MATTERSIGHT CORPORATION 401(K) PLAN

Notes to Financial Statements

As of December 31, 2016 and 2015 and for the Year Ended December 31, 2016

NOTE 1 — Description of Plan

The following description of the Mattersight Corporation (the "Employer" or "Plan Sponsor") 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General — The Plan is a defined contribution plan covering all employees who are age twenty-one or older. Employees are eligible to participate on the first day of the month following their first day of employment. The Plan was established and is subject to the provisions of the Employee Retirement Income Security Act ("ERISA").

The Plan allows auto enrollment of non-participating employees after 90 days. If the employees do not opt out of the program within 90 days they are automatically enrolled with a 3% deferral of their salary. Employees that are automatically enrolled have their contributions invested in the Plan's qualified default investment alternative, an age-based asset allocation fund. An employee may elect out of the program at any time, as well as make changes to the level of contribution and investment fund option.

The Plan has a discretionary matching employer contribution. Matching employer contributions require Board of Director approval and may limit the matching employer contribution to a specific percentage, or limit the match amount to a specific dollar amount.

Contributions — For calendar year 2016, the maximum participant contribution rate is 30% of eligible compensation and up to 100% of bonus compensation, subject to the Internal Revenue Service ("IRS") annual limit of $18,000. Participants over the age of 50 are allowed to contribute up to an additional $6,000 for 2016, if they elected catch-up contributions. In addition, participants may rollover distributions from other qualified plans and individual retirement accounts into the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

For calendar year 2016 and 2015, the matching employer contribution was made at the rate of 25% of the amount a Plan participant contributed to the Plan, up to 6% of the participant's qualifying compensation (as defined in the Plan).

NOTE 1 — Description of Plan, continued

Participant Accounts — Each participant's account is credited with the participant's contribution, as directed by the participant; employer contributions, if any; and an allocation of Plan earnings. Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants — The Plan provides for participant loans of up to 50% of the participant's vested account balance up to a limit of $50,000. The minimum loan amount is $1,000. Such loans bear interest at a rate as determined under the provisions of the Plan and are stated at cost which approximates fair value. Participants may have only one loan outstanding at any time.

Repayments on the principal and interest of loans are made directly through bi-monthly payroll deductions. As of December 31, 2016 and 2015, participant notes receivable were $128,545 and $203,331, respectively, with a 6% interest rate.

Vesting — Employee contributions, rollover contributions, and Plan earnings for those contributions are 100% vested immediately upon entering the Plan. Employer contributions are 100% vested after three years of service.

Forfeitures — Participants forfeit the non-vested portion of the employer matching contributions upon the earlier of (a) the distribution of the vested portion of their accounts, or (b) if a distribution is not received, after the participant incurs five consecutive one year breaks in service. Forfeiture funds may be used to pay administrative expenses of the Plan or applied to reduce future employer contributions. At December 31, 2016, forfeited funds totaled $18,763, net of $42,625 to pay administrative fees during the year. At December 31, 2015, forfeited funds totaled $19,958, net of $76,978 and $44,914 of forfeited funds used to pay employer matching contributions and administrative fees during the year.

Payment of Benefits — A participant in the Plan may elect to receive a distribution of vested benefits from the Plan in the following events: termination of service, death, disability, or retirement from Mattersight Corporation. The normal form of benefit for individuals is a lump sum distribution, but those individuals may also elect installment distributions.

Administrative Expenses — Administrative expenses are currently being paid from the forfeiture account. The plan sponsor pays expenses that exceed the available funds in the forfeiture account.

NOTE 2 — Significant Accounting Policies

Basis of Accounting — The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Investment Valuation and Income Recognition — Investments are reported at fair value (except for fully benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's Advisory Committee determines the plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance companies. See Note 4 for discussion of fair value measurements.

The plan invests in a common/collective trust fund that determines its fair value using the net asset value (NAV) of the funds. The NAV is determined by each fund’s trustee using the fair value of the underlying securities within the fund at year end.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Use of Estimates — The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Payment of Benefits — Benefits are recorded when paid.

NOTE 2 — Significant Accounting Policies, continued

Recent Accounting Pronouncements — In June 2015, the Financial Accounting Standards Board ("FASB") issued ASU No. 2015-10, Technical Corrections and Improvements. ASU 2015-10 amends a wide range of Accounting Standards Codification topics to make clarifying changes, correct unintended application of guidance and make minor changes that are not expected to have a significant effect on current accounting practice or create a significant administrative cost on most entities. As part of this amendment, the FASB changed the definition of Readily Determinable Fair Value. This change was effective upon issuance. The adoption of ASU 2015-10 has been applied to the financial statements and related disclosures.

In May 2015, the FASB issued Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820)* that eliminates the requirement to categorize within the fair value hierarchy investments for which fair value is measured at the net asset value per share using the practical expedient. The provisions of this guidance were adopted as of December 31, 2016 and applied retrospectively, as required.

In July 2015, the FASB issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient* ("ASU 2015-12"). The accounting guidance is a three-part standard that: (1) requires the use of contract value as the only measurement for fully benefit-responsive investment contracts; (2) eliminates the requirements to disclose investments which comprise 5% or more of total net assets available for benefits, the disclosure to disaggregate investments by nature, characteristics, and risks, as well as the net appreciation or depreciation of fair values by type and (3) allows the election of the measurement-date practical expedient which is not applicable to the Plan. The provisions of this guidance were adopted as of December 31, 2016 and applied retrospectively, as required. Upon adoption of the accounting guidance, $19,942 related to the adjustment from fair value to contract value for fully benefit-responsive common collective trust funds was reclassified within the statement of net assets available for benefits as of December 31, 2015. There were no other impacts on the statements of net assets available for benefits as of December 31, 2016 and 2015 and the statement of changes in net assets available for benefits for the year ended December 31, 2016.

NOTE 3 — Information Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2016 and 2015. Accordingly, Fidelity Management Trust Company, the trustee of the plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015 and the supplemental schedules, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) and Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions as of December 31, 2016, and the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the year ended December 31, 2016.

NOTE 4 — Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

NOTE 4 — Fair Value Measurements, continued

Following is a description of the valuation methodologies used for the plan's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

The mutual funds are valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission, which are actively traded on an open market. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The collective trust funds is valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan’s assets at fair value as of December 31, 2016 and 2015:

	December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$31,131,101	$ -	$ -	$31,131,101
Total Assets in the Fair Value Hierarchy	$31,131,101	$ -	$ -	31,131,101
Investments measured at net asset value (a)				2,724,696
Investments at Fair Value				$33,855,797

NOTE 4 — Fair Value Measurements, continued

	December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$29,685,572	$ -	$ -	$29,685,572
Total Assets in the Fair Value Hierarchy	$29,685,572	$ -	$ -	29,685,572
Investments measured at net asset value (a)				2,920,156
Investments at Fair Value				$32,605,728

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2016 and 2015, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2016			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common Collective trust fund	$ 2,724,696	N/A	Daily	12 months

	December 31, 2015			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common Collective trust fund	$ 2,920,156	N/A	Daily	12 months

NOTE 5 — Plan Termination

Although it has not expressed any intent to do so, Mattersight has the right to terminate the Plan with the approval of Mattersight's Board of Directors, subject to the provisions of ERISA in whole or in part at any time upon giving written notice to all parties concerned. In the event of Plan termination, each participant is 100% vested.

NOTE 6 — Parties in Interest

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Plan fees for the investment management services amounted to $43,063 for the year ended December 31, 2016.

NOTE 7 — Amount Owed to Participants Withdrawing from the Plan

There were no amounts included in the Statements of Net Assets Available for Benefits at December 31, 2016 and 2015 that were allocated to the accounts of persons who, as of or prior to that date, had withdrawn from participating in the earnings and operations of the plan.

NOTE 8 — Income Tax Status

The plan administrator received a favorable determination letter dated March 31, 2014 from the IRS regarding the qualified status of the Plan. The Plan has been amended since receiving the determination letter; however, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administrator believes that the plan was qualified and the related trust was tax-exempt at the financial statement date.

Participants in the Plan are not subject to income taxes on salary reduction contributions or earnings thereon until they receive distributions from the plan.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

As of December 31, 2016 and 2015 and for the Year Ended December 31, 2016

NOTE 11 – Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits. Participants should refer to investment options and related risk materials provided by the trustee for more information.

NOTE 12 – Prohibited Transactions

During the plan year ended December 31, 2016 there were two instances of late remittances of $86,805 and $97,695 of employee deferrals which constituted prohibited transactions. The plan took appropriate action to correct these transactions.
