INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Senior Resource Connection Retirement Plan

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of Senior Resource Connection Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting my audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Mid Atlantic Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2016, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SENIOR RESOURCE CONNECTION RETIREMENT PLAN

Notes to Financial Statements

Years Ended December 31, 2016 and 2015

1. DESCRIPTION OF THE PLAN:

The following brief description of the Senior Resource Connection Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution plan with a profit sharing provision. Employees of Senior Resource Connection (the "Sponsor"), are eligible for entry into the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility—Participants may enter the Plan after completing 1,000 hours of service within the twelve months following their date of hire. If a participant does not complete the 1,000 hours within the specified time period, the participant will be subject to a one year service requirement.

Contributions—Participants may contribute a portion of their compensation, subject to certain Internal Revenue Service ("IRS") limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants are also permitted to make rollover contributions to the Plan of distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Sponsor may also make discretionary matching contributions and profit sharing contributions to the Plan. The Sponsor did not elect to make either matching or discretionary profit sharing contributions during 2016 and 2015.

Participant accounts—Each participant account is credited with the participant's contribution, related matching or other employer non-elective contributions, if any, and allocations of the Plan earnings and administrative expenses. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Vesting—Participants are immediately vested in their contributions plus earnings thereon. A participant is vested in the employer contribution component of their account (and earnings thereon) after completion of 1,000 hours and three years of service.

Forfeitures—Sponsor contributions are forfeited should a participant terminate employment prior to becoming fully vested. Forfeited amounts are first used to reduce administrative expenses and any remaining forfeitures are used to Sponsor contributions. At December 31, 2016 and 2015, there were no forfeited nonvested accounts. These accounts can be used to offset administrative expenses or Sponsor contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan:

Basis of accounting—The financial statements of the Plan are prepared using the accrual method of accounting.

Asset valuation and income recognition—Assets are valued at fair value. Fair value is reported by Mid Atlantic Trust Company, the custodian, based on the market value of underlying securities. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Net appreciation/depreciation in the fair value of assets represents net realized gains/losses on assets sold during the year and net unrealized gains/losses on assets held at the end of the year. These assets, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain assets, it is reasonably possible that changes in the values of investment securities will occur in the near term and, that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

A participant may direct the investment of the portion of their account attributable to deferral and matching contributions. Eleven funds are available, which include equity and balanced funds. Participants may change their investment options at any time.

The individual investments that represent five percent or more of the plan's assets as of December 31, 2016 are as follows:

Reliance Trust Stable Value Fd – MetLife Series 25053 Class 0	\$ 92,503
Vanguard Target Retirement 2020 Fund Investor Shares	\$ 42,026
Vanguard Target Retirement 2030 Fund Investor Shares	\$ 89,779
Brinker Capital Conservative ETF Fund	\$ 81,147

During the year ended December 31, 2016, the Plan's assets (including those bought, sold, and held during the period) appreciated by \$23,253. During the year ended December 31, 2015, the Plan's assets (including those bought, sold, and held during the period) depreciated by (\$4,887).

Withdrawals and payment of benefits—Withdrawals and benefits are recorded upon distribution.

Administrative expenses—The Sponsor pays all administrative expenses for the Plan, except for transaction fees charged to participant accounts and administrative expenses paid from available forfeited funds.

Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent events—The Sponsor evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements considered events through October 12, 2017, the date on which the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE CUSTODIAN:

All financial data related to investments used in the preparation of the statements of net assets available for benefits, statements of changes in net assets available for benefits and supplemental schedule of assets (held at end of year) have been certified as to accuracy and completeness by the Plan's custodian, Mid Atlantic Trust Company.

4. TAX STATUS:

The Sponsor adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement which received a favorable opinion letter from the IRS dated March 31, 2008. While the Sponsor has not obtained its own determination letter on the Plan, management believes that the Plan currently is designed and being operating in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

With few exceptions, the Plan's federal information returns are no longer subject to examination by the Internal Revenue Service for the years before 2013.

5. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all benefits will be distributed to participants and beneficiaries in proportion to their respective account balances.

6. RELATED-PARTY TRANSACTIONS:

Certain plan investments are units of exchange traded funds managed by Mid Atlantic Trust Company, which is the custodian as defined by the Plan and, therefore, these transactions qualified as party-in-interest transactions.

7. FAIR VALUE MEASUREMENTS:

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair value.

The accounting standard defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. This standard also requires the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumption that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumption market participants would use in pricing the asset or liability based on market data obtained from independent sources, or unobservable, meaning those that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability based on the best information available in the circumstances. In that regard, a fair value hierarchy has been established for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and lowest priority to unobservable inputs. The fair value hierarchy is as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that an entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than the Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect an entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Assets measured at fair value on a recurring basis: The following table summarizes assets measured at fair value on a recurring basis as of December 31, 2016 and 2015, segregated by the level of the valuation inputs within the fair value hierarchy utilized to measure fair value:
