are paid using the Plan's revenue share account or by the Employer, as necessary.

The Plan Sponsor provides accounting and other administrative services to the Plan at no charge. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

Investment management fees are charged to the Plan by the majority of the investment funds. These investment management fees are included in the net asset value ("NAV") of the fund calculated by the investment manager of the respective fund and are reflected by the Plan as a reduction of investment return for such investments.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Risks and Uncertainties - The Plan utilizes various investment instruments, including mutual funds and a stable value fund. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, liquidity risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the fair values of the investments will occur in the near term and that such change could materially affect the values of participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). A more detailed description of the types of investments and their valuation methods can be found in Note 3.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Revenue Share Account - Revenue share account balances that have not been allocated to participants or used to pay plan expenses are reflected as cash in the statement of net assets available for benefits. Revenue share credits received into the account during the year are included in other income, and plan expenses paid from the revenue share account are included in administrative expenses in the statement of changes in net assets available for benefits. The revenue share account had a balance of \$554,724 at December 31, 2015. There were revenue share credits of \$148,036 and expense payments of \$170,683 during the year ended December 31, 2016.

Contributions Receivable - The Plan accrues participant contributions receivable based upon payroll deferrals during the Plan year but not yet deposited. The Plan accrues employer contributions incurred but not deposited, as well as discretionary contributions based on the election of the Company's board of directors.

Benefits Paid to Participants - Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of participants who have elected to withdraw from the Plan but have not yet been paid as of December 31, 2016. Additionally, for loans declared in default the principal and accrued interest are recorded as a distribution.

Notes Receivable from Participants - Participant loans are recorded at their unpaid principal balance, plus any accrued, but unpaid interest. In the event that a participant fails to make repayment for three consecutive months, the loan is considered to be in default. In the event default is declared, the outstanding loan balance and any accrued interest may be treated as a withdrawal prior to termination of employment subject to the

withdrawal provisions outlined in the Plan document and may be determined to be a fully taxable distribution from the Plan.

Note 3. Fair Value Measurement

We determine fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. We use a hierarchical structure to prioritize the inputs to valuation techniques used to measure fair value into three broad levels defined as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices (in non-active markets or in active markets for similar assets or liabilities), inputs other than quoted prices that are observable, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 inputs are unobservable inputs for the assets or liabilities.

The fair value hierarchy is based on maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. Classification within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement.

NAV Practical Expedient is the measurement of fair value using the NAV per share (or its equivalent) practical expedient as an alternative to the fair value hierarchy as discussed above.

The Plan's policy is to recognize significant transfers between levels at the beginning of the reporting period. There were no significant transfers between levels during 2016 and 2015.

The following are descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments:

- Cash and Cash Equivalents - Cash investments are deposits in an interest bearing account held temporarily until transactions are complete. Cash investments are classified within Level 1 of the fair value hierarchy.
- Mutual Funds - Mutual funds of registered investment companies are publicly traded in active markets and valued at the closing price reported on those major markets on the measurement date. Mutual funds are classified within Level 1 of the fair value hierarchy.
- Collective Trusts ("CTs") - CTs are valued at fair value at the Plan's year-end date using the NAV provided by the administrators of the CTs as a practical expedient. There are no unfunded commitments related to the CTs and investments in CTs can be redeemed on a daily basis. CTs are not classified in the fair value hierarchy.

While the Plan administrator believes that the valuation methods are appropriate and consistent with how other participants in the market value these types of investments, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

As described in Note 1, the Plan held no assets at December 31, 2016. There have been no changes in the methodologies used at December 31, 2015.

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value at December 31, 2015.

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	NAV Practical Expedient	Total
Cash and Cash equivalents	\$ 104,842	\$ —	\$ —	\$ —	\$ 104,842

Note 4. Information Certified by the Trustee

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements as of December 31, 2016 and 2015, and for the year ended December 31, 2016, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator (as defined by the Plan document) and certified as complete and accurate by the Trustee. This information has not been audited by independent accountants.

Note 5. Exempt Party-In-Interest Transactions

ERISA section 406(a) prohibits various types of transactions between a plan and parties in interest. Parties in interest are defined by the Department of Labor regulation as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. ERISA section 408(a) contains specific exemptions whereby plans may engage in certain transactions with parties in interest that are otherwise prohibited by law.

Notes receivable from participants qualify as exempt party-in-interest transactions and amounted to \$1,218,738 at December 31, 2015.

Note 6. Federal Income Tax Status

The Plan Sponsor adopted a standardized prototype plan, which received a letter from the Internal Revenue Service ("IRS") dated March 31, 2014 that the prototype plan is designed in accordance with applicable sections of the IRC. The Company believes that the Plan is currently being operated in accordance with the IRC. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 7. Subsequent Events

The Company has evaluated subsequent events for recognition and disclosure through September 21, 2017, which is the date the financial statements were available to be issued. No significant events were noted requiring recognition or disclosure in the financial statements.
