UST GLOBAL INC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2016 and 2015

NOTE 1: DESCRIPTION OF THE PLAN

Effective January 1, 2004, UST Global Inc (the "Company") adopted a 401(k) plan known as the US Technology Resources, LLC 401(k) Plan (the "Plan"). As of January 1, 2008, the plan name was changed to UST Global Inc 401(k) Plan. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, covering all employees the month following 30 days of service who have attained age 21. All eligible employees are automatically enrolled to contribute 3% of compensation 45 days after joining the Company. The Company and Plan trustees administer the Plan. The Plan is designed to comply with Section 401(a) of the Internal Revenue Code as a defined contribution plan and its incorporated Trust is intended to qualify as a tax-exempt trust under Section 501(a) of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Custodian and Recordkeeper

John Hancock Life Insurance Company (John Hancock) is the trustee, custodian and recordkeeper of the Plan. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock.

Contributions

Each employee who actively participates in the Plan may elect to contribute up to 100 percent of his/her salary up to the maximum contribution amount permitted under the Plan. The Company may, though not required to do so, make a discretionary matching contribution to all eligible participants. The maximum participant elective contribution for the years ended December 31, 2016 and 2015 was $18,000 ($24,000 for those participants 50 and over). Employer discretionary contributions were not made to the Plan for the periods ending December 31, 2016 and 2015.

NOTE 1: DESCRIPTION OF THE PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of plan earnings, and charged with an allocation of certain expenses. Allocations are based on account balances.

Vesting

Participants are vested immediately in their own contributions plus active earnings thereon. Vesting in the Company's discretionary contributions, when applicable, is based on years of service. A year of service is defined as twelve months of service.

The following schedule describes the vesting percentages for participants as of December 31, 2016 and 2015.

Years of Service	Vested Benefit Percentage
Less than 1	0 %
1 to 2	25 %
2 to 3	50 %
3 to 4	75 %
4 or more	100 %

Payment of Benefits

Upon termination of service a participant with benefits of over $5,000 may elect to defer distribution until age 70 1/2 or receive a lump sum payment equal to the vested share of the participant's account. In service distributions are permitted after age 59 1/2 and for certain financial hardships. Benefits can also be accessed in the event of disability or death.

Forfeitures

Forfeitures of non-vested accounts are used to reduce future employer contributions. There were no forfeitures in 2016 or 2015.

NOTE 1: DESCRIPTION OF THE PLAN (continued)

Notes Receivable From Participants

Participants may borrow a minimum of $500 and a maximum of $50,000 up to 50% of their employee deferral account balance. The interest rate will be equal to the prime rate plus two percent. Loans will be repaid through payroll deductions over a period not to exceed 5 years, unless the loan is for the purchase of a personal residence. Participant loans in the amount of $305,154 at December 31, 2016 and $288,250 at December 31, 2015 are included in the accompanying financial statements under the caption "Notes receivable from participants". The interest rate on outstanding loans at December 31, 2016 was 4.25%.

Notes receivables from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are presented on the accrual basis of accounting.

Payment of Benefits

Benefits are reported when paid.

Subsequent Events

Subsequent events were evaluated through October 11, 2017, which is the date the financial statements were available to be issued.

Notes Receivable from Participants

Principal and interest payments are made through payroll deductions. Loans that are considered uncollectable are treated as deemed distributions and therefore there is no allowance for uncollectable loans.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America may require the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Plan investments are included in the accompanying financial statements at fair value as determined by quoted prices in active markets. The fair value of participant loans is equal to the amortized cost of loans because the loans are secured by each respective participant's account balance. Interest is recorded on the accrual basis and is recorded in the investment value. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

Contributions

Contributions include all participant elective deferrals contributed and rollover contributions through year-end.

Amounts Due Terminated Participants

Amounts due to terminated participants, if any, are included in net assets available for plan benefits.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Administrative and other expenses are recorded as incurred.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

New Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* ASU 2015-07 removes the requirement to categorize within the fair asset value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-07 became effective for fiscal years beginning December 15, 2016, and interim periods within those fiscal years. Management elected to adopt ASU 2015-07 as of and for the year ending December 31, 2016. Accordingly, net investments measured using the net asset value per share practical expedient have not been categorized within the fair value hierarchy. The amendment has been applied retrospectively to all periods presented.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure of fully benefit-responsive contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type; Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of Plan asset. Part III is not applicable to the plan. ASU 2015-12 became effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at measurement date

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 – Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled separate account funds: Pooled separate accounts are investments in mutual funds. The fair value of the mutual funds are publicly quoted pricing inputs used in determining the net asset value (NAV) of the pooled separate accounts, which are not publicly quoted. Accounting Standards Codification 820 allows NAV per share to serve as the practical expedient to estimate the fair value as long as certain requirements are met, which these investments meet.

Stable value collective investment trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the stable value collective investment trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the fund would sell the investment for an amount different from the reported NAV.

For pooled separate account funds and the stable value collective investment trust, participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of these investments, the investment advisor reserves the right to require up to 90 days notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The Plan has no contractual obligations to further invest in any of these accounts.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lower level of any input that is significant to the fair value measurement.

	Assets at Fair Value 2016			
	Level 1	Level 2	Level 3	Total
Interest Bearing Cash	$ 36,519	$ -	$ -	$ 36,519
Investments measured at net asset value (a)	-	-	-	19,461,063
Total investments at fair value	$ 36,519	$ -	$ -	$ 19,497,582

	Assets at Fair Value 2015			
	Level 1	Level 2	Level 3	Total
Interest Bearing Cash	$ 33,082	$ -	$ -	$ 33,082
Investments measured at net asset value (a)	-	-	-	17,463,115
Total investments at fair value	$ 33,082	$ -	$ -	$ 17,496,197

(a) In accordance with *Subtopic 820-10, Fair Value Measurement, Overall,* certain investments that were measured at NAV per share, using the practical expedient, have not been classified in the fair value hierarchy. The fair value amounts, presented in this table are to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 3: FAIR VALUE MEASUREMENTS (continued)

Investments Measured Using the Net Asset per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016 and 2015, respectively. There are no participant redemption restrictions for these investments, the redemption notice period is applicable only to the Plan.

December 31, 2016	Fair Value	Unfunded Commitments	Participant Redemption Frequency (If Currently Eligible)	Plan Redemption Notice Period
Pooled separate accounts funds	$19,078,398	n/a	Daily	Up to 90 Days
Common collective value funds	382,665	n/a	Daily	Up to 90 Days
Total	$19,461,063			

December 31, 2015	Fair Value	Unfunded Commitments	Participant Redemption Frequency (If Currently Eligible)	Plan Redemption Notice Period
Pooled separate accounts funds	$ 16,850,166	n/a	Daily	Up to 90 Days
Common collective value funds	612,949	n/a	Daily	Up to 90 Days
Total	$ 17,463,115			

NOTE 4: INVESTMENTS

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers stock and bond mutual funds, common and collective index and value funds and interest bearing accounts. John Hancock Life Insurance Company holds the Plan's investments, executes the Plan's investment transactions and provides a certification that the information provided is complete and accurate. The Plan's investments in mutual funds (including dividends reinvested, gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,172,377 in 2016 and depreciated in value by $127,192 in 2015.

NOTE 5: PLAN TERMINATION

Although the Company has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event of termination, participants remain fully vested in their accounts.

NOTE 6: TAX STATUS

The trust established under the Plan to hold the Plan's assets is designed to qualify pursuant to Section 501(a) of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted a standardized 401(k) plan approved by the Internal Revenue Service.

NOTE 7: RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $13,549 and $12,790 for the years ended December 31, 2016 and 2015. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 8: RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors could materially affect investment balances and the amounts reported in the financial statements. Additionally, many mutual funds invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than similar types of securities of comparable U.S, companies.

UST GLOBAL INC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2016 and 2015

NOTE 1: DESCRIPTION OF THE PLAN

Effective January 1, 2004, UST Global Inc (the "Company") adopted a 401(k) plan known as the US Technology Resources, LLC 401(k) Plan (the "Plan"). As of January 1, 2008, the plan name was changed to UST Global Inc 401(k) Plan. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, covering all employees the month following 30 days of service who have attained age 21. All eligible employees are automatically enrolled to contribute 3% of compensation 45 days after joining the Company. The Company and Plan trustees administer the Plan. The Plan is designed to comply with Section 401(a) of the Internal Revenue Code as a defined contribution plan and its incorporated Trust is intended to qualify as a tax-exempt trust under Section 501(a) of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Custodian and Recordkeeper

John Hancock Life Insurance Company (John Hancock) is the trustee, custodian and recordkeeper of the Plan. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock.

Contributions

Each employee who actively participates in the Plan may elect to contribute up to 100 percent of his/her salary up to the maximum contribution amount permitted under the Plan. The Company may, though not required to do so, make a discretionary matching contribution to all eligible participants. The maximum participant elective contribution for the years ended December 31, 2016 and 2015 was $18,000 ($24,000 for those participants 50 and over). Employer discretionary contributions were not made to the Plan for the periods ending December 31, 2016 and 2015.

NOTE 1: DESCRIPTION OF THE PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of plan earnings, and charged with an allocation of certain expenses. Allocations are based on account balances.

Vesting

Participants are vested immediately in their own contributions plus active earnings thereon. Vesting in the Company's discretionary contributions, when applicable, is based on years of service. A year of service is defined as twelve months of service.

The following schedule describes the vesting percentages for participants as of December 31, 2016 and 2015.

Years of Service	Vested Benefit Percentage
Less than 1	0 %
1 to 2	25 %
2 to 3	50 %
3 to 4	75 %
4 or more	100 %

Payment of Benefits

Upon termination of service a participant with benefits of over $5,000 may elect to defer distribution until age 70 1/2 or receive a lump sum payment equal to the vested share of the participant's account. In service distributions are permitted after age 59 1/2 and for certain financial hardships. Benefits can also be accessed in the event of disability or death.

Forfeitures

Forfeitures of non-vested accounts are used to reduce future employer contributions. There were no forfeitures in 2016 or 2015.

NOTE 1: DESCRIPTION OF THE PLAN (continued)

Notes Receivable From Participants

Participants may borrow a minimum of $500 and a maximum of $50,000 up to 50% of their employee deferral account balance. The interest rate will be equal to the prime rate plus two percent. Loans will be repaid through payroll deductions over a period not to exceed 5 years, unless the loan is for the purchase of a personal residence. Participant loans in the amount of $305,154 at December 31, 2016 and $288,250 at December 31, 2015 are included in the accompanying financial statements under the caption "Notes receivable from participants". The interest rate on outstanding loans at December 31, 2016 was 4.25%.

Notes receivables from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are presented on the accrual basis of accounting.

Payment of Benefits

Benefits are reported when paid.

Subsequent Events

Subsequent events were evaluated through October 11, 2017, which is the date the financial statements were available to be issued.

Notes Receivable from Participants

Principal and interest payments are made through payroll deductions. Loans that are considered uncollectable are treated as deemed distributions and therefore there is no allowance for uncollectable loans.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America may require the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Plan investments are included in the accompanying financial statements at fair value as determined by quoted prices in active markets. The fair value of participant loans is equal to the amortized cost of loans because the loans are secured by each respective participant's account balance. Interest is recorded on the accrual basis and is recorded in the investment value. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

Contributions

Contributions include all participant elective deferrals contributed and rollover contributions through year-end.

Amounts Due Terminated Participants

Amounts due to terminated participants, if any, are included in net assets available for plan benefits.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Administrative and other expenses are recorded as incurred.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

New Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* ASU 2015-07 removes the requirement to categorize within the fair asset value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-07 became effective for fiscal years beginning December 15, 2016, and interim periods within those fiscal years. Management elected to adopt ASU 2015-07 as of and for the year ending December 31, 2016. Accordingly, net investments measured using the net asset value per share practical expedient have not been categorized within the fair value hierarchy. The amendment has been applied retrospectively to all periods presented.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure of fully benefit-responsive contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type; Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of Plan asset. Part III is not applicable to the plan. ASU 2015-12 became effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at measurement date

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 – Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled separate account funds: Pooled separate accounts are investments in mutual funds. The fair value of the mutual funds are publicly quoted pricing inputs used in determining the net asset value (NAV) of the pooled separate accounts, which are not publicly quoted. Accounting Standards Codification 820 allows NAV per share to serve as the practical expedient to estimate the fair value as long as certain requirements are met, which these investments meet.

Stable value collective investment trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the stable value collective investment trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the fund would sell the investment for an amount different from the reported NAV.

For pooled separate account funds and the stable value collective investment trust, participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of these investments, the investment advisor reserves the right to require up to 90 days notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The Plan has no contractual obligations to further invest in any of these accounts.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lower level of any input that is significant to the fair value measurement.

	Assets at Fair Value 2016			
	Level 1	Level 2	Level 3	Total
Interest Bearing Cash	$ 36,519	$ -	$ -	$ 36,519
Investments measured at net asset value (a)	-	-	-	19,461,063
Total investments at fair value	$ 36,519	$ -	$ -	$ 19,497,582

	Assets at Fair Value 2015			
	Level 1	Level 2	Level 3	Total
Interest Bearing Cash	$ 33,082	$ -	$ -	$ 33,082
Investments measured at net asset value (a)	-	-	-	17,463,115
Total investments at fair value	$ 33,082	$ -	$ -	$ 17,496,197

(a) In accordance with *Subtopic 820-10, Fair Value Measurement, Overall,* certain investments that were measured at NAV per share, using the practical expedient, have not been classified in the fair value hierarchy. The fair value amounts, presented in this table are to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 3: FAIR VALUE MEASUREMENTS (continued)

Investments Measured Using the Net Asset per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016 and 2015, respectively. There are no participant redemption restrictions for these investments, the redemption notice period is applicable only to the Plan.

December 31, 2016	Fair Value	Unfunded Commitments	Participant Redemption Frequency (If Currently Eligible)	Plan Redemption Notice Period

NOTE 4: INVESTMENTS

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers stock and bond mutual funds, common and collective index and value funds and interest bearing accounts. John Hancock Life Insurance Company holds the Plan's investments, executes the Plan's investment transactions and provides a certification that the information provided is complete and accurate. The Plan's investments in mutual funds (including dividends reinvested, gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,172,377 in 2016 and depreciated in value by $127,192 in 2015.

NOTE 5: PLAN TERMINATION

Although the Company has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event of termination, participants remain fully vested in their accounts.

NOTE 6: TAX STATUS

The trust established under the Plan to hold the Plan's assets is designed to qualify pursuant to Section 501(a) of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted a standardized 401(k) plan approved by the Internal Revenue Service.

NOTE 7: RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $13,549 and $12,790 for the years ended December 31, 2016 and 2015. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 8: RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors could materially affect investment balances and the amounts reported in the financial statements. Additionally, many mutual funds invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than similar types of securities of comparable U.S, companies.
